JOURNAL BUREAU,
RALEIGH, N. C., Aug. 19.

There has been, for over a year, quite a good deal said about the "Sanctificationists" and their mode of work down in the Eastern part of the State, and finally the Governor notified the solicitor of that district to prosecute the leaders.

Solicitor Leary of the 1st district now informs the governor that he cannot prosecute because he cannot secure sworn evidence sustaining charges against these people who it is said are living so lawless and immoral lives.

The outlook for the Agricultural and Mechanical college next session is very encouraging. The canvassers for the college say the prospect is for fully 400 students on the roll.

Raleigh is soon to be connected with New York, Philadelphia and other northern cities by the long distance telephone.

It is said that there are 600 men at work on the line. It will be connected with the plant of the Bell Telephone here and it will be in operation by Dec. 1st it is thought.

On the 24th there will be held at Durham the annual meeting of the N. C. Liquor Dealers, Distillers and Grape Growers association.

Tomorrow there is to be a Basket Picnic for the farmers, given at the Agricultural and Mechanical college grounds. Governor Russell will address the crowd. It is hoped his speech will be more appropriate than the one he delivered before the graduating class of the college in June last.

The official report of the Labor Bureau shows 220 cotton, silk, and woolen mills in the State. Eight of these have sent in no reports as yet, but in 212 there are 981,470 spindles and 23,407 looms. Last year there were only 188 mills in the State.

At the examination for the Peabody scholarships, (four of which fell to North Carolina this year, the following were the fortunate ones: W. M. Sencil, Jacksonville; J. V. Simms, Hillsboro; Miss Blanche Duprey, Davidson; Miss Emma Conn, Raleigh.

The meeting of the Board of Trustees of the penitentiary yesterday was not the very quietest. As stated yesterday Superintendent Smith was not in favor of yet turning out all the Democrats, who still hold office, but the board soon brought him to terms. It was said if he did not submit to the dictative of the board, that they would make charges against him to the Governor, and ask him to remove the Superintendent and that the Governor could do nothing else but remove him, so the law was laid down by the board that all the places held by Democrats were declared vacant after September 1st. There are about 50 of these places, and of course there was a swarm of office seekers and their friends here to secure jobs. The Superintendent made a fight against putting in 50 incompetent men, at one time—said he was putting in Republicans and Populists as fast as he could, and to put in so many new hands at once would swamp the penitentiary. He was not listened to, and the result will be told in a later chapter. The Superintendent reported that on April 1st, 1897—there was on hand money to the amount of \$20,674.40. Bills due amounting to \$14,033.47, leaving a balance of \$6,640.93. He gave a full report of all he had done since he took charge and thanked the retained officials (Democrats) for their valuable aid to him in his new duties.

The people at Southern Pines have about ceased to fight the turning of cattle loose on the streets. The natives there now hold up every new town officer that is sworn in and make him take oath at the point of the pistol to resign.

The North Carolina Colored Fair will open here November 2nd.

Cotton is shedding its leaves badly in this section, and this will reduce the crop. The crop is so heavy it will hardly all ripen any way.

The State Board of Equalization finds that it is not necessary to make any changes in tax valuations in Wake county. Mecklenburg nor New Hanover counties sent any report to the board so subpoenas have been issued for the sheriffs of those counties to appear before the board in 3 days. There are no changes to be made in the valuations of Union, Warren, Randolph, Richmond, Rockingham, Harnett, Gaston and Cleveland.

The R. R. Commission has sent to the U. S. Circuit Court clerk its records in the reduction of Western Union Telegraph rates.

It is reported that from McDowell

county 59 lbs of gold was taken to the mint at Charlotte and valued at \$14,300.

Senator Butler's paper, The Caucasian, today prints resolutions passed in several counties denouncing their representatives who voted for Pritchard. Butler says editorially: "Let every other county where there is a traitor on the executive committee take the same action."

Bomb Exploded in Paris.

PARIS, August 18.—The departure of President Faure from this city today was marked by a scene of the greatest excitement, accompanied by the circulation of wild rumors. After his departure a bomb exploded along the route the President had followed, and although no damage was done and nobody was hurt, the most intense excitement prevailed a long time afterward, and sensational reports had it that those who exploded the bomb intended an outrage of a more serious nature.

Armenians Use Bombs.

CONSTANTINOPLE, August 18.—The city is almost in a panic to-night over the news of bomb explosions at three different points. The explosions are attributed to the Armenians.

At 3 o'clock a bomb was thrown just outside the police headquarters in the Pera district. It failed to explode. Almost at the same moment an Armenian was arrested at the Imperial Ottoman Bank in the Galata district. He was carrying a package of explosives which he was trying to ignite.

A second bomb was exploded in a private road between the offices of the Grand Vizier and State Council House. One man was killed and several others were severely injured. The explosion shattered windows in the vicinity and did other slight damage. The police have made a number of arrests. Reports of the outrages spread quickly through the city and caused the greatest excitement.

The True Remedy.

W. M. Kepine, editor, Tuskila, Ill., "Chief," says: "We won't keep house without Dr. King's new discovery for consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's new discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for coughs, colds, whooping cough, etc. It is able to experiment with other remedies, even if they are urged on you as just as good as Dr. King's new discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at F. S. Duffy's drug store."
