The Approach of Thanksgiving Day Creates Brisk Times.

Penitentiary Dispute Going on Still. Teachers Urged to Organize. Butler Ought to Resign. Students Have a Special Train.

JOURNAL BUREAU.

RALEIGH, N. C., Nov. 21.

Dr. A. C. True, the director of the Experiment Station in Washington has been here and examined the North Carolina Station. He will make an official report to the Agricultural Department in Washington and say that he found this Station all right.

Dr. H. B. Battle, ex-State chemist, will this week move his household furniture to Winston where he will make his home.

Mr. David G. Worth of Wilmington died last night. His two sisters from here, Mrs. W. H. Bagley and Mrs. E. F. Moffitt were with him.

Chairman Duckery of the penitentiary board comes back at Mr. Ledbetter in regard to the figures given about the penitentiary finances. There are so many charges and so many details and counter charges that the people will probably never know the right of the thing.

Superintendent of Public Instruction has issued a circular letter to the public school teachers in the State urging them to come together in each county and organize themselves into Teachers Associations. He uses strong arguments for the formation of these associations.

George Johnson the New Hanover county rapist whose death sentence was commuted to life imprisonment has been brought to the penitentiary.

The promoters of the big Charity Masked Ball to be given here on the 25th will make every effort to have it a perfect success. The proceeds will go to the use of two specially worthy objects here, and not to Rex Hospital as has been stated.

There is some comment on the fact that Barnes Bros. got the fat job of printing the report of the Rail Road commission—and that no one else had a chance at it. The work does not come under the head of pamphlet or job printing.

The weather for the last few days has been more like May than the end of November. There are, nevertheless, many old time signs that point to a hard winter.

There seems to be but little hog cholera in the State this fall. That of course means an increase in the amount of pork that will be put up. There is a large crop of acorns that mean much to the raisers of pork.

Many hunting parties have planned for sport this fall but so far the weather has been too warm for good hunting. A party from the Shocco Gun club of

New York have gone down to their game preserves near Warrenton.

There is to be a series of sermons preached at the church of the Good Shepherd on "The Apostolic and anti-Nicene Fathers." These sermons which began last night are under the auspices of the Brotherhood of St. Andrew.

The ministers to take part are Bishop Cleghire, Rev. Mr. Hunter, Rev. M. Plummer, Rev. Mr. Horner, Rev. Mr. Weston, Dr. Murdoch and the rector Dr. Pittenger.

The subjects, "Clement of Rome," "Ignatius," "Justin Martyr," "Polycarp," "Irenaeus," "Origen," and "Cyprian."

Messrs. G. E. and J. M. Leach will soon open a new business here known as the Acme Wine company. They will have control for this territory of the wines of the famous Medoc Vineyard of Ridgeway, C. N. Garrett & Co. They will also control several leading mineral waters.

The Governor has been appealed to for respite for John Evans who was to be hung at Rockingham next Friday.

Gov. Ellerbe asks that a delegate from each district and two at large be appointed to attend the cotton growers convention at Atlanta, Ga., Dec. 14. There will be many plans expressed for controlling the crop and price of cotton.

Sell's Bros. of Philadelphia, the big soap manufacturers are here to see the tale from this State. They go from here to the mines to secure a shipment of it. They say it is second only to the Italian tale. They use 60,000 pounds of it monthly.

There are many who think Senator Butler ought to resign after his diabolical speech at Rocky Mount. But it is reasonable to expect a man who is so far as to make such a speech to give up such a nice fat job as U. S. Senator. No there will be no resignation unless it can be forced from him.

Victor Borden, Esq., of this city has qualified as administrator of the estate of Dr. G. W. Blacknall.

U. S. Marshall Carroll has paid the judgment of \$25 as obtained against him by John B. Hussey of Washington.

A special train on Thanksgiving Day will bring the students here from Trinity and Wake Forest College for the big debate.

Washington, Nov. 21.—A new counterfeit ten dollar national bank note has been discovered on the Los Angeles National Bank, of Los Angeles, Cal. OMAHA, Neb., Nov. 21.—Preparations are well under way for the next great American fair. This will be the Trans-Mississippi and International Exposition which will open its gates here June 1, 1898, and continue five months.

MELBOURNE, Nov. 21.—A great fire broke out here at 2 o'clock this morning and in a very short space of time did enormous damage. It is estimated that the loss will reach \$5,000,000. Hundreds of employees of all sorts have been suddenly thrown out of employment.

New York, November 21.—In a dispatch to the Herald from Washington Senator Morgan, of Alabama, says of the attitude of Congress on the Cuban question: "The duty of Congress is plain enough and I hope the House will unite with the Senate in enacting the joint resolution passed by the Senate at the extra session of 1897 declaring that a state of public war exists in Cuba. That declaration is all that is needed to secure to the people of the United States and to the King of Spain and the republic of Cuba the rights of war as they are defined by the laws of nations."

Consumption Positively Cured.

Mr. R. B. Groves, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, a night of medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery and was cured by use of two bottles. For past three years has been attending to business and says Dr. King's New Discovery is the greatest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It don't fail. Trial bottles free at F. S. Duffy's Drug Store.

TRY IT AGAIN.

Another Arbitration Treaty With England Will be Presented.

A Chance for Senators to Redeem Themselves. Financial Recommendations Will Depend on Party Leaders. The Concessions of Spain.

JOURNAL BUREAU.

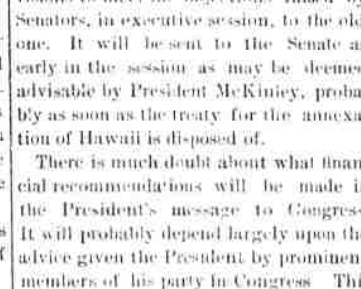

WASHINGTON, D. C., Nov. 22.

Those Senators who asserted while the debate was under way which resulted in the rejection of the arbitration treaty, negotiated by the Cleveland administration, and endorsed by the present administration, with Great Britain, that they favored arbitration, but opposed that particular treaty because of objections they specified, will shortly be given an opportunity to show whether they meant what they said or were merely talking for its effect upon their influential constituents who favored arbitration and opposed their votes against the ratification of the treaty. Another arbitration treaty has been negotiated, and special provisions have been taken in drawing its provisions to meet the objections raised by Senators, in executive session, to the old one. It will be sent to the Senate as early in the session as may be deemed advisable by President McKinley, probably as soon as the treaty for the annexation of Hawaii is disposed of.

There is much doubt about what financial recommendations will be made in the President's message to Congress. It will probably depend largely upon the advice given the President by prominent members of his party in Congress. This doubt does not arise from any clashing of financial views between the President and members of the Cabinet. They are all practically of one mind as to what financial legislation they would like to see put through Congress, but there are grave differences of opinion among them as to the advisability of making recommendations which haven't even a remote chance of being enacted. The weight of sentiment among republican Senators and Representatives will probably determine just how far Presidential recommendations will go.

The new Spanish Ministry may not succeed in whipping the Cubans into submission any better than the old Ministry did, and it may not really be any more friendly to the U. S., but it has become apparent in Washington that its repeated concessions to the U. S. are having a very decided effect in lessening the sentiment for interference by this government. Men may question the sincerity of the concessions as much as they please, but so long as Spain concedes everything, or even makes a pretense of conceding everything asked by this government, it will be difficult for this government to justify itself, in the eyes of other governments, in any hostile action towards Spain. In diplomacy, the new Spanish Ministry has shown itself to be vastly superior to the Ministry it succeeded, but the trouble in Cuba is hardly likely to be settled by diplomacy, unless preceded by some decisive Spanish victories in battle.
