OPINIONS VARY.

In Regard to Chances for a Finance Bill This Session.

Belief That Republicans Will Hereafter Go on Record. Old Officers Have Best Chances. Reasons Given for the Need of a Big Navy.

JOURNAL BUREAU, WASHINGTON, D. C., Nov. 15.

The only Representative of prominence who has turned up in Washington with the positive opinion that the coming session of Congress would pass a financial bill, is Mr. Fowler, of New Jersey, a member of the House Banking and Currency committee. He not only has that opinion, but he has the courage to express it, and to add the prophecy that if the Republicans fail to put through a financial measure, they will be punished at the congressional election of next year, by losing control of the House. He even goes further, and says that if the monetary conference formulates a financial measure that appears to be sound, it will be forced through Congress by the power of public opinion. This opinion is so directly opposed to those which have been expressed by other Senators and Representatives that it places Mr. Fowler in a class all by himself, so far. He may, of course, be right, but it is nevertheless the general opinion in Washington that no power on earth would be strong enough to get any measure recommended by the monetary conference through the Senate, as it now stands. It has been stated by men of prominence that the financial recommendations of President McKinley's message will be made merely to put himself and his administration on record, and that while the House may pass some bill or bills in accordance therewith, no serious attempt will be made to force action by the Senate, because it is regarded as useless.

One of the things that are especially surprising to those who have been unsuccessful applicants for office under several administrations, is the frequency with which the ex-officio-holder walks off with the best things on the official picnic. For instance, before it had become generally known that Judge Walker Fear had, on account of ill health, about decided to resign his seat on the International Mixed Court at Cairo, Egypt, a life-time place, practically, with easy work and a salary of \$7,500 a year—it was announced that General Geo. S. Batchelor, of New York, ex-Minister to Portugal, ex-Assistant Secretary of the Treasury, and the holder of this same position for about ten years, would be recommended by the President to fill this vacancy, when it occurred. The appointment is made by the Khedive of Egypt.

Assistant Secretary Roosevelt gives the following reasons why we need a larger Navy: "We need a powerful fighting Navy, a Navy including an ample number of torpedo boats, an ample force of sea-going battleships, and also

armored cruisers, which should possess great coal endurance and carry an abundance of heavy rapid fire guns. We cannot avoid our responsibilities. We have announced, again and again, our adherence to the Monroe Doctrine. Unless we are willing to be put in the contemptible attitude of those who bluster without being able to back up their words with deeds we must prove that our attitude about the Monroe Doctrine is not a sham. To prove this means that we must have a powerful Navy. If we annex Hawaii, as every consideration of interest and honor bids, we shall need an adequate Navy to enforce our position on the Pacific. If we do not annex Hawaii, we shall need a much larger Navy, as Hawaii cannot stand alone; some other power must necessarily take it, and from that moment menace our whole Pacific coast. If we have a proper Navy it will not tend toward war, but toward peace."

Latest News Items. Havana, November 14—Consul-General Fitzhugh Lee arrived this afternoon on the Ward Line steamer Segurana. He was welcomed by the consular officials and a large company of friends.

London, November 14—A dispatch to the Daily Mail from Berlin says: "Emperor Williams made the highest shooting in a battue on the estate of Prince Liehnowski, at Kucheln. The party killed 4,241 pheasants, of which the Emperor shot 1,224, an average of five per minute during shooting time."

Chicago, November 14—It has been finally agreed that the second trial of Adolph L. Luetgert on the charge of wife murder will begin November 22. This is the same date as that for beginning Martin Thurm's second trial at Long Island City, N. Y.

Boise, Idaho, November 14—The Boise Sentinel, official organ of the people's party in this State, announces that henceforth it will fly the banner of flat money instead of free silver at 16 to 1, the attainment of the latter being considered too remote to have the desired effect. Senator Heitford has secured a controlling interest in the Sentinel.

Lynching Indians. BISMARCK, N. D., November 14—Alexander Coudot, an Indian half-breed, Paul Holytrack and Phillip Ireland, full-blooded Indians, were taken from the Emmons county jail and lynched last night.

