A SPICY LETTER.

That Written Governor Russell
By Commissioner Wilson.

Governor Stands Unsupported in his Position. Forcing Cotton Culture. Great Number Northern Visitors. Convicts From Illiterate Class People.

JOURNAL BUREAU, RALEIGH, N. C., Sept. 25.

The letter to Gov. Russell from Maj. Wilson, chairman of the railway commission, was so cutting as to excite general comment. Many people ask who besides Senator Butler is backing Gov. Russell in his effort to oust Maj. Wilson and Otho Wilson, Republicans not backing him. The attorney general two weeks ago openly said the Governor was wrong. Otho Wilson says he did not answer the Governor's letter of suspension. He says he told his lawyers that he knew nothing about law and that if they would attend to that branch of this matter he would look after the politics. He has as attorneys, J. C. L. Harris, R. O. Burton and Spier Whitaker, while Maj. Wilson has R. O. Burton, John D. Shaw, Thomas N. Hill, Spier B. Whitaker and Bynum and Bynum. Two score lawyers volunteered their services as counsel. Not only this but prominent men all over the State, among them Republicans high in position, have written condemning in unqualified terms Gov. Russell's course. The latter is angry and obstinate, it is declared and is trying to ride rough-shod.

Otho Wilson makes it a personal matter with Senator Butler and the Senator need have no desire to meet his former first lieutenant.

The keeper of the Capital, Rev. Dr. Burns, yesterday, was plainly told by the Secretary of State that his meddling was intolerable and that if it was not stopped he would be ousted.

The commissioner of labor statistics says that in his recent visit to the Ducktown copper mines he found the vegetation for miles around the mine had been killed and that residents have brought suits for damage for an immense sum.

Tobacco warehousemen here say the commission merchants are checking the growing of tobacco by refusing to make advances to growers, and hence forcing the cultivation of cotton.

Letters from the Piedmont and Western sections say there will be a large increase in the acreage of small grain.

It now appears as if the agitation regarding the lease of the convicts will absolutely prevent its being effected.

Many law students arrived here today and Monday will be examined by the Supreme court. There will be at least 40 in the class.

People from Southern Pines say preparations are in progress for the greatest number of Northern visitors ever in that section. This applies also to Pinehurst. A colony of 400 Pennsylvanians will settle on the line of the Seaboard Air Line in that section. The Seaboard is a great developer.

Near here today Dr. D. Reid Parker, State farmers' institute conductor, held an institute. Only a few more will be held this year.

Warden Russell of the penitentiary says that fully three fourths of the convicts can neither read nor write. He says crime in this State is almost entirely among the uneducated.

Reports from some points west of here are that the winds, light as they were, have badly blown out cotton.

Cov. Atkinson of Georgia and his hosts, the Greensboro fox hunting club, who are at Manchester, Cumberland county, have so far caught 3 foxes.

Of the 3 men killed by the explosion of a boiler at Agrove two were Virginians. The body of J. B. Barlow was sent to Middlethian and that of J. C. Barlow to Charlottesville.

As to the politics of the new appointees of the Gov. as Railway commissioners it was said today that L. G. Caldwell is a "Butler Populist" and John H. Pearson, a Russell Democrat.

John H. Smith when asked this morning who was in charge of the inmates of the criminal insane wards at the penitentiary said: "Dr. George Kirby is in charge now and has been all the time. There will be no one under him."

A car load of convicts will next Monday be sent to the State farms on the Roanoke, leaving only 30 in the prison, the smallest number since it was opened in 1870.

Two of the inmates of the Soldiers' Home quarreled and fought a day or two ago and one nearly broke the other's arm with a stick. Both were immediately dismissed.

Governor Russell left for Wilmington this afternoon, to return Tuesday.

Eugene G. Hatrell is placed in charge of the arrangements for parades and ceremonies at the State Fair here next month. He says every business house in

the city and some public buildings will be decorated far week.

State Auditor Ayer says the State pension board finds that one pensioner is an ex-convict. A warrant for \$64 was returned to the board from Union county today, with the statement that no man there was entitled to such an amount. The Auditor says many persons are on the pension rolls who have no right there and that some deserving persons are not on the rolls.

The Secretary of State today licensed the Boston Mutual life insurance company to do business in this State. It is an assessment company.

At Lenoir yesterday there was a lively scene during the negro State Baptist Sunday School association meeting. A negro preacher from Raleigh knocked down the president of the association. The charge was that the latter was working politics in the association.

The earthquake of last week was of wide extent, being felt from Switzerland to Tashkent, in Central Asia, and even further east. Peru felt severe shocks about the same time. Italy a day or two later had a destructive tornado, which destroyed hundreds of lives.

The Paris Figaro warns the government that Germany is earnestly considering whether Europe should "allow the United States to drive Spain out of Cuba," and recalls the fact that the war of 1870 arose from the mistakes made by French diplomacy in regard to Spain.

It is reported from Austria that the Vienna Cabinet would immediately intervene in a conflict between Spain and the United States. The news of the ultimatum created excitement in political circles and the universal opinion was that such a condition would be unjustifiable.

An attempt was made to burn the Beauregard school building in New Orleans which the board of health had converted into a yellow fever hospital. The main building was saved by the fire department, but the annexes were burned. The house was set on fire because of the opposition of residents of the neighborhood to have a fever hospital established in their midst.

Jones Meets Croker.

CHICAGO, Ill., September 24.—Senator James K. Jones, of Arkansas, chairman of the National Democratic committee, went north tonight on a fishing excursion. Richard Croker left for New York this afternoon.

The meeting between these two gentlemen here was not altogether satisfactory, as Senator Jones insisted upon silver being made the predominant feature of every State campaign between this time and the presidential election of 1900. Mr. Croker did not agree with him, and, although they did not quarrel, it would be far from the truth to say that they arrived at an understanding. Senator Jones will not go near New York during the present State and majority campaign.
