Your Doctor Fights

Disease with medicine. If the medicine is not right he can not conquer disease. If the druggist does his duty the medicine will be right, and your doctor will stand a fair chance of winning the victory.

You can help your doctor by having your prescription filled at

Bradham's
Reliable Drug Store.

A BUTCHER

That Knows His Business

never takes advantage of the inexperience of new housekeepers by giving them poor cuts or light weights. We treat all our patrons honorably and in the same courteous manner, and cut them the best of the kind that they ask for—and when we do that you could not find better for love or money. JOHN WARREN, COR. NORTH FRONT AND MIDDLE STS., Next door to K. R. Jones.

TAX NOTICE.

If City Taxes are not paid on or before the 30th day of November 1897, I shall proceed to advertise and sell the property.

Payment on or before the date mentioned will save all parties the costs.

Latest News Items.

Waco, Tex., November 19.—J. W. Harris, editor of the Waco Times-Herald a morning paper, and W. A. Harris, his brother on one side, and Judge G. B. Gerald, a prominent citizen, fought on the street this evening at 5 o'clock. W. A. Harris was shot dead, J. W. Harris wounded fatally, and Gerald shot in the side. They may die.

Columbus, S. C., November 19.—J. C. Wilborn, president of the recent cotton-growers' convention held in this city, has issued a call for a convention of cotton-growers in Atlanta, Ga., December 14, for the purpose of securing unity of action in the marketing and the sale of their product.

San Francisco, November 19.—A carrier-pigeon fancier of this city has given the United States Government eight pairs of his best birds to form the nucleus of a pigeon service in the remote parts of Alaska. The pigeons will be taken north on the revenue cutter Bear and sent to St. Michael, Point Barrow, Hershel Island and other places.

New York, November 19.—A Washington dispatch to the Herald says: An Anglo-American general arbitration treaty will be proclaimed by the present administration if it is within the power of President McKinley to bring it about. He has promised the executive committee of the Mohonk conference that he will work unceasingly to accomplish this.

Weekly Cotton Letter.

New York, Nov. 19.
For the past two weeks the cotton market has remained remarkably steady. Prices have ranged within 10 points of 5.75 for January delivery. The steadiness is remarkable in view of the heavy movement. Last week the eight movement as made by Mr. Hester was 537,000 bales and this week it is 541,000 bales. The absorption of all this cotton required a large demand, and spinners and speculators together supplied this. There has been a large amount of buying on the sentiment at price as the only argument.

We cannot however pass over the more practical reasons why cotton should not now advance.

1st. The large crop which people are talking more confidently of each week.
2nd. The low price of cotton manufacturers and what is worse, a poor demand for them.

People now talk freely of 10¢ to 10½ and not a few refer to even larger figures. This means a large movement for weeks to come.
There is now a large and promiscuous long interest in the market and we shall watch with interest how they bear the ever increasing burden of accumulating supplies. Some are sure of accumulating from time to time which will produce periods of depression as support is removed.

SOLDIERS HOME.

No Room to Accommodate Those Wanting Admission.

Extent of Swamp Lands Unknown. Smith Claims Penitentiary is in Fine Condition. The Butler Scandal. Suicide of Doctor.

JOURNAL BUREAU,
RALPH, N. C. Nov. 20.

Mr. Pace of Richmond, who desires the penitentiary to furnish him with sugar beets, wished 1,000 acres to be put in that crop, but the penitentiary officials think that too great a quantity. If he finds that 500 acres will answer they will put in that quantity.

Superintendent Branch of the Soldier's home says that over 100 applications for admission are on file. To each one the answer is given that there is no room and that the appropriation of \$5,000 is so small that no more can possibly be admitted. While there are 100 on the roll yet only 70 are present at any one time, the railways giving free transportation so that about 30 are always away on furlough. But for this there would be great trouble, Mr. Branch says.

Miss Mamie Robbins of this city has typhoid fever. It was at first thought she had grippe.

An effort is being made to have the new daily paper make its initial appearance Thanksgiving day.

The amount of swamp lands held by the State board of education does not appear to be so precisely known. Some say 1,000,000 acres; some only 600,000. Accurate surveys are needed.

Salisbury is to have an electric railway, which it is said will also be extended to the new railway shops and town of Spencer, two miles away.

The positive assertion is made that the wife of a judge, who has recently had much to say about passes, travels on one.

