THE CREW RELEASED.

The Competitor's Men Out of Prison. Senator Morgan Working For Hawaii.

HAVANA, Cuba, Nov. 17.—The Competitor prisoners have at last been released from Cabana Fortress by order of Captain-General Blanco, acting in accordance with orders from Spain. They will sail for New York tomorrow on the steamer Yumuri.

WASHINGTON, November 17.—By the release of the Competitor prisoners Spain has given another substantial proof of her desire to maintain friendly relations with the United States. This, on the eve of the assembling of Congress, will remove from the Cuban situation a dangerous phase which otherwise would have been used as a strong lever by congressional jingoes to secure interference by this government in Cuba.

Senator Morgan has returned to Washington in very ill health, and is confined to his residence, on Fourth-and-a-half street. In spite of his illness, however, the Senator is endeavoring to get in shape for presentation to the Senate the mass of information he collected in Hawaii, and which he will use in support of his arguments in advocacy of Hawaiian annexation.

It is the expectation of the friends of the annexation treaty that it will be taken up by the Senate very early in the session and consideration pushed to a conclusion at as early a date as possible. All the warm supporters of the administration, it is expected, will aid in carrying out this scheme, and some of the Democrats who agree with Senator Morgan are counted among those who will support the measure.

It is thought probable that the President in his message will again recommend favorable action upon the treaty. The Pacific coast people, who would naturally be most directly affected by the changed relations of the islands to this country, do not want annexation, and the two Senators from California, although differing upon nearly every other public question, will act together in opposing the treaty.

GERMANS INVADE CHINA.

LONGON, Nov. 18.—A special dispatch from Shanghai says that the commander of the German cruiser Division, Admiral Von Diederich, landed troops at Kiao-Chau on Monday morning, November 15. The three forts were held by 1,500 Chinese and their guns commanded the fleet. Admiral Von Diederich placed his four cruisers immediately opposite, ready to fire, and sent an ultimatum ordering the evacuation of the forts within three hours.

Six hundred German troops and six guns were then landed and began to march forward. The Chinese hesitated for a few moments, and then the whole fifteen hundred bolted helter skelter across the hills behind the forts. The Germans quietly entered the fortifications, hauled down the Chinese flag and hoisted the German standard, which the wa ships saluted immediately.

The forts are now held by the Germans, who, it is believed at Shanghai, intend to remain permanently.

In official Chinese circles Germany is considered to have committed an act of war, but it is regarded as improbable that China, on account of her weakness, will take action upon it as such.

It is now asserted that the murder of the two German missionaries was not the work of bandits, as originally understood, but was deliberately planned by Li Pang Hing, governor of the province.

State Board of Education.

SPECIAL TO JOURNAL. RALEIGH, N. C., November 18.—John A. Ramany of Salisbury is elected agent of the State Board of Education, vice W. G. Lewis. He will search for charts and maps of State swamp lands and will make surveys.

State Geologist Holmes has made an examination of the State lands in Bladen county to ascertain their adaptability to farming.

Latest News Items.

LONDON, Nov. 17.—The new torpedo destroyer Crane had her official trial in Stokes-bay today. She made 32.49 knots per hour. This is about 37 1/2 miles per hour.

Washington, November 17.—The subject of an increase of the navy will not be overlooked by Secretary Long in his annual report. He will recommend a liberal increase of the establishment, not so large, perhaps, as was urged by Secretary Herbert three years ago, but which, if approved by Congress, will lead to the building of two more battle-ships and six torpedo boats. He will not ask for the building of further cruisers.

San Francisco, November 17.—Attorneys for Theodore Durrant have made a new move. The condemned man now stands convicted of the murder of Blanche Lamont. No disposition has been made of the additional charge of the murder of Minnie Williams. A document filed with the district attorney gives notice that on Friday next, the attorneys for the accused will appear before Judge Bahars and demand the trial of the Williams case.

Philadelphia, November 15.—The advance sale of seats for the University of Pennsylvania-Harvard foot ball game, which takes place at Franklin Field on Saturday, has been unprecedented. The indications are that over 35,000 persons will witness the great struggle.

A DIFFERENT VIEW.

Plain Statement that Dockery has Juggled Penitentiary Returns.

