### RALEIGH VOTED BONDS.

Over 300 Majority Cast for the Measure.

Press Excursion to Nashville. Mornings in Salisbury. Drought Raining State Farms. Circuit Court Term. Continued. False Fire Alarm.

JOURNAL BUREAU RALEIGH, N. C., September 9. There is genuine gladness that bonds were voted yesterday. A suggestion is made by a thorough business man that these bonds be sold only as they are needed to be turned into cash. The rock quarry out near the city and owned by the city will be worked for the curbing stones and for the rock to be crushed for the streets. This will be a saving and will put wages in the hands of home people. A new registration was necessary for this election, and 1,415 voters registered. A majority of voters was required and 901 votes for the bonds were cast, every ward sending in a majority.

Late yesterday afternoon at the home of her sister, Mrs. Trappier, Miss Bettie Haywood died. She had been sick for a long time. She was a daughter of the late Hon. Wm. H. Haywood, and was 71 years of age. She was well known in New Berne.

On the night of the 20th, 40 of the North Carolina Press Association leave for the Nashville exposition. They will spend a day at Lookout Mountain near Chattanooga.

The annual inspection of the Governor's Guard here yesterday elicited only the highest praise from the Inspector General. The army was also found in excellent condition.

Two Mormon elders have appeared in Salisbury distributing their doctrine. For several years these Mormons have been permitted in the State, but heretofore they have been a very ordinary class of people. The ones in Salisbury are said to be men of intelligence and therefore more capable of doing harm. With Mormons and Sanctificationists in the State, there is a poor outlook for the more uneducated class who are so apt to become converts to all substantial doctrines.

Mayor Caldwell of Statesville is here asking the Governor to grant a pardon to a man named Miller who is serving a 10 years sentence for manslaughter. Three years of this has already been served.

Mr. Claudius Dockery chairman of the board of penitentiary directors says that the drought is playing havoc with the crops on the State farms.

The University football team for this season has Mr. Warren Klutz of Salisbury for Manager and Mr. Joel Whitaker of Raleigh, Captain. A game will be played between the University team and the A. & M. College team October 2nd.

The United States Circuit court which was to have been held in Wilmington this week to hear the writ of injunction sent out by the Western Union Telegraph Company in regard to cutting of its rates has been continued until the November term of court.

Last night the lovely home of ex-Judge Spier Whitaker about 2 1/2 miles south of the city was burned. He had just moved into the city. The house was unoccupied. It had cost him over \$5,000.

Over 800 bales of cotton came in on yesterday by wagon.

The county board of education decided that the public schools can be opened in November instead of waiting until January.

Everything was in a stir for awhile this morning when an alarm of fire was sent in from the Insane Asylum. It proved fortunately to be a false alarm but the fire department and a great many people went out there. The horror of such a thing makes one shudder.

Rev. Mr. James B. Averett delivered an address on the life and character of the late Rt. Rev. Bishop Atkinson at Scotland Neck on Monday night.

### GEN. LONGSTREET MARRIED.

He Makes Miss North His Bride as Announced—Their Plans for the Future.

ATLANTA, Ga., September 8.—General James Longstreet, Major-General in the Confederate Army, former United States Minister to Turkey, and prospective Commissioner of Railroads, to succeed General Wade Hampton, was married at the Executive Mansion, on Peachtree street, at 9:30 o'clock this afternoon, to Miss Ellen Dorch, assistant librarian of the State of Georgia.

Governor and Mrs. Atkinson had issued a limited number of invitations to State officials and intimate friends of the bride and groom. These formed a distinguished party, which filled the "blue room" of the Mansion, where the ceremony was performed.

General and Mrs. Longstreet will spend two weeks at Porter Springs, Ga., after which they will return to Atlanta, where Mrs. Longstreet will resume her duties at the State Library.

A striking coincidence was supplied in the fact that today is the anniversary of the battle of Molinas del Rey, in the Mexican war, where General Longstreet won his title as major.

General Longstreet is now 80 years old and his charming bride has seen but 22 summers. The General married his first wife the year after his return from the war in Mexico, and it so happened was introduced to her by Miss Julia Dent, who became the wife of General U. S. Grant.

### LIGHT BOAT FOR HATTERAS.

The New Vessel Will be in Place Within a Month.

WASHINGTON, September 8.—Before September has passed, the Light House Board expects to have in position on the Diamond Shoals, off Cape Hatteras, the new light vessel which has just been fitted out at Staten Island, N. Y. Diamond Shoals is considered to be the most dangerous point off the coast of the United States, and it has long been known as the "graveyard of American shipping."

The new vessel was constructed by the Bath Iron Works, Maine, at the contract price of \$50,000, but was fitted out by the Board with anchors, boats, electric lights, and other devices which experience has demonstrated were necessary to a vessel of this kind. The Board has spent \$80,000 in building and equipping the ship which will stand the severest weather that is encountered off Hatteras. Instead of being secured by an ordinary anchor, it will be moored to a mooring buoy, which it is thought will make the ship absolutely secure in its position.

The light vessel will be towed from Staten Island on the 15th inst, and it is expected that it will be placed in its permanent position on the 20th, the anchorage ground being twenty-seven miles off Hatteras. It will show a series of one hundred candle power incandescent lights at each of the two mast heads, which will be visible at least fifteen miles.

The effect of the new provision in the tariff bill on clothing to reduce most appreciably the bringing in of all classes of goods, which under the former lenient ruling were admitted under the head of personal effects. This will not increase the public revenues, but the main result will be to the advantage of the tailors, the dressmakers and the milliners of the United States. It was principally through the instrumentality of these that the practically prohibitory clause was inserted in the tariff act against the bringing in of all wearing apparel and headgear.

Food Scarce at Dawson.

EUREKA, Cal., September 8.—J. M. Ralston, who arrived here on the steamer National City, yesterday on his way from the Klondike gold region to his home, in this State, says he left Dawson City for the winter because of the fear that provisions will be scarce there. There is likely to be great suffering among the gold miners before spring because of the transportation when for humanity's sake necessities of life should have been in their place.

"There are, I should judge, about 6,000 persons in and around Dawson City," Mr. Ralston said. "It is safe to say that when I left there was not enough food to last half of them through the winter. I had letters of credit to stores at Dawson, also plenty of cash and friends who would let me have almost any amount of money I needed, and yet I could not secure what provisions I wanted."

Stock Brokers Fall.

Special to Journal.  
New York, September 9—The firm of J. R. Willard & Co., stock brokers failed today. The firm are members of the New York Stock Exchange and have a large office in Chicago where they have long been known on the Chicago Board of Trade.

The miners' convention at Columbus, Ohio, has not yet taken a vote on the question of accepting or rejecting the proposal settlement of the strike. The prospects for the acceptance of the plan of settlement are doubtful. A canvass of the situation shows that a majority of the votes, unless some change, should be brought about, will be cast against it.
