HANG IN TWO WEEKS.

The Negro Brodie Sentenced at Henderson.

Only Out two Minutes. The Jury Was a Mixed One. Satisfaction Over the Verdict and the Speedy Termination of the Trial.

Special to Journal. RALEIGH, N. C., August 17.—George E. Brodie, the negro rapist, was sentenced to be hanged at Henderson on September the first.

There were no speeches made by the counsel on either side. The jury was out only two minutes. It was composed of nine whites and three negroes. There is great satisfaction felt at the speedy trial and conviction.

THE ANARCHIST SENTENCED.

The Murderer of Canovas Tried and he Will Die by The Spanish Garrote.

MADRID, August 16.—Michael Golli, the anarchist assassin of Premier Canovas De Castillo, was tried by court-martial yesterday at Vergara, and was found guilty and sentenced to death.

Upon hearing the sentence Golli turned deathly pale, and had to be assisted from the court room.

Angolillo, alias Golli, will be garroted within prison. But two hundred persons were present at the trial. The vicinity of the prison was almost deserted, the public being apparently indifferent, in view of the certainty that the death penalty would follow.

The Hum of Industry.

FALL RIVER, Mass., August 16.—Most of the cotton mills which have been stopped temporarily started on full time today. The improved condition of the cloth market and the reported advancement of the cotton crops served to restore in a measure, confidence among the manufacturers.

PROVIDENCE, R. I., August 16.—The Lonsdale Company's cotton mills started today after a week's shut down, giving employment to about 5,000 operatives.

It is stated here that the demand for woolen and cotton goods is on the increase.

LAURENS, Mass., August 16.—The repairs in progress at the Methuen Cotton Mills at Methuen are being pushed forward rapidly and it is said that operations will be resumed in some of the departments next Monday.

SALEM, Mass., August 16.—The Naumkeag Steam Cotton Mills resumed operations. The Mills will run forty-two hours a week at the present, but will run on a full-time schedule before long if the market is satisfactory. The plant employs 1,400 people.

CHESTER, Pa., August 16.—The employees of George O. Heltzel & Co., manufacturers of worsted goods, have been notified that the wages paid in 1897 will be restored on September 6th next. The notice was a surprise, as a restoration was granted without solicitation on the part of the lands. Since 1892 two reductions of wages have been made, aggregating about 30 per cent., and until three weeks ago the mill has been running on half time.

Field Breaks the Record.

WASHINGTON, August 16.—Justice Stephen J. Field, of the United States Supreme Court, today established the record for longest service on that bench. Until today, the service of Chief Justice John Marshall had been the longest in the history of the court, covering thirty-four years. With today Justice Field's service exceeds that of Marshall.

He was appointed in 1863 by President Lincoln, and is now in his eighty-first year, a ho and hearty, of strong mental, but feeble body. He has reached the age of retirement, but prefers to remain in active service on the bench, and at the Supreme Court rooms it is said there is no present intention that he will retire.

TAKEN TO HENDERSON.

Brodie Safe in Jail. Ten Inch Guns Delivered. Swamp Land Cannot be Sold Yet.

RALEIGH, N. C., August 17.—The negro George Brodie, under arrest for assault, was taken from jail here by the sheriff and deputies and a military guard to Henderson and there turned over to the sheriff and the local military. He was badly scared. People on the line in Franklin and Vance had planned to lynch him. They expected him to pass in the morning. They also watched the early train but found on board the Governor's Guard going to camp at Ocean View.

The Railway Commission fixed the ten word message rate for Western Union telegrams in this State at fifteen cents. The company excepted. The case was set for today, but the company got a restraining order from Judge Simonton last Saturday, and now the matter comes up in the Federal Court at Wilmington next month. This action was predicted.

The company had several grounds for asking for the order.

Rain last night and yesterday has been of marked benefit to the crops.

Three ten-inch guns for Fort Caswell, or rather for the emplacement near there were delivered today.

Governor Russell says Solicitor Jones is looking after the cases against the Buncombe lynchings who swung up Bob Brackett.

Pullman-Car Conductor Boswell, of Virginia, who was three weeks ago taken to the Rex Hospital here with typhoid fever, is well and will be out to-morrow. The success in handling this fever here is remarkable. There has not been a death since.

It is said that Senator Butler has arranged that State Senator Moye, of Pitt, shall be the Populist nominee for Congress. This is to knock out Harry Skinner, whom Butler detests.

The State swamp lands cannot be sold this year, it is found, as a Wilmington syndicate has an option on nearly all. There are some 600,000 acres.

Official returns of taxable values from seventy counties so far received show an increase of \$1,124,345 over last year. Rockingham leads the increase with \$485,000.

DEATH AHEAD.

Klondike Miners Throw Away Their Packs and Rush for the Mines.

WASHINGTON, August 16.—William J. Jones, United States Commissioner to Alaska, assigned to St. Michael, just sent to the Interior Department the following report on the gold, in a letter dated at Dyea, Alaska, August 4th: "There are nearly 1,800 people in Dyea and Skagway routes and both trails are blocked. "People are throwing away their packs and provisions and rushing headlong to the mines. "Great distress, hardship and suffering and possible death from hunger and exposure is sure to follow this winter, an opinion that is entertained by all old Alaska prospectors, who have visited that part of the world in late years."

It's Healthful

But

It's awfully hard on velvet skins. A beautiful skin is a maiden's most valuable possession. We keep all the helps to beauty. Powder—pinks—lotions for sunburn and freckles—everything a girl could possibly need to make her prettier—in just now—when these helps are needed most, the prices are the smallest.

Sticks to Britain.

LONDON, August 16.—Louis H. Davies, Canadian minister to marine and fisheries, addressing the London Chamber of Commerce today, said that every vestige of feeling in favor of Canada's union with the United States had long disappeared in his country. Canada, he added, had nothing to gain by such a union.

He warned intending emigrants against the tremendous difficulties of the Klondike, saying they would go there at their own risk, and that the Canadian government had not advised it. Hundreds and thousands, he insisted, were going ill-provided with money or supplies, and they would die in the passes before reaching the Klondike. Mr. Davis also said that a reaction was certain to follow and that Canada would be blamed for it.
