## CHANGE IN RATES.

**Railroad Commissioner Reduces the Freight Charges on Cotton.**

**Lease of Penitentiary Not Made. Bids on City Bonds Wanted. Printers Refuse to Surrender Paper. Financial Report of Penitentiary. Yellow Fever.**

**JOURNAL BUREAU,**  
RALEIGH, N. C., Sept. 23. }  
The railroad commission has made a great change in the freight on cotton which is to go into effect on the 1st of October. It will be the lowest rate in the Union. It is as follows per 100 lb: Five miles-9 cts.; 10 miles 9 cts.; 15 miles 11 cts.; 20 miles 13 cts.; 25 miles 14 cts.; 30 miles 15 cts.; 35 miles 16 cts.; 40 miles 17 cts.; 45 miles 18 cts.; 50 miles 19 cts.; 60 miles 21 cts.; 70 miles 22 cts.; 80 miles 23 cts.; 90 miles 24 cts.; 100 miles 25 cts.; 120 miles 27 cts.; 130 miles 28 cts.; 150 miles 30 cts.; 160 miles 31 cts.; 200 miles 35 cts. These rates do not affect Raleigh much as a very low rate was already in force for here.

In the matter of the lease of the penitentiary, Mr. Winder says that he cannot accept for the company he represents the conditions imposed on the lessee, and so unless they are much modified no lease will be made. These conditions demanded absolute control of the institution by the Republican party so far as the employment of officials and assistants, and many other unreasonable demands.

The city treasurer, Mr. Joseph G. Brown has issued a circular asking for bids on the \$50,000 city bonds to be issued. The bids are to be opened Oct. 12th. No bid for less than 105 will be considered.

Adjutant General Cowles has issued general order No. 12, announcing the death of Lt. W. J. Griffin of the Naval Reserves and orders the usual badge of mourning to be used on left arm and sword hilt of the officers of the State Guard for 30 days.

In the institutions for the white blind there are 117 pupils and for the colored deaf, dumb and blind there are 121. St. Mary's school opened today with bright prospects.

Mr. Chas. A. Cook of Warren did not get the Eastern District Attorneyship after all. Mr. Aycock, the Democratic incumbent was re-appointed.

Governor Russell has relieved Lamm Haynes of Columbus county until November 5th in order for him to produce evidence at the Fetober term of court in regard to accessories to the murder for which he was about to be hung.

Stewart Bros., ex State printers, have about \$6,000 worth of State paper. Mr. Guy V. Barnes who is now State printer, was sent to Winston to get the paper. This the Stewart Bros. declined to deliver. Thus comes a clash between the State Auditor and the ex-State printers that promises to be interesting. Stewart Bros. declined to deal with any one in regard to the paper except through their attorney, and he was out of town.

A 7 lb watermelon was sent to Governor Russell yesterday by a friend in Charlotte. Rather cool for melons and yet they have sometimes been seen on the table Christmas day here.

Auditor Ayer has sent out notices to all the county officers that they must comply with the law which requires these officers to furnish the Auditor with copies of their bonds, so he may know the bondsmen in case the officer does not comply with the law.

The news of the death of the Hon. Walter E. Faison formerly of Clinton, N. C., but who has been in the Government service at Washington for 15 years was heard here with much regret.

The Superintendent of the penitentiary shows a financial report as follows. Bills audited \$19,171.23; accounts not audited \$13,786.17; fertilizers, about \$8,000; borrowed from the State treasury \$15,000. Total indebtedness \$55,907.40. A little variation may be found as some bills possibly are not in. Earnings since April 1st. Amount of deposits \$16,927.59 amount due from all sources \$8,000. There arises a question as to how the \$15,000 was borrowed as auditor Ayer says no warrant had been issued. Superintendent Smith and that the Treasurer must have issued the money under the act of 1891. There is no act of 1897 making any appropriation.

