DESPOTIC RUSSELL.

Claims Power to Remove
Railroad Commissioners.

"Me too" Marion Butler Sides with
Governor. Brodie to Hang. C.
F. & Y. V. Case. Board Edu-
cation Meets. Tobacco
Injured. Labor Day.

JOURNAL BUREAU,
RALEIGH, N. C., August 26.

Governor Russell on yesterday took
charge of the Railroad Commissioners to
the extent that he writes Major J. W.
Wilson, chairman of the Commissioners
(Democrats) and to Commissioner S. O.
Wilson (Populist) calling them to show
cause in writing, before September 1,
why they should not be removed from
office. The letter states that he (Russell)
has the power to remove from office any
Railroad Commissioner who shall be the
holder of "any stock or bond of any rail-
road company, or be the agent or em-
ployee of any such company, or in case
any one of them shall be disqualified to
act." The Governor then gives out the
same old story of the joint ownership of
Col. A. B. Andrews and Major Wilson of
Round Knob Hotel, and of Mr. S. O. Wilson
as manager.

Senator Butler says of this matter
that the Governor has done exactly
right. That these two commissioners
use force and ask for passes for
themselves. He ends his comments
by saying that his editorial is one of the
most painful duties he ever had to per-
form. Both Maj. Wilson and Mr. S. O.
Wilson are out of the city—so that they
have not as yet been heard from.

Brodie, who is to be hung on Wed-
nesday at Henderson, for assault has
written to the Governor for mercy—but
of course no mercy will be shown him.
Judge Simonton U. S. Judge has de-
cided to hear the Cape Fear and Yadkin
Valley R. R. case at Asheville September
2nd.

Secretary of State Thompson has
found a very valuable book containing a
complete record of all meetings of the
Comptroller in Pasquotank county from
May 1699 to October 1785. The book has
1,600 pages. It will be rebound and sent
to the State Library.

Private Secretary Alexander of the
Executive office will probably resign the
position and settle in Winston as law
partner of District Attorney Holton.

Professor J. J. Britt who was recently
elected assistant professor of mathe-
matics for the Agricultural and Mechan-
ical college has resigned.

The Ephrosyne club opens the season
tonight by giving a handsome german in
the club rooms.

The Norfolk and Western yesterday,
paid the State Treasurer the taxes due
which amounted to \$1,409.56.

The news of the death of Mrs. Edmund
Jones of Lenoir was received here yester-
day. Mrs. Jones was Miss Eugenia
Lewis of this city and a daughter of the
late Maj. A. M. Lewis. Mrs. Jones has
many friends here who heard of her
death with sorrow.

Dr. R. H. Lewis who is so well known
all over the State as a fine oculist is
thinking of moving his family to his
country home a few miles from the city.
Dr. Lewis is a great believer in beautify-
ing his property and his home here is
one of the loveliest in this place. He will
keep his office here and attend to his
profession regularly.

The State Board of Education met to-
day to consider the question of appro-
priating \$75,000 of funds belonging to the
board, to the public schools of the State.
The total amount of funds available is
\$198,444.85.

The Railroad Commission was to have
met in special session September 1, but
since Governor Russell has cited part of
the Commissioners to appear before him
that day, there can be no session. If
there should be a vacancy in the Com-
mission, Mr. John Graham of Ridge-
way will be put in. Walter Clark
will probably be the other man.

It is said that ball in Halifax County a
few days ago seriously injured the to-
bacco crop.

Two cases of tuberculosis in cattle are
reported in Greensboro.

Labor Day is not kept in this State a
all, but it may yet fall into line. It is
said the capital will be closed on the
first Monday in September—the 6th—
which is Labor Day.

Lawless Colored Laborers.
PITTSBURG, Pa., August 25.—The camp
of colored railroad laborers at Unity, near
the striking miners' camp at Plum Creek,
which has a record for lawlessness un-
equalled in this State, is to be broken up
by the railroad company. During the
past month there have been several
murders and a score or more shooting
scrapes at the camp in which many of
the colored men were injured. Last
night three men were shot, and four
were dangerously wounded.

A PRESIDENT KILLED.

An Assassin's Hand Strikes Down
Uruguay's Executive. Instant
Death.