Coudot had been sentenced to death for the murder of six members of the Spicer family last February and had just been granted a new trial by the State Supreme Court. Holytrack and Ireland are self-confessed accessories to the murder.

The lynching was coolly planned and was carried out without a break in the programme. Willamport, where it took place, is about 40 miles from this city, and the news was received here this afternoon by a mounted messenger.

Will be Retained. WASHINGTON, Nov. 14.—Postmaster E. T. Page, of Red Water, Tex., will be retained by this administration, and all because of the birth of quadruplets and twins in his family. Eleven years ago he was given the postoffice, but when General Clarkson became Assistant Postmaster-General in the Wanamaker administration an effort was made to replace the postmaster with a candidate of the Republican party. Many applications for the place were filed, but Page appealed for retention, citing that his wife had just presented him with home twinning quadruplets, and that twice before twins had been born to them. This settled the case, General Clarkson deciding not to remove the incumbent. The case has now come up again, and a number of candidates have sought the place. But Page has again protested that the successful raising of three of the quadruplets and two sets of twins entitled him to some consideration, and sent photographs of the three surviving quadruplets, now almost young ladies, Assistant Postmaster General Bristow conferred with Postmaster General Gary, and the two decided that there should be no change in that office.

AGAINST THE LAW.

To Discharge Employees for Serving the State.

The Negro Evans Condemned to Death. Brought Back to Raleigh. Musical Matters. A Fancy Dress Ball for the 26th.

JOURNAL BUREAU, RALEIGH, N. C., Nov. 15.

The detachment of the Governor's Guards who went to guard Evans to Rockingham has returned. It is reported on the streets that the employees of two of the men say they will discharge them for being off duty at their place of business. If so the Governor will prosecute these men for it in violation of the Code to interfere with men who are serving the State.

The result of the trial of the negro John Evans for assault at Rockingham is a verdict of guilty and unless the Governor interferes he will be hung on the 25th. He will be brought back here to Raleigh for safe keeping.

The Musical Association which has been formed here will meet this evening, and arrange for regular work. It is the plan of the association to get Mrs. Shipp of Portsmouth to come here and train the association. Raleigh has fine musical talent, and by very little effort a splendid musical organization could be kept up here.

The Ladies Hospital Aid Association found that it would not be practicable to bring Mrs. Shipp and her splendid amateur troupe here before the holidays. There are so many attractions for the next few weeks that they feared a good house could not be obtained.

The Fancy Ball for the 26th is to be for a charitable object. All the social clubs in the city will take part and it promises to be a decided success.

The students of Trinity and Wake Forest Colleges will meet here in Raleigh on Thanksgiving evening in inter-Collegiate debate. The query will be "ought the systems of water works, lighting and street cars to be operated by the city for its people, or by private individuals." Trinity takes the affirmative. It is hoped to form an inter-collegiate league and have frequent debates.

Evangelist Lee and Mr. Nichols secretary of the State Fair are leaving a pretty lovely time. Mr. Nichols very justly remarks made by the preacher, and tells him he will hold him to account for anything further.

New Hanover county today paid \$18,750 taxes into the Treasury.

The Southeastern Association has made another big cut in fire insurance rates in Guilford county.

An old colored man here, who for years has had a stall in the market committed suicide this morning by drowning himself near the city. A negro suicide is something rather remarkable.

Cost of Monte Carlo. LONDON, November 14—The budget of Monte Carlo shows that the profits for the year ended October 31 were 5,000,000 francs below those of the previous year. No reasons are assigned for this falling off. The bank's outputs include 2,000,000 francs to the Prince of Monaco; police and grounds, 1,300,000 francs; salaries, 1,000,000 francs; orchestra and amusements, 8,000,000 francs; payments to ruined gamblers, 100,000 francs, and for the prevention of suicides, 100,000 francs. The number of suicides during the year totaled up thirty-five persons.
