BUTLER ALSO

Riding on Passes Same as His Friend Russell.

Street Improvements. Complaint Against Street Railway. Fertilizers in Western Part of State. Baptist Convention.

JOURNAL BUREAU. RALEIGH, N. C., November 4. It was noted a few days ago that while Governor Russell was raising such a hue and cry over the free pass matter, he had a pocket full of passes, and was using them. Senator Butler caught up the cry, and it is now made public that he has been riding on a free pass over the Atlantic Coast Line for some time. Is there any consistency to be found especially in politicians?

Senator Butler today defends Gov. Russell in his attack on the Democratic management of the penitentiary. He says that he believes Theo. Evans, Gov. Russell's expert, is right.

It is positively declared that both Butler and Skinner are trying to lead the populist party into the republican ranks. The negroes last night adopted resolutions that all candidates who wanted the negro vote must sign a pledge to give the negro half the positions at their disposal. This has made the populists mad and many will not listen to such terms.

An Art League has been formed here, under the supervision of artist W. G. Randall. There are 13 members. This class will study art.

Chairman Drewry of the street committee has visited quite a number of cities and looked carefully into their street improvement methods. An order for 3,000 feet of granite curbing has been given to a Salisbury firm. The rock quarry just out side of the city here will be worked for Belgium block for paving and the refuse granite will be used for macadamizing purposes.

The hanging of Sam Wright in Goldsboro on the 10th will be private.

Mr. R. H. Lewis, Jr., of this city has been elected manager of next season's base ball team at the University. Dick Winston is captain.

Mr. A. P. C. Bryan, who for years has been the agent in the Southern Express Co., here, and who has recently been so very ill, is much improved.

Gen. Thos. L. Clingman died at Morganton yesterday at 1 o'clock. He was closely identified with North Carolina as a politician, a soldier and a scientist.

It is said that there is plenty of briar root growing in the western part of the State, and as the manufacturers of the vesper root pipe have been buying abroad, Commissioner Newborne hopes to open up a new industry for North Carolina.

Complaint has been filed before the Railroad commission by the Agricultural and Mechanical college that the Raleigh Street Railway Co., refuses to issue commutation tickets to the students, but does issue them to the city school children and the female colleges.

It is said that the sales of commercial fertilizers in the western part of the State are the largest in 10 years. It is for small grain and grass.

The labor commissioner is making good progress on his annual report. The tale industry is specially noted. Graphite is found in large quantities near Old Fort, McDowell county.

TO SUCCEED AYCOCK.

Republicans Say That T. M. Arzo is the Man. Special to Journal. RALEIGH, N. C., Nov. 4.—Republicans here who propose to be on the inside are saying, tonight, that T. M. Arzo stands the best chance of becoming the U. S. Attorney of the Eastern District of North Carolina, to succeed C. B. Aycock, who was continued in office until his successor should be appointed.

THOS. L. CLINGMAN.

Aged, Poor and Infirm North Carolina Shelters Him at His Death. RALEIGH, N. C., November 3.—General Thomas L. Clingman, ex-United States senator, died in the Morganton insane asylum at 1 o'clock p. m. today; aged, poor and infirm, the State gave him a home there.

General Clingman was born in Yulkin county in 1816, elected a whig member of the legislature in 1835 from Surry, and a State senator in 1836 from Asheville, became a leader of the whig party and was a member of congress from 1843 to 1858, excepting the Twenty-ninth congress. In 1858 he was appointed to the United States senate to fill the vacancy caused by the resignation of Asa Biggs and was re-elected. His speech on Clay's defeat led to a duel with William Yancy, of Alabama.

At the outbreak of the civil war he entered the confederate army as colonel of the Twenty-fifth North Carolina regiment and soon became brigadier general, and was wounded at Gold Harbor and at Petersburg. He served as delegate to the national Democratic convention in 1868, but avoided politics since.

