Russell Deserts Negro Fair Without Giving Excuse.

Vance Monument. Vance Homestead Sold. Parnell at Richmond on November 8th. New Hanover Bank Case. Public Libraries in the State.

JOURNAL BUREAU, RALEIGH, N. C., Nov. 3. At the negro fair yesterday—the Governor was billed for a big speech, but he got on the train and went to Wilmington and did not even send an excuse. This will probably be noticed before the convention tonight.

Today the negro convention met. Howe, of Wilmington and E. A. Johnson of Raleigh were the applicants for the chairmanship. Johnson was the favorite. The convention was to demand recognition of the negro by the Republicans, or else to know the reason why.

On the 11th there is to be a large gathering of ladies here to attend a big missionary meeting. It will be one of the largest gatherings of ladies ever held here. Charlotte has raised \$4,200 for a monument to Governor Vance. Asheville has already raised a shaft to his memory. Only a few hundred dollars has been secured for a memorial here, and but little of that came from the citizens of Raleigh. The old Vance homestead at Charlotte was sold this week for \$4,300.

Governor Russell is being criticized for granting so many pardons, and also for granting them secretly. Many times a convict has been pardoned and no one out side of the penitentiary has been told.

Today like Sunday is an ideal day. While the ground is rather damp the sun will soon have it all right.

Judge Parnell is holding U. S. court in Wilmington this week. He opens court here Dec. 6th. There are about 100 cases docketed for the court here. On the 8th of November Judge Parnell will be in Richmond, Va., to take up the Henzey-Langdon case at Chambers. The sale of the Cumcock mines will be either confirmed or rejected. Judge Parnell will make his initial appearance in the court of appeals in Richmond. Chief Justice Fuller will preside.

The hunting season is fully opened and partridges are plentiful. In the Superior court here there was today argument heard in an interesting case. When the Bank of New Hanover failed its branch bank at Wadesboro was solvent. The argument was one whether the assets of this branch shall be paid first to the creditors of this bank or be distributed to the general creditors of the Bank of New Hanover. A receiver was appointed when the bank failed, but the State Treasurer said he only had the right to move to appoint a receiver. It was decided he was right. The question to be decided is whether the Judge was

right in upholding the State Treasurer's ideas.

There are 45 public libraries in the State according to a list prepared by the State Librarian. In these 45 libraries there is a total of 200,000 volumes; There is also a private library of 50,000 volumes in Mitchell county that is open to the public.

Cotton is being brought in in much larger quantities within the last few days. Haynes who was convicted of murder in the first degree in Columbus county has had his death sentence commuted to life imprisonment. He is scarcely more than an idiot. Solicitor Seawell who prosecuted him forwards a strong petition for this commutation.

The crop of acorns, nuts and chestnuts is very large this fall. Warren Coleman of the cotton mill at Concord, which is to be operated by negro labor, is here and says the work on the building is half done.

TO TAUNT SPAIN.

Famous Tug Three Friends to go to Havana. Silver Heels Lands Her Cargo.

JACKSONVILLE, Fla., November 1.—The famous tug Three Friends left here last evening towing the schooner Hartley, loaded with cattle for the Havana market. She left the river amid the booming of cannon, screaming of whistles and other salutes. The side of the cruiser Venturus was crowded with men and officers as she passed.

Back of this trip lies a rumor that the Cuban Junta has sent the Three Friends to Cuba in the hope that her previous reputation may cause the Spaniards to seize her and thus afford an excuse for American men-of-war to enter Havana harbor.

It is rumored that the Cuban Junta has put up the price of the vessel and that she is to go into Havana harbor. It is their hope that the Spaniards will be so resentful of her past reputation as a filibuster that they will seize her, notwithstanding the presence of a United States official on board, thus complicating matters and making the United States interfere. In that case they are in hopes that the incident will be enlarged upon in the present state of public opinion, thus forcing the Washington officials to interfere and perhaps indirectly aid the insurgents by making trouble for the Spanish authorities.

It is now believed the Silver Heels has sailed directly to Cuba by the outside passage and there landed the arms and ammunition she carried, or that she met a steamer, presumably the Dauntless and transferred the munitions to that vessel. The attempt of the navy to repair the error committed by the federal authorities in Norfolk in permitting the departure of the Silver Heels will probably not relieve the United States of liability for damages to Spain in this case.

Frost in Louisiana.

NEW ORLEANS, November 2.—The weather today was still cold and clear, and there are hopes that it keeps up there will be more frost.

The situation is considerably brighter in this city, everybody feeling that the present cold spell is going to kill the fever. There was heavy frost all over the State last night, and the effect of it is shown by the receipt of a number of orders for goods by local merchants from places which had quarantined against New Orleans.

MARYLAND DEMOCRATIC.

According to the Reports From the State Last Night.

Ohio Claimed by Both Parties. Complete Figures From Greater New York. Baltimore Elects Republican Mayor.

The returns from Tuesday's election have come in very slowly and the result is still more or less in doubt in Maryland and Ohio with the chances favoring the Democrats.

The last report as received over the wire last is as follows:

"Democrats carry Maryland. Republicans carried the legislature. Ohio is still doubtful. Both Republicans and Democrats claim the State. Hanna claims the legislature but by only two majority. The Democrats claim the legislature by seven majority."

Following is the grand total of the votes received by the three leading candidates for mayor in Greater New York, complete returns having been received from all of the districts:

Van Wyck, 235,181.
Low, 148,513.
Tracy, 101,823.

Van Wyck's plurality over Low, 86,568.

Robert A. Van Wyck, who has just been elected Mayor of the newly-created City of Greater New York, is at present Judge of the city court of New York.

He is a thorough and steadfast "organization" man, supporting Tammany at all times, and under all hazards.

It is said he was chosen from among other candidates for the mayoralty on account of his tested loyalty to the views and wishes of the leaders of that organization.

He was never before a candidate for any office except for judge of the city court.

In the city of Baltimore, Malster, Republican, was elected Mayor by a plurality of about 6,000 and the State ticket by about half that number.

Incomplete returns from Ohio indicate the election of Gov. Bushnell and the Republican State ticket by twelve thousand majority, the legislature being in doubt.

The plurality for Shaw, the candidate for Governor of Iowa, will not exceed 20,000, although the rest of the ticket will run somewhat ahead. There has been a falling off of 20 per cent. in the vote as compared with last year. The Republicans have suffered 16 per cent of the loss.

Maj. J. Hoge Tyler is elected Governor of Virginia by 50,000 majority and the Legislature is overwhelmingly Democratic. While the vote was light the majority in the State is substantial.

In Nebraska the fusion Democratic ticket is certainly elected, and in Colorado the fusion Republican ticket wins.

Massachusetts is Republican by 83,000 and Boston elects a Republican Mayor.

Pennsylvania likewise goes heavily Republican.

Weaver, Democrat, was elected Mayor of Louisville, Ky., and the returns from the State indicate that it has gone Democratic.