Senator Pritchard made a notable speech at Marshall in defence of James Payne, who early in the year shot and killed Sarah Anderson. Payne was acquitted. It is difficult indeed to convict any one of murder in the first degree in Madison or Mitchell counties.

It is asserted by some people who ought to know, Republicans, that Superintendent Smith of the penitentiary will not be re-elected next March. Smith says he will make a great showing by Thanksgiving day, paying off every cent of the penitentiary's indebtedness. He appears to be in great spirits. The general public certainly has very little faith in the present management of the penitentiary.

The matter of lower railway freight rates is being a good deal talked about in parts of the Piedmont section, and very long hauls of cotton by wagon are being made, shippers claiming that this is cheaper.

The assertion is made that P. H. Lybrook who was chief at the State Fair will be postmaster at Winston.

The telephone officials say they want to make very extensive and costly improvements all over the State.

Judges are allowed \$250 a year to cover railway and other expenses. One Judge says \$700 ought to be allowed. He must include board and every possible expense to make the figures so high.

Col. John D. Shaw of Rockingham says there is no doubt whatever of the guilt of John Evans, convicted of rape. The Maxton paper asserts its belief in Evans' innocence, and says many Richmond county people so believe. This whole matter will be regularly placed before the governor in a day or two, it seems.

The publication of affidavits, one signed by an Episcopal clergyman, that in a speech at Rocky Mount Senator Butler said the Democratic party sought to promote outrages upon women, has aroused a fresh outburst of anger, privately and in the papers, which may take a very serious turn. The Senator makes denial of the statement.

Mr. George T. Leach, who is now in Raleigh, was arranging to occupy the Park hotel at High Point, but it was burned night before last. The loss is some \$5,500, with \$2,500 insurance.

Miss Molander, the Finnish lady who is to teach the blind pupils here "alloyd" or handicraft, has arrived. The number of blind in the institution is now the largest in its 40 years existence.

A Republican official of prominence admits that "the Democrats in North Carolina are getting together." Rapid progress has certainly been made in that direction during the past 90 days.

Ex-State chemist H. B. Battle will make his home at Winston. He has sold his handsome house here. His new enterprise in phosphate works at Winston will have an output of 30,000 tons annually. Improvements of the acid works at the Caraleigh phosphate works here have just been completed as will permit double the quantity to be made.

Within seven days two doctors committed suicide in this State; one at Shelby and one, Dr. John Blackland, at Green-

ville, by taking laudanum. After the later had taken the poison he laughed and held up the bottle.

Congressman Sturford appears to be quite out in the cold in the 7th district. His audience the other day, after much announcement of the speaking, consisted of only twelve people. He will go to the "scrap pile" in next year's campaign.

Any effort to get all the cotton growers in this State to reduce acreage will fail, because they simply will not act in concert.

John M. Walker of the State University foot ball team has broken his collar bone and gone home to recover.

The Governor has ordered a special term of court for civil and criminal cases for Pasquotank county to begin January 3rd and continue until the docket is cleared. A special term of civil court for Iredell will begin January 10th, 1898.

Counterfeit silver dollars are in circulation in Asheville. It is supposed they were made in the city. They are very good counterfeits and hard to spot.

Sanford in Moore county has applied for incorporation papers for water works and an electric light plant with a capital stock of \$5,000.

A farmers institute is being held in Carthage this week. Dr. D. Reid Parker, the institute holder is assisted by Commissioner Newborne and Prof. Massey.

An anti-Saloon League is to be formed here tomorrow. A fight will be made against the saloons. It is a Herculean task for some when it is against the law drinks can always be gotten and now that the law is for license it will be uphill work.

Tucker & Co's. Trustees sold at auction stock in the Farina Roller Mills Co.; Raleigh Electric Co.; News and Observer Co.; and North Carolina Car Co. Soon after Christmas the store will be opened under splendid management.

Bradstreet's Report.

New York, Nov. 19.—Bradstreet's tomorrow will say:

There is a moderate improvement in staple prices and in distribution of woollen goods, shoes, and hardware in the region tributary to Chicago, St. Louis, Kansas City and Omaha. In South Carolina, Tennessee, and Louisiana, jobbers report a moderate revival in demand from interior merchants which represents some of the business delayed by yellow fever quarantines. Trade reports from Georgia and Texas are quite irregular.

Some cotton planters are compelled to sell cotton at a loss to meet advances made early in the season and have little or no surplus to buy merchandise. Others notably in Texas, continue to hold cotton which delays mercantile collections, and in some sections has an unfavorable influence.