Dr. R. H. Lewis Secretary of the State Board of health writes Governor Russell opposing the throwing open western N. C. to the yellow fever refugees, as they could not possibly be detained there long enough to prove they were not infected and thus the disease might be carried to places susceptible, such as Wilmington.

The Inspector-general of police, Don Edwards Velazquez, who was removed from office and imprisoned because of the killing of Arroyo, the assistant of President Diaz, has confessed that he ordered the killing.

## INTERVENTION IN CUBA.

**European Powers, Except Austria Recognize Our Right to Interfere.**

MADRID, September 23—General Woodford has represented to the Duke of Tetuan the gravity of the condition of Cuba and requested, in behalf of the United States, that would find a method of speedily ending the war and giving justice to the Cubans. He offered the good offices of the United States in effecting a settlement to the Cuban troubles, which practically gives Spain an opportunity of gracefully ending the war. If she does not embrace it within a reasonable time, notice will be given that the United States must interfere, though General Woodford has not said so yet.

Spain cannot expect the aid of European powers, as the United States ambassadors have ascertained that all the European countries, except Austria, recognize that the interests of the United States justify the latter's interference in Cuba. Austria, in this matter, is influenced by the relationship between the two dynasties, the Queen Regent of Spain being an Austrian archduchess, but it is not likely that Austria will take any part in the question beyond possibly making a diplomatic protest against the intervention of the United States.

## THE BLOW FALLS.

**Governor Russell Exercises His Power.**

**State Railway Commissioners J. W. Wilson and S. Otho Wilson Suspended From Office. Their Successors Appointed.**

**SPECIAL TO JOURNAL.**  
RALEIGH, N. C., September 23—Governor Russell suspends from office of Railway commissioners, Chairman J. W. Wilson and S. Otho Wilson until the joint session of the next Legislature shall determine by vote, their removal or restoration.

L. C. Caldwell, of Statesville succeeds Chairman Wilson. J. H. Person of Morganton succeeds S. Otho Wilson.

## TROUBLE AHEAD.

**Japanese Soldiers in Hawaii—Being Landed Under the Guise of Laborers There.**

SAN FRANCISCO, September 22.—When the City of Peking arrived at Honolulu on her last trip from Hong Kong, the attention of the other passengers on board the steamer, was attracted by the remarkably symmetrical movements of 174 Japanese passengers in the steerage, who were disembarking. Although classed as laborers, their well drilled and military appearance was too palpable to escape observation, and occasioned considerable comment.

The Japanese were apparently under the command of a veteran sergeant, and divided into squads of twenty, under non-commissioned officers. During the voyage a military discipline was observed, which created comment among the other steerage passengers and the steamer crew, and many conjectures were hazarded as to the meaning of their being shipped to the islands.

It was generally believed that they were sent there for the purpose of forcibly resisting annexation, if necessary.

Rumors of the presence of the Mikado's soldiers are not new on the islands. It is said that over one thousand well drilled men have already been landed, and about four hundred veterans of the Japanese-Chinese war are expected on the next steamer.

## The New Hatteras Lightship.

WASHINGTON, September 22—Orders have been issued for the lightship tender Maple to convey the new Diamond Shoal lightship to her station on September 30. This ship comes within the district commanded by Captain Lambertson of the Maryland division, who sent the Maple to New York today to accompany the new light vessel to her station. The captain of this craft will be the assistant light keeper at Cape Charles, and his crew will all be experienced men. There has been a long and vigorous controversy over the practicability of a lightship standing the weather and sands of Diamond Shoal, and the lightship board has been divided on the question. The one officer who has absolute confidence in the ability of a vessel to weather the gales and stand the force of the sands is the secretary, Captain Wilde, who is willing to risk his reputation that the ship will hold in the stiffest gales.

The weather is severely cold in Paris, and there have been heavy snowfalls in several Departments. Eighteen inches of snow has fallen at Craonne, in the department of Haute Loire. In the department of Yonne, snow has fallen, the earliest on record.
