## NOT IN DEBT.

The Fair Secretary Believes it Will Pay Out.

The Commission Case Will be Tried by the Judge. Action of Raleigh Bar. General Motion Recommends. Two Insurance Co's Licensed.

JOURNAL BUREAU. RALEIGH, N. C., October 26. The case of John H. Pearson who yesterday brought suit against S. Otho Wilson for the R. R. Commissioner was not tried by jury for Judge Robinson decided it was only a question of law as to whether the Governor had the power to remove a commissioner. The case is entitled, "State North Carolina, J. V. Walsler, Attorney General, ex-rel: John H. Pearson R. R. Commissioner vs. Otho Wilson.

Chapter No. 3 of the St. Mary's school Guild will give an exhibition of pictures, by Charles Dana Gibson and other well known artists on Wednesday if the weather is good.

Secretary Nichols cannot yet tell how he stands as regards the condition of the State Fair finances but he feels sure that it will come out without debt. The fact that there was only \$600 out of the \$3,000 in race purses that had to be paid will save the Fair from being a failure financially.

Bar rooms or no bar rooms is to be made a campaign issue here at the next election for the city.

At Chapel Hill yesterday the University football defeated the Clemson college (S. C.) team by a score of 29 to 0.

The argument in the case of ex-enrolling clerk Swinson against Auditor Ayer, Speaker Hileman and Lt. Gov. Reynolds for his salary, will not be heard until the end of the term of court.

The Raleigh bar met and took action regarding the death of the late Judge George V. Strong. A committee was appointed to draft suitable resolutions.

A call is made upon the women of Raleigh to remove their hats when they go into a theatre. Such is done elsewhere and the rule should be carried out here.

Gen. Miles, Major General of the U. S. army recommends Congress to appropriate \$300,000 for the coming fiscal year for high power guns and modern fortifications to be placed at the mouth of the Cape Fear, for the defense of Wilmington.

The Pearson vs Wilson case occupied the court yesterday and today.

The Secretary of State has licensed two insurance companies to do business in the State, The National Surety Co., of New York and the Union Assurance Co., of London

It has been noted that Rev. Babbs an unfrocked Baptist preacher had been given the place of minister to the convicts on the Halifax farm. This was denied by the present administration, but today a voucher for \$60 to Babbs was found along with a letter from Wimbish clerk at the penitentiary saying he (Babbs) would have to hold up preaching as times were hard. He is a "Pritchard Populist."

## VAN WYCK AHEAD.

But George is Held to Be Gaining Republicans Gone to Pieces.

NEW YORK, October 25.—The decisive work of the Greater New York mayoralty campaign will be done this week. Van Wyck, the Tammany candidate for Mayor, still has an advantage, according to general opinion, but Henry George is assailing it with vigor, and has been gaining rapidly.

On the other side, the Republican machine seems to have lost its sense. Tracy's candidacy is becoming rapidly weaker, as Republicans see that he has no chance of winning, and Low is becoming stronger in proportion.

The men who were loyal to Bryan last year and who are now supporting Van Wyck are indignant that Bryan refuses to come to Van Wyck's assistance. Congressman Amos J. Cummings says in regard to Mr. Bryan's attitude: "I believe our ticket will win, but it is by any chance Van Wyck should be defeated it will be the end of William J. Bryan as a Presidential candidate. We of Tammany Hall, and the Democrats of the country as well, will hold him in a large degree responsible for our defeat, and will do everything in our power to prevent his nomination in 1900. The attitude taken by the Secretary of the Democratic National Committee and the other followers of Bryan in endorsing Henry George was an outrageous proceeding, and one that I for one bitterly resent."

## ANNEXING HAWAII.

Senator Bacon Decidedly Opposes It in Every Way.

Its Vote Might Prove too Important in Critical and Close Campaigns. Starvation Cases at Havana. Costly Expense Protecting Cuban Coast.

JOURNAL BUREAU. WASHINGTON, D. C., October 26. Senator Bacon, of Cal., is the only man of prominence seen in Washington for some time who publicly opposes the ratification of the treaty for the annexation of Hawaii, and expresses the opinion that the treaty will fail in the Senate. Mr. Bacon says Hawaii is only a lot of volcanoes fringed by land, and that he does not consider it consistent with our form of government to add a state that is 2,000 miles from our nearest coast, and to accentuate his view, he adds: "It would be a matter to which the American people would never be reconciled, if in some close Presidential election, the choice of a President should be determined by the vote of Hawaii. It would be equally objectionable if in a closely balanced Senate, the question of the passage or defeat of a bill affecting the entire country should be decided by the vote of the Hawaiian Senators."

Mr. Bacon expresses the belief that a majority of the Senate favors the treaty, but that the two-thirds necessary for ratification will not be secured. Opinion is almost unanimously the other way in Washington, and that if the opponents of annexation do not resort to filibustering to prevent a vote, the treaty will be ratified within sixty days of the opening of the session of Congress.

In his last weekly report to Surgeon-General Wyman, Sanitary Inspector Brunner, of the marine hospital service, reports seven deaths from starvation in Havana for the week ended October 7, and twenty-one for the week ended October 14. He also reports a rapid increase in intestinal diseases, due to the contracted food supply, estimating that two-fifths of the total deaths of the city are due to this cause.

The conversion of the Spanish legation at Washington into an embassy has been postponed.

An official estimates the expense the United States has been put to in protecting the Cuban coast for Spain at about \$2,000,000. This is probably a large estimate, but a naval officer thoroughly cognizant of the facts stated that it would really be cheaper for the United States to send a fleet to Cuba and blockade the coast there against incoming filibusters than to try to stop them on our own extensive coast line.

The White Squadron, comprising the cruisers New York and Brooklyn, and battleships Massachusetts, Texas and Iowa, has arrived at New York from an extended tour in Eastern waters.
