STRICTLY DEMOCRATIC.

New Paper to be Started in Raleigh Nov. 15th.

Another Accident on Street Car. Russell Says Smith Must be Tried. Sues the Southern. Judge Ewart on Passes. Court Opinions.

JOURNAL BUREAU, RALEIGH, N. C., Oct. 27.
The new morning Democratic daily will appear by November 15th. It will be "strictly Democratic" and some of the most prominent Democratic business men in the State will be stockholders. The capital is \$20,000, one fourth of which is taken in this city.
This morning a sad accident occurred here. Cadet Sam Watt attempted to board a street car to go to his duties at the A. & M. college, when by some unknown way he was thrown on the track and badly injured. He may lose his foot. He was carried immediately to the Hospital, so that he might have every attention. Thus the accidents by street cars increase.

Dr. Ellis who weeks ago had severe stroke of paralysis is so far recovered as to be able to take up some of his practice.
Prof. W. F. Massey has gone to the Eastern part of the State to examine trees and orchards to see whether the San Jose scale or other pests are in them.
Governor Russell says that Dr. Kirby Smith must stand trial for the charges of immorality proved against him, as regards the criminal insane in the penitentiary. He declares he will do his best to have him sent to the penitentiary.

Commissioner Melane of the Agricultural Department has gotten letters from New York where the "briar root" pipe is made asking if briar wood or briar root can be procured in this State. There is a good supply of briar wood in the State particularly in the eastern part, and it might prove profitable for the people to look into this matter.

Governor Russell commissions Judge Robinson to hold a special term of Civil court in Duplin county.

Mr. Nepton, one of the men so lately injured by the Southern R. R. train in Durham 18 months ago sues this road for \$20,000 damages. The case comes up here.

It is rumored that two of the Supreme court judges will favor sustaining Judge Robinson in his ruling as to the R. R. Commissioners suit. That two regard the action of the Governor as unconstitutional and the fifth judge is not yet decided in his opinion.

The cotton compress here was yesterday busy compressing cotton for foreign shipment.
Judge Ewart in a charge to the Grand Jury says that "surely" complimentary R. R. passes, are not unlawful.
A reward of \$100 is offered by John

Hope For Frost.
WASHINGTON, October 26.—Surgeon-General Wyman has inquired of the chief of the weather bureau as to the dates at which frost may be expected at the places infected by yellow fever. He is informed that the average date of the first appearance of frost at Mobile is November 22, at Montgomery November 12 and at Galveston December 18. The earliest date at which frost has been known at Mobile is November 2, at Montgomery November 1 and at Galveston November 18.

New Orleans, October 26.—The new cases of yellow fever reported in this city today exceeded 50 by nightfall. There were five deaths from the disease. Cases appear where there has never been fever before. The doctors say the germs are dying around, and that the disease is not to be restricted by municipal or geographic boundaries.

SETH LOW.

Republicans May Desert Tracy for the Union Candidate.

George Making Things Lively. Croker Defending Himself Against Charges. Tammany Dis-mayed at Bryan's Attitude.

NEW YORK, Oct. 26.—A much stronger drift toward Seth Low as a candidate for mayor is evident during the last forty-eight hours, owing to the settled conviction of many Republicans, who would willingly vote for General Tracy, that the latter has no hope of election and that their ballots will be thrown away if cast for him. General Tracy's own statements have been largely responsible for this impression, the tone of his speeches being that of a man who is standing simply as a representative of party principles, without expressing any ideas as to his course in the event of his election.
Henry George has caused the veteran Richard Croker, who has earned the title of "The Silent," to open his lips. Croker is now defending himself daily from the charges made against him by George. While Van Wyck and the other leading Democratic candidates are silent, he is sustaining the burden of campaign controversy.

John C. Sheehan said today that Van Wyck would have a vote of 250,000, with a plurality of fifteen thousand in Brooklyn.
The Tammany leaders and campaign managers were thrown into a panic today by the news that W. J. Bryan favored the election of Henry George, and that he refused absolutely to say one word in favor of the Tammany ticket. When George entered the race during the rumor about Bryan's attitude, the Tammany leaders, and then they went to work to use all the influence they could control to keep Bryan from coming out openly for the only candidate running on the Chicago platform. Today a letter from Ex-Governor William J. Stone, of Missouri, was received at Tammany Hall which threw the campaign managers into an excited state. Mr. Stone wrote that Bryan had refused to say a word in support of the Tammany ticket.
The statement issued last night by Senator Platt, in which he declared that Tracy was certain of election, failed to have the intended effect of stiffening up the machine line. Even Platt's close friends in allying to it say now that no good general will admit defeat on the eve of battle.

North Carolina Blankets!
The following from the Augusta, Ga., Chronicle speaks urgently for Northern industries and shows what North Carolina is doing:
"The Chronicle has always advocated diversified industries in the South, and maintained that success could be achieved by our people in any field they entered with intelligence and industry. The success of the Chatham Manufacturing Company, of Elkins, N. C., is a case in point. They use Southern wool and make goods equal to the best. Mr. P. D. Herken, who has been selling dry goods for many years, and is a competent judge, has been handling their goods, and he declares he can't buy as good blankets anywhere else for the same money as those he gets from the Elkins Woolen Mills. This is high praise from a competent source. Use southern blankets. You will enjoy them next winter, for they are hot stuff."
Referring to the above we beg to say that we have received today one case of blankets as described. None better made and the actual worth of each pair is \$5.00, the price is \$3.50.