MONTEVIDEO, August 25.—During a
National fête which was held here to-
day, President J. Idiarte Borda was shot
and killed by an assassin.

The assassination of the President oc-
curred as he was leaving the Cathedral,
where the Te Deum had been sung. Presi-
dent Borda died almost immedi-
ately after he was shot. The assassin,
a youth named Arredondo was ar-
rested.

Senor Cuestos, President of the Senate,
has assumed the Presidency of the Re-
public, ad interim.

Senor Idiarte Borda was elected Presi-
dent of Uruguay, for the term extend-
ing from March, 1894, to 1898. The fête
at which he was assassinated was being
held in celebration of the independence
of Uruguay, which was achieved on Au-
gust 25, 1825.

At the time of Senor Borda's election
he belonged to the official party, and
was elected by a very narrow majority.
The people, it was said, were sadly dis-
appointed at the result, but order and
quiet was maintained. The leading pa-
pers of Uruguay deplored the election of
Senor Borda and declared that it marked
a reaction in the country's progress.

The murdered President was probably
50 years of age; he was married and had
a family, and also had a brother who is
an officer in the Uruguayan army.

He was a candidate of several parties,
but so far as known he was not identi-
fied with any party of the people, and
his election was said to be distasteful to
the more advanced element of the peo-
ple.

"It would not be surprising," said one
diplomat speaking of the affair tonight,
"if the murderer belonged to the So-
cialists or Anarchists. There are a num-
ber of societies of Socialists in Uruguay.
Many of these classes are sent out of
their native countries and come to Ur-
uguay, where they continue the propa-
ganda of their ideas."

LONDON, August 25.—The James Gas-
ette this afternoon says that an agree-
ment has been reached between the lead-
ing bicycle tubemakers of Birmingham
and America, so one which by will be
supplied under a fixed price. The or-
ganizers claim that every tubemaker will
be compelled to join.

GREAT BEND, Kan., August 25.—The
county recorder has reported the release
of over \$60,000 in chattel and real estate
mortgages since August 1, and half of

new year the people of this county will
be in better financial condition than ever

OUR COAST DEFENSE.

The Artillery Will Have to be Con-
siderably Increased.

WASHINGTON, D. C., August 25.—The
appointment of the Special Artillery
Board by the War Department is a step
of greater importance than has been ap-
preciated, for it means that the extensive
system of coast defenses is now ap-
proaching a stage when the artillery will
have to be very considerably increased in
order to provide proper garrisons for the
preservation and employment of the sea
coast armament and material.

The Board's work will be to determine
just how many troops will be required at
the new fortifications, the extent of the
barrack accommodations, what barracks
are now available at some of the posts,
but not occupied; the water transporta-
tion needed in maintaining proper com-
munication between the detached bat-
teries, and the quantity of land required
for the erection of entirely new garri-
sons.

Armenians Tortured.

PARIS, Aug. 25.—The Petite Repub-
lique today publishes a dispatch from
Constantinople which says: "The pris-
ons are crowded with Armenians and
Turkish liberals who have been arrested
on suspicion. On Sunday last eighty of
these prisoners were placed in the sub-
terranean dungeons of Calata.

"The Armenian who exploded a bomb
in the Turkish government offices has
been tortured and whipped until he was
covered with blood and the soles of his
feet have been burned. Yet he refused
to confess.

POWERS STILL DIFFER.

European Cabinets Take Up the Nego-
tiations for Peace Between Turkey
and Greece.

CONSTANTINOPLE, August 25.—The ques-
tion of the peace settlement between
Greece and Turkey has now passed out
of the hands of the ambassadors of the
powers and has become the subject of
negotiations direct between the European
cabinets. Germany objects to the Marquis
of Salisbury's proposal that Greece
should be asked to state precisely what
means she possesses for paying the in-
demnities and insists upon the signature
of the peace preliminaries is already
framed. Austria partly shares Germany's
views and Italy will adhere to Germany's
policy if the powers agree upon it.
Russia and France are inclined to support
the Marquis of Salisbury.

Tewfik Pasha, the Turkish minister
for foreign affairs, called at the foreign
embassies yesterday in order to urge the
necessity of hastening the settlement of
the conditions of peace.
