CAPTAIN GENERAL BLANCO

Appointed as Successor to Weyler to Command in Cuba.

A Favorable Change for the Peace of Cuba. Consul General Lee to Return to the Island. He is a Candidate for the U. S. Senate.

Special to Journal.
New York, October 5.—The successor to Captain-General Weyler has been appointed. The new commander is General Blanco and he is considered the most humane of all the Spanish Generals.

The reputation of General Blanco is that he is always inclined to use pacific measures and believes in diplomacy instead of harsh treatment. He will be fully authorized to approach the rebels with a view to arriving at a mutual agreement for the cessation of hostilities.

The advent of the liberal party to power in Spain has been remarkably well received throughout the peninsula, and it is popularly believed that a more salutary regime in Cuba will be started by the appointment of General Blanco and the withdrawal of Weyler from the island.

The Queen Regent is known to have brought about the retirement of the conservatives in a decisive manner, disgusted it is believed, by the unrelenting horrors of the Cuban war, and the unpatriotic intrigues and party feuds of the late government.

A result of the formation of the Sagasta cabinet in Spain, it is believed, will be the granting of amnesty to most, if not all, of the American prisoners held in Cuba, and the pardon of many Cubans condemned to imprisonment in the island of Ceuta. Pending the completion of the Sagasta cabinet there has been no official intimation that such action would be taken, but it is said to be a natural and necessary part of the new Spanish policy following the withdrawal of General Weyler. Consul General Fitzhugh Lee will return to Cuba as has been pretty generally understood.

Lee however is about to reënter the political field and will be a candidate for United States Senator to succeed to the seat of Senator Thos. D. Martin of Virginia.

General Lee will make a hot canvass for the Senatorship when he enters the field. He says:

"I shall not sit down and wait for the office to come to me. I shall take the stump and canvass the entire State, from the sea to the mountains."

RALEIGH, October 5.—R. G. Hoffman was re-elected President of the Seaboard Air Line at Norfolk today.

All the other old officers of the company were re-elected to their former positions.

BALTIMORE TAKES SECOND.

Baltimore, 18; Boston, 11.

Senator Lodge on Annexation.

BOSTON, Mass., October 4.—"I look upon the annexation of the Hawaiian Islands as practically accomplished," said Senator Lodge today. "The treaty will be taken up when Congress assembles in December, and I think there is an easy majority in the Senate in favor of its ratification."

"What are your views as to a form of government for the islands after annexation?" was asked.

"It is settled that we do not care to admit Hawaii as a State in the Union," replied the Senator. "Some form of territorial government must be adopted, but exactly what it should be is not yet wholly clear."

"I am inclined to think that we should give Hawaii a form of government rather broader than the ordinary territorial government. For example, I should give the islanders power to continue their legislative body in two branches, whereas I believe a territory has merely a single house. A Legislature in two houses will give them a government similar to our States, but they will not have the power to elect Senators in Congress."

The system of federal courts must, of course, be extended to the islands, with district and circuit judges. The local courts may be retained as the people desire."

Seth Low has handed in his resignation as president of Columbia college and the trustees have deferred action on it till after the election. If elected mayor Mr. Low may be given a leave of absence for four years.

NO DEATHS REPORTED.

Not a Fatal Case of Yellow Fever in New Orleans For 36 Hours.

Special to Journal.
NEW ORLEANS, October 5.—The situation in New Orleans is more favorable on account of much cooler weather.

There have been no deaths from the fever in this city during the last thirty-six hours. The absence of deaths in spite of the number of cases of the sickness is a strong indication of the mildness of the disease.

The mails are thoroughly disinfected in the steam chamber plant at the post office and newspapers and other heavy mail is thoroughly disinfected.

Mr. Hewitt Speaks Out.

LONDON, Oct. 4.—Abram S. Hewitt, one of the organizers of the county Democracy in 1879, former Congressman and mayor of New York during the years 1887 and 1889, has been interviewed on the political situation arising out of the campaign for the election of a mayor of Greater New York. Mr. Hewitt said:

"I am an old man and a back number, but if any message from me will have influence at this crisis, the greatest in the history of the city's government, I shall gladly send it. The only issue is whether New York is fit for self-government, whether a majority of her citizens are honest. Will they give the city good government by electing Mr. Low; will they turn it over to plunderers by returning Tammany to power; or will they put into effect the crazy vagaries of socialism by electing Henry George?"

"Henry George represents socialism. When he ran against me he proposed to have the street cars carry working men free, but he did not explain who was to pay for the transportation. I cannot believe that he will poll more votes than before. Only the foreigners are socialists. Americans expect to support their government and not to have the government support them."

"When I ran for the mayoralty on a Tammany ticket it was not because I was a Tammany man, but because it was necessary to beat Henry George. Many Republicans supported me and I was elected by their votes. Afterward, when I ran as an independent, the Republicans kept a candidate in the field purposely to beat me. They succeeded, and they will beat Mr. Low if they keep General Tracy in the field."

"That is what Senator Platt intends to do, and that is all he expects to do. I cannot understand how General Tracy can consent to be a cat's paw to pull Platt's chestnuts out of the fire."

A Darting College Man.

PRINCETON, N. J., October 4.—A daring freshman has made off with the clapper of the bell on Old North Hall, for the second time in two weeks, and great is the rejoicing among his classmates.

The freshman, with the agility of a cat went up the lightning rod over the cornice and made his dizzy way to the bell tower, where the clapper was unfastened and thrown to the ground. The daring youth then went down as he had gone up and escaped detection.

The theft was not discovered for hours. The clapper will be melted and pieces distributed among the class.