A Shirt Factory to be Established. Asheville Sanitarium Incorporated. Hamerick Collecting Trucking Figures. Penitentiary Statement.

JOURNAL BUREAU. RALEIGH, N. C., Nov. 18.

Still the penitentiary statements as to the financial running of the burden are conflicting. It will be remembered that this year is the first since the farms were started that the institution was on a paying basis, and that this administration took hold with only two weeks supplies to go on. Ex-deputy-warden Ledbetter is out in a very plain statement and says Dockery is talking through his hat and has been juggling with figures. Mr. Ledbetter says that this board found on the Anson farm 200 bales of cotton which Superintendent Smith sold for \$5,500, and that on the Ronoke farm there was about 700 bales; there was also \$5,000 worth of brick ready for sale and which has been sold. Besides this Chairman Dockery admits \$8,297.97, collectible bills. Does all that show only supplies for two weeks. Mr. Ledbetter says the penitentiary was self-supporting in 1896, and that Superintendent Leazar's report on January 1st, 1897, showed cash and products ready to be converted into cash \$68,347.62 and this did not include grain and forage necessary for consumption. Come again chairman Dockery and see if you equal this.

The board of directors yesterday decided to establish a shirt factory at the penitentiary. A New York man named Hildebrandt will have charge of it. He puts in his own machinery and pays 24 cts. for each shirt made. The women and feeble men will do the work.

The Secretary of State yesterday incorporated the Asheville Sanitarium with Capital stock of \$65,000. It will be situated on Oakland Heights.

The Governor's Guards who, 21 strong, now on duty at Rockingham 5 days received \$125, and the Maxton Company, 41 men on duty 4 days got \$200.

Labor Commissioner Hamerick has gone to the Eastern part of the State to collect statistics in regard to the fishing and trucking interests of that section.

Superintendent Smith says that there has been no more escapes under his rule than before and that the truth is there have been fewer.

This morning there was the heaviest frost of the season, and the weather is quite cold.

The legislature appropriated \$500 to the negro Normal school at Elizabeth City for 1897. Conditioned upon its raising \$1500. This has been done and the \$500 has been sent.

From the Auditors office the statement is made that there are 122 first class pensioners, a decrease of 8 as with last year, 243 2nd class, 367 3rd class, 1902 fourth class, 2789 widows, total 5372. The amount of each class is not known as the tax values are not yet in.

It is said that Robt. M. Furman is to be the editor of the new morning paper here. The large press for the daily is now being put in.

Certain rules have to be carried out in regard to John Evans, the rapist, before application for pardon can be made, but the governor can act for commutation and relieve outright.

There are 485 girls at the State Normal and Industrial school.

HANNA'S BILL TALK.

He Thinks Tariff Settled for the Present. His Ideas of Democracy.

NEW YORK, Nov. 17.—Senator Mark Hanna, of Ohio, arrived in the city this morning. He was a prominent figure in the corridors of the Waldorf-Astoria today. He gave notice soon after his arrival that he would not discuss the senatorial situation in Ohio.

Several Western men, who are enjoying the festivities of the week, greeted Mr. Hanna at the hotel, but he did not discuss politics with any of them. Later Mr. Hanna, when urged to talk of the political outlook said:

"The free silver issue is getting worn out, and the Democratic leaders realize it. Some of them, like Boies, of Iowa, do not hesitate to say so. Bryan's speeches were principally personal attacks on me, as the representative of New York's interests. Flat money seems to be taking the place of silver as the issue."

"The tariff has been settled for a decade. There will be no deficit. It was expected that it would not at first supply enough revenue, but the Treasury Department says that it will be sufficient for the needs of the country."

"The agitation against unsound money must not stop. We are sending out literature from the Washington headquarters, and I hope that the sound money Democrats will continue to do the same."

"The Democratic party is no longer the old party that it was. Some strong man is needed to take it in hand and lead it back to the principles of Jefferson. Of course, there must always be two great parties in the country."

In answering questions Senator Hanna said that the Ohio election had no bearing on the election of 1900, and that he did not anticipate any serious trouble arising out of the Cuban situation.

"The Senator will, while he is here, see Senator Platt and other leading Republicans, though his visit has no political significance. He is in good health and spirits, though the illness of his friend, Gen. Benjamin Butterworth, has caused him anxiety."
