## ANOTHER BOMB.

### A Second Attempt Against the President of France.

President Faure Upon His Return from Russia Encounters a Bomb Explosion in Front of the Madeline. Two Arrests are Made.

Special to Journal. PARIS, August 31.—A bomb was exploded in front of the Madeline church this evening. It was intended for President Faure, but he had passed that point several minutes when the explosion occurred.

President Faure reached Paris at 6 o'clock this evening by train. The route from the station to the palace was magnificently decorated and the President was received with the wildest enthusiasm by the crowds which lined the way to welcome him on his return from Russia. Just after the President's carriage passed the Madeline Church on the way to the palace the bomb exploded.

The point where the explosion occurred was inside the railing of the church yard, several feet from the driveway. The yard was immediately closed by the gendarmes. Two men who were within the gates were placed under arrest, and they were hurried to the office of the Prefect of Police. Detectives are now investigating the explosion.

### KILLED BY MOONSHINERS.

Six Men Probably Dead. Posses of Marshals Led by a Brave Man.

LITTLE ROCK, Ark., August 30.—Six men were probably massacred in the wilds of the mountains of Pope county yesterday afternoon. Two were killed outright, two were fatally wounded, and left for dead, and two have mysteriously disappeared and are either dead or being held as captives by bandits.

The victims were all Deputy United States Marshals and Deputy Sheriffs, and the men who did the work are moonshiners of the boldest and most desperate class. The scene of the crime was a gulch or ravine in the mountains of Pope county.

### TRANSFERS OF CURRENCY.

Large Sums Being Distributed by the United States Treasury.

New York, August 30.—The sub-Treasurer here today transferred for local banks through the Treasury at Washington \$200,000 in currency to Kansas City, and \$25,000 in silver dollars to Texas through the sub-Treasurer at New Orleans. Shipments of currency to the South and West today by banks direct were very large, all banks reporting the receipts of orders for remittances.

The United States Treasury is doing all it can to facilitate the transfer of currency, especially small bills and silver dollars to places where the money is needed for moving the crops, and to that end has placed supplies at the several sub-Treasurers, New Orleans, Chicago, St. Louis and Cincinnati, that the transfers may be made as quickly as possible.

What the conference of labor leaders at St. Louis has accomplished, if anything, is in doubt. It is not believed that the leaders have attained any definite result, and, in fact, the president of one of the national organizations said tonight that failure of the conference was a foregone conclusion.

## INDIGNATION CONTINUES

### Regardless of Party Against Governor Russell.

Butler's Actions Being Condemned, Public Feeling Rising. Order Red Men. Sunday Laws at Raleigh. Southern Railroad Cotton Business Increases.

JOURNAL BUREAU. RALEIGH, N. C., August 31.—A perfect storm of indignation is raging over the State against Governor Russell. His own party, the Republicans, denounce him. It is suggested that the Republican State Executive Committee be called to meet at once to declare officially that they do not consider the Governor a Republican, nor is that party in any way responsible for his high handed acts. Some demand immediate impeachment.

Nor is the discontent confined to the Republican party. Senator Butler is called "traitor, traitor and trickster" by the Populists, and there is a growing discontent with his ruling among his most prominent friends. The editorials in the New Berne JOURNAL within the last week on both Russell and Butler were very much in accord with the feelings of the people of the State, including all three parties.

The outfit of "The Caucasian" office, Senator Butler's paper, is being moved today into the printing house of Barnes Bros., the State printers. There will be no issue of the paper this week. Last week at the Academy of Music during the A. G. Fields performance the behavior in the gallery was terrible so the Mayor determined to make an example of the offenders and yesterday fined two men \$15.00 and costs.

Hon. Eben Alexander who had left of absence for four years from his chair of Greek at the State University, to become U. S. Minister to Greece has returned to this country and resumed his position at the University.

An order of Red Men was organized here Saturday night. There were forty (40) names enrolled. The Council will be known as the Oaccola Tribe, No. 1, I. O. R. M.

The difference of construing the law as to the sale on Sunday of any thing but medicines, between the Mayor and chief of police caused a shut down on the sale of even ice, and with a temperature way up the suffering was a little more than could be patiently borne.

The cotton business of the Southern R. R. has so increased here that the cotton platform at their freight depot here is being doubled in capacity. Fifty men went to work on the site yesterday.

The weather predictions give much cooler weather from today. It is earnestly hoped that we will have no such September weather as we had two years ago.

Mr. E. B. Barbee has returned from Houston Texas where he went with Mr. George Kuchne to establish a big cotton business there under the firm name of Kuchne & Co.

The fight of the Governor against the two R. E. commissioners J. W. and S. Otho Wilson is on in earnest. It is said they will deny in their answers tomorrow the right of the governor to turn them out. They will hold on, and when the new men are appointed the other commissioner Dr. Abbott and clerk Brown will refuse to recognize them. That means appeal to the court where the matter will lay up for months possibly. The State Treasurer it is said will refuse to pay either the old or the new commissioners until the thing is settled.

There is general faith that the election on September 7th, for the bond issue here will be carried in favor of bonds.

The execution at Henderson tomorrow of George Brodie will be in the jail enclosure, but elevated places outside will give those who care to see the execution an opportunity.

Some North Carolinians went to Tennessee today to show farmers there how to cure bright tobacco.

Judge Walter Clark is out in a letter to the Charlotte Observer trying to obliterate the Raleigh correspondent of that paper, for chronicling the fact that he was interviewed by Senator Butler the evening before the letters to the R. E. commissioners appeared. He gets rather "huffy." His charges against the Raleigh correspondent and ex-Democratic State chairman E. C. Smith ought to call forth an explanation. Such men should be shown up on all occasions and a little more back bone in newspaper men would soon obliterate such as he.

### More Reserves Called Out.

MADEIRA, August 30.—At a Cabinet council, held tonight, it was decided to summon the next class of 30,000 reserves, 27,000 of whom will be sent to Cuba, and 3,000 to the Philippine Islands.

The ministers when questioned, denied that the council was occupied with the subject of colonial reforms, or with political questions.

Thomas Estrada Palma, representative of the Cuban insurgent government, has received the official list of deputies to the next Cuban constituent assembly, which is to meet in Camaguey September 2 to elect a new President, the office of the present incumbent expiring on Thursday.
