GENTLEMEN:
Enclosed find one dollar, (\$1.00) for which send me by mail one dollar's worth of your Dr. Duffy's Anti-Bilious Pills. A friend of mine in Brunswick, Ga. sent me a box of them sometime since and asked me to try them, which I did, and had several others try them and all pronounced them "wonders" and are loud in their praise of them.
Yours truly,
D. L. BURGESS,

Republican Organ at Greensboro. Marshall Corral Very Feeble. A. & M. College Full. Sanatorium Corner Stone Laying at So. Pines.

JOURNAL BUREAU,
Raleigh, N. C., Sept. 13.
The Charleston and Northwestern, formerly the Chester and Lenoir R. R. has secured money sufficient to build line between Hickory and Newton. For a long while it has leased the track of the Southern between these two places.

Rapid work is being done on the Mocksville and Mooresville railroad.

The Republicans in the State are making plans to establish another organ of their party at Greensboro.

U. S. Marshal Carroll who has been at different resorts all during the summer has returned home. His health is very feeble.

The promised cool wave for last night, and today has failed to come to time. There is some pleasure in anticipating its arrival later.

The Grand Jury of Durham county has found a true bill against Mr. Fairbrother, former editor of the Durham Globe, but now editor of Fairbrother's Farrago at Danville, Va., for criminal libel. This will once more bring Mr. Fairbrother before the public in this State.

The dormitories at the A. & M. college are about full. To accommodate more and even to accommodate those coming rably another dormitory is necessary. There will be fully 800 students before this week ends. Professor Elderidge of Ithica, N. Y., who was elected professor of mathematical engineering is here to look over the situation before he accepts.

Professor Gerald McCarthy, the ex-State botanist and etomologist goes to Cornell for a year's study. He was employed by the State under a written contract for \$125 per month until July 1st, 1898, to study the diseases of cotton and tobacco. He will bring suit for the rest of his salary, \$1,350. He was ousted this spring by the Russell administration.

The corner stone to the Pickford Sanatorium was laid at Southern Pines with appropriate ceremonies, even though the excursion failed to leave here and carry the crowd. Mrs. Curtis, the wife of the minister sent here from the North to take charge of the colored Presbyterian church, will endow a cot in this Sanatorium in memory of her son who died some years ago.

Governor Russell refuses to pardon a young man named Moore, who last spring killed a negro man at Franklinton. The young man is serving a 15 years sentence in the penitentiary.

THE GOLD FIELDS.

Two Steamers Return. Skaguay Pass Closed.

PORT TOWNSEND, Wash., September 13.—The steamer South Coast, which left St. Michael's September 1, arrived here yesterday, bringing twenty-seven passengers from Dawson City. The amount of gold brought down on the vessel is believed to be about \$350,000.

The returned miners were not disposed to talk of their fortunes, but J. P. Light, of Chicago, admitted having accumulated \$18,000 in dust and nuggets during two years' stay in the gold fields.

The steamer City of Seattle arrived today, five days from Skaguay. Among her passengers are twelve men who started for the Klondike, but failed to cross the pass.

A. C. Warner, of Seattle, says the Skaguay pass is closed for the season, but that many are still flourishing around in the mud in a vain attempt to get through. The first fourteen miles of the trail from Skaguay Beach is strewn with the bodies of 800 horses. Eleven saloons and three dance halls are doing business at Skaguay.

TROOPS ON GUARD.

Great Excitement Among the Miners. Many Victims.

HAZLETON, Pa., Sept. 12.—Twenty-five hundred men of the Pennsylvania National Guard, under command of Gen. I. P. S. Gobin, are in control of the situation here today.

There has been no repetition of the scenes which on Friday led to the shooting down of strikers by deputies, led by Sheriff Martin, and the towns of Lattimer, a few miles from Hazleton. Complete lists of the victims show that twenty-one were killed and forty were wounded by the deputies.

There is strong reason to fear a conflict between the strikers and the military tomorrow, and there is an indication that from five to seven thousand more miners will join the malcontents.

The statements by Sheriff Martin that he read the riot act to the strikers and that was struck and knocked down before the firing began are denied by the strikers.

There was a sharp recovery in silver of 1/2 penny, to 25 1/2 pence, in London, and one cent, to 35 cents, in New York. This was due to the decision of the Bank of England authorities to hold one-fifth of the bank's reserve in silver. The price is two pence above the lowest in London and 3/4 cents above the lowest in New York.

The President has returned to Washington from Somerset, Pa., and a meeting of the cabinet has been called for today to discuss several topics which are regarded as requiring his attention and, perhaps, action at this time. On the list is the construction to be given the discriminating duty section of the tariff act, the adjustment of various questions of State that have arisen concerning Alaska and the gold miners, and, perhaps, the discussion of Hawaiian and Cuban conditions.
