WILL CAUSE A FIGHT.

To Preserve the Civil Service Law.
Armor Plate Plant Location.

JOURNAL BUREAU,
WASHINGTON, D. C., Nov. 2.

The opinion is growing in Washington that the civil service law will have to fight for its existence during the coming session of Congress. Gen. Grosvenor, of Ohio, in a long speech at the extra session, made the positive statement that he had enlisted for the war and that his bill for the repeal of the entire law would be pushed this winter. Some of those who have made it a point to ascertain how members of the House would stand on a vote on the Grosvenor bill, expressed the opinion that it would pass. Speaker Reed has not made known his attitude towards the bill, and upon that depends whether it can be got to a vote. Some of his personal friends think that whether he favored or opposed the bill, it would be good policy, if he has not abandoned his Presidential aspirations, for him to allow the bill to be voted upon. It is hinted that although President McKinley favors the civil service law personally, he will not feel called upon to enter into a fight with Congress to prevent its repeal, and that he would not veto a bill for its repeal, but this probably has no better foundation than surmise. But there is no surmise about the interesting fight on the law, that is an absolute certainty.

The report is current in naval circles that the Board of officers who have been inspecting numerous places will report in favor of locating the government plant for the making of armor plate for fighting vessels at Birmingham, Ala., if Congress decides that one should be established, which is more than doubtful since Secretary Long announced his opposition to the whole business.

It is expected that a treaty of convention between the United States, Russia and Japan will be formally signed and executed at the State Department during the present week, carrying out the proposition before the Berlin Sea conference or a suspension of pelagic sealing.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is a purely vegetable, acts by giving tone to the nerve centres in the stomach, greatly stimulates the liver and kidneys, and aids the organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is recommended by those who have tried it as the very best blood purifier and nerve tonic. Try it, sold for 25c or \$1.00 per bottle at F. VAN WYCK WINS.

Elected Mayor of Greater New York by Big Majority.

OHIO MAY BE DEMOCRATIC.

Returns are Slow. Maryland Probably Republican. Nebraska Carried by Fusion Ticket. Latest Returns Make the Result in Ohio Doubtful.

The elections held in the various states showed at a late hour last night that the Democrats were probably successful in New York, Ohio and Nebraska, and that the Republicans have carried Maryland and Massachusetts.

The vote in the State elections is close and may take some time to decide the result which may be different from what early returns indicate.

The contest for the Mayorality of Greater New York is decided by the election of Van Wyck, the Tammany candidate, by a vote ranging well up towards 100,000 plurality.

The dispatches as received at this office last night were as follows:
Parker, Democrat, Court of Appeals is elected in New York State over Wallace, Republican.

Hamilton County, Ohio, is carried by the Democrats by a majority of from four to nine thousand.

The fusion ticket in Nebraska is reported as being successful.

The Richmond Times says that Tyler is elected Governor of Virginia by the Democrats by a big majority.

The country vote in all of the States shows a heavy falling off and the returns come in slowly.

Returns from New York City show the result will be in the following order: Van Wyck, Low, Tracy, George, with indications of eighty four thousand plurality for Van Wyck.

It is announced in Tammany Hall that Van Wyck is elected Mayor of Greater New York by a majority of from 75,000 to 100,000.

Returns indicate that the fusion ticket, composed of Democrats, Populists and silver Republicans is carried by 12,000 majority in Nebraska.

Walcott, Republican is elected Governor of Massachusetts over Fred Williams, Democrat.

The returns from Cincinnati at 9:30 P. M. indicate that the State has gone Democratic by 5,000 majority, but the result is still doubtful as returns are coming in slowly.

The city of Baltimore elects fourteen Republicans and seven Democrats to the State Legislature. It looks now like the State of Maryland is Republican, but returns are being sent in slowly.

Spanish Recruits' Mutiny.

LONDON, November 1.—A special dispatch from Madrid says that sixty recruits at Jaen, in the province of Huesca Spain, who were destined for service in Cuba, became mutineers and, deserting their camp, fled to France. The report is denied by the Spanish officials, but credence is given it, as there is known to be discontent among the Spanish provincial recruits.

FINALLY SOLD.

The Government Gets Back What It Paid For the Union Pacific Railroad.

OMAHA, Neb., November 1.—The Union Pacific Railroad property, including the buildings and all that goes to operate the system, was sold to the reorganization committee here this morning for \$53,528,531.95.

This amount does not include the sinking fund in the hands of the government, and taking this to be \$4,036,490, the amount stated in the government decree covering the sale of the road, the total paid for the property was \$57,565,031.95.

Thus the government gets back what it paid for the property. It has been said that had the government waited until the Coates English syndicate could have put in a bid it might have gotten more. There was but one bidder, and the road went to the reorganization committee without opposition.

The crowd present at the sale numbered about 500. The auction was advertised to take place in front of the Union Pacific freight house, at the junction of Ninth and Jones streets, at 11 o'clock, and it was just one minute after that time when Master in Chancery Cornish, who acted as auctioneer, took his stand on the step in front of the Ninth street entrance and began the sale.