He explored the mountains of his State discovered that they contained the loftiest peaks of the Appalachian range, the chief one of which was measured by him in 1875, and now bears his name; opened the mica mines of Mitchell and Yancey counties, made known the existence in the State of corundum, zircon, rubies and other gems, by his observations on the meteor of August 2, 1860, furnished the best evidence yet given of the height of the atmosphere, and affirmed that in some way sound might be transmitted with the speed of electricity.

CAUSE OF TORPEDO BOATS.

Flotilla Sails For Wilmington, N. C. Where The Vessels Will Engage In Novel Evolutions. WASHINGTON, November 3.—After having been storm-bound for several days in Hampton Roads the torpedo boat flotilla left this morning for Wilmington, N. C., where the department directs that evolutions with the little craft be carried out by Lieutenant-Commander Kimball.

These will include the new scheme of sending one boat off on a chase, while the remainder of the flotilla try to find it within a given area of water. The purpose of the maneuver is to practice vessels of this class in the work of scout duty in order they may be proficient in hunting out an enemy and in informing a fleet of the approach of an attacking party hours before sighted.

The flotilla, after operating off Wilmington some days, will continue its trip South, the next port reached being Charleston, from which place it goes to Savannah and thence around the Florida coast to the gulf. Several weeks will be spent by the boats on the Atlantic side, and until the yellow fever has entirely disappeared it is not proposed to allow the flotilla to go near the infected cities. Other torpedo boats will probably join the flotilla later in the winter.

Latest News Items. General Wade Hampton, having turned over his office to General Longstreet, will leave for home this week.

James H. Eckels, the Comptroller of the Currency, will accept the presidency of the Commercial National Bank, of Chicago, to which he was elected.

Aeronaut Stewart was drowned in Lake Michigan at the foot of Monroe street, Chicago. Thousands of persons witnessed the accident.

FINAL COUNT.

Shows That Gorman is Defeated in Maryland. HANNA HAS A MAJORITY OF FIVE IN OHIO LEGISLATURE. SIXTY THOUSAND MAJORITY IN VIRGINIA. KENTUCKY LARGELY DEMOCRATIC. BALTIMORE, Md., November 4.—The Senate will have 18 Republicans and 8 Democrats.

The House of Delegates, as the returns at present stand, will have 47 Republicans and 44 Democrats and there is one tie in Talbot. On joint ballots the Republicans have 61 votes and the Democrats 52.

COLUMBUS, Ohio, November 4.—Bushnell, Republican, is re-elected Governor by about 29,000 plurality.

In the legislature the Republicans will have a majority of five on joint ballots follows: Senate, 17 Republicans, 19 Democrats. House, 58 Republicans, 51 Democrats. Totals, 75 Republicans, 70 Democrats.

There a movement which is causing much comment, and that is for Governor Bushnell to be brought out for Senator Hanna but Governor Bushnell denies any knowledge of it.

KANSAS CITY, Mo., Nov. 4.—The indications are that the republicans have carried a majority of their Kansas town tickets by increased majorities over 1896 and that they hold their own as compared with the vote of 1896, which was a republican year.

RICHMOND, Va., Nov. 4.—Fuller returns from the election in Virginia fully sustain the estimate that Tyler and the other Democrats on the State ticket are elected by sixty thousand. The Republicans, headed by McCaul, pulled a very insignificant vote. So far as reported that ticket did not carry a dozen counties. The Democrats have made immense gains in the legislature.

TRUSTON, N. J., Nov. 4.—The New Jersey Legislature will have a Republican majority of 21 on joint ballot.

DES MOINES, Iowa, Nov. 4.—Chairman McMillen of the Republican committee, contends that Shaw's plurality for Governor will be more than 30,000.

LOUISVILLE, Ky., Nov. 3.—Kentucky wheels into the Democratic column again by a majority of over 25,000.

ALBANY, N. Y., November 4.—The completed returns from the State are coming in slowly. This shows that the Republican landslides of the last two years have been overcome, if not by giving us large a plurality for the Democrats at least by changing something like 210,000 votes.
