TO AID TAMMANY.

Mayor of Chicago and Three Hundred Democrats Coming.

Will Make New York Howl. Dead Set Against Henry George. Platt is Also Attacked by George. Teller's Opinion. All are Certain.

New York, October 27.—Mayor Harrison, accompanied by his cabinet, a brass band and nearly 300 broad shouldered members of the Cook county Democracy, all wearing silk hats and smiles of various degrees of breadth, are on their way for this city for a three days stumping tour of Greater New York.

"Hurrah for Tammany and to blazes with George," is the sentiment of the leaders of the delegation, and the Westerners apparently meant to act on this feeling in a way that will fill the Tammany tiger with joy. Nearly every prominent Democratic politician of Chicago is in the party.

There is much dissatisfaction in Tammany over the coming of Mayor Harrison, of Chicago, to help Van Wyck. The local jealousy between New York and Chicago makes the feeling against outsiders stronger than usual in Harrison's case. Croker is blamed for asking him to come.

George has now begun to attack Platt on the same charges that he has brought against Croker. He said today: "I look upon Platt as just as plain a thief, a blackmailer and a corruptionist, a man who is in politics for precisely the same purpose that Croker is, and who has been guilty of substantially the same practices and if the people will intrust me with power I will investigate Platt to the full extent of my resources, and as relentlessly as I will Croker. He is, in fact, the more accomplished and greater swindler of the two."

George's direct personal attack on Croker and Platt has aroused the classes to which he appeals to a high pitch of enthusiasm.

Mr. Croker himself has thrown aside all reserve and is defending himself as best he may against George's onslaughts. He said today that he had heard that the Republicans had induced George to become a candidate in order to divide the Tammany vote. He would not vouch for the truth of the report.

In a letter which Senator Henry M. Teller, of Colorado, has written to William Wilhelm, the Senator says he does not hope for Henry George's election in New York, though it would please him greatly. National issues won't be affected, he says, by that city's vote.

Senator Teller says: "The fight for silver will go on until we get open mints for gold and silver, at a rate to be established by law."

The managers for the four leading candidates all express absolute confidence in the election of their men in the daily bulletins issued by them.

Men of War on a Chase.

WASHINGTON, Oct. 27.—The administration is attempting to repair the error committed by the federal authorities at New York in permitting the departure of the alleged Cuban filibuster Silver Heels by intercepting that schooner in the vicinity of the Bahamas or the Florida keys.

Two men-of-war are now searching for the vessel. Under orders issued yesterday by Secretary of the Navy Long, the cruiser Montgomery and the gunboat Annapolis, which were at Key West, were sent to sea to look for the Silver Heels and the steamer to which it is supposed she will transfer the supplies she has on board for transport to Cuba.

WEYLER RESTLESS.

Wants to Leave Before His Successor Arrives. Gen. Lee Wanted.

HAVANA, CUBA, Oct. 27.—General Weyler has been ordered to remain in Havana until General Blanco arrives. This may mean that Weyler is to be sent home under arrest for refusing to obey the order to give the command to General Castellanos. He wanted to sail two days before General Blanco could reach Havana.

Castellanos, in the face of Weyler's resistance, was absolutely helpless, so far as assuming command was concerned, but he sent a special messenger to Key West and called the whole situation to his government. It is owing to this dispatch that Weyler has been told to wait for General Blanco.

The retiring general is using every means to win sympathy here. Upon the way in which he employs the powder he has concentrated depends to a considerable extent the stability of Spain in Cuba.

Next to a man-of-war here, Americans here would like to see Consul-General Lee.

Most small industries and less small politics," says the Chattanooga Times, "would do this town good."

Because of protests by labor unions the Marine Band will not be allowed to go to Chicago to play for the horse show.

The Superintendent of the South Carolina penitentiary believes that that institution will pay a profit of \$10,000 this year.

Senator Morgan is slowly improving but still confined to his bed in San Diego, Cal., from an attack of grippe.

President Chauncey M. Depew, of the New York Central, says that in his opinion the wreck at Garrison's was caused by a dynamite explosion perpetrated by enemies of the company.

The Cuban committee in Buenos Ayres has collected a large sum of money to aid the rebels. It is stated that a resolution to recognize the belligerency of the Cubans, which is supported by many members will be introduced in the Congress of Argentina.

Adjutant-General Stewart will issue orders next week to 1,500 Pennsylvania soldiers for free transportation to Chattanooga and return. The trip will be made in order to attend the dedication on November 15 of the Pennsylvania monuments on the Chickamauga battlefield. Governor Hastings and his staff will take part in the dedication, with representatives of the national government and the Pennsylvania battlefield commission.

Nearly all the vessels in the Belting Sea whaling fleet have been caught in the ice and some of them may not last through the winter. Not since the winter of '84 has such wholesale disaster been threatened. Fourteen steamers, barks and schooners are known to be in the pack, and only five of them are supposed to have more than two months supplies aboard.

NO CONVICTS.

Penitentiary Directors Refuse Them for Work on the Roads.

Application Made Under the Acts of 1881. The Refusal will Result in a Suit. Russell to be Denounced. Fishery Congress at Tampa.

SPECIAL TO JOURNAL.

RALEIGH, N. C. October, 28.—The Tyrrell county commissioners made a formal demand today under the act of the Legislature of 1881, and also under the act of the last legislature for one hundred convicts to work public roads at State expense.

The Penitentiary Superintendent and Directors refuse to furnish the convicts and a suit will follow their action.

J. H. Young and Governor Russell will probably be denounced by the negro convention which meets next Wednesday.

Governor Russell has been requested to appoint delegates to attend the National Fishery Congress, which meets at Tampa, Fla., Jan'y. 19th, 1898.
