### DELAY IN LEASE MATTER.

Immediate Change in Marshalship  
Eastern North Carolina.

Carl Duncan and Major Grant For  
Offices. Governor Russell Still  
in Trouble. Legacies and  
Inheritances to be  
Taxed.

JOURNAL BUREAU.  
RALEIGH, N. C., Nov. 23.  
Judge Simonton set Nov. 3rd as the time for another hearing in the lease matter, and it was to come up at Richmond. All this time has passed and now it is fixed for tomorrow, the 24th, to be heard at Columbia, S. C. Governor Russell and his board of directors of the N. C. R. R. made exceptions at some of the rulings of Hon. Kerr Craige in the lease hearing. Quite a party of Nashville people passed here last night returning from Portsmouth where they had been to make the presentation of the silver service to the gunboat Nashville yesterday.

Pennsylvania farmers are taking much interest in the section of this State in Halifax county. Two from Reading have already settled there and it is said others will soon follow.

There is a report that "complications growing out of a recent trial before a justice of the peace in Raleigh make an immediate change in the Marshalship of the Eastern N. C. District almost certain." The term of the present Marshall does not expire until January 15th, 1898.

There were between seventy five and one hundred persons present at the anti-saloon league meeting Sunday. A negro league will be formed next Sunday and then it is stated a mass meeting will be held on Monday night. Why there should be a mixture of white and black in this fight seems strange.

Incorporation papers were yesterday filed with the Secretary of State for the Kertes Manufacturing Company near Winston. Capital stock \$11,000. The business of the company is manufacturing and repairing machinery and working in wood, iron, tin, steel, bronze, etc. In McDowell county a fine graphite mine has been discovered. It is said 10,000,000 tons are easily accessible. Twenty million pounds are used annually in the United States. This mine will soon be developed.

It is believed by some that no collector of internal revenue for this district will be appointed until it is settled whether Grant of Wayne gets his place in the U. S. Senate. If Maj. Grant fails in that Duncan of Beaufort will be left and Grant will be offered the collectorship.

The docket of the Federal court which meets here December 6th will be full for all the new cases which have come up at Wilmington, Elizabeth City, New Berne (and other places where the court meets since the last time in those places, are bound over to this term of the court in Raleigh, so that the prisoners will not have to wait for trial until next spring.

Governor Russell is now being questioned as to how it is that all his freight and express packages come to him "Dead Head." Quite a list of "D. H." express packages are printed against him. Verily the way of the Governor of North Carolina is hard.

Governor Atkinson of Georgia has asked information of Governor Russell as to cost of penitentiary, the lease to farms, etc. The convict problem is troubling Georgia as well as North Carolina. Gov-

### TAX NOTICE.

If City Taxes are not paid on or before the 30th day of November 1897, I shall proceed to advertise and sell the property.

Payment on or before the date mentioned will save all parties the costs.  
J. L. HARTSFIELD,  
City Tax Collector.

Russell replied that the value of real estate actually owned including central prison, approximates one million dollars. He cannot help showing his hatred at the Democratic administration even in a telegram.

Chairman Dockery and ex-deputy warden Ledbetter are still hammering away at each other and furnishing copy for the printers. Warden Russell says he finds the women much harder to manage and give more trouble than the men. He says they are never whipped, but are put in a dark cell and fed on bread and water.

The attorney general says that the last revenue act makes all legacies or inheritances subject to taxation, whether they are in direct line or collateral. The charter of the Asheville Tobacco Company is asked to be annulled. To do this it is necessary to send signed statement of facts or omissions upon which the action must be established. If these are satisfactory the attorney general will ask the Supreme Court leave to bring suit.

The State Board of health is still making an analysis of the drinking water in use in all the towns and cities in the State.

The Populists say that North Carolina is the last strong hold of Populism. They are of course anxious to hold the balance of power for four years longer.

The State Fair diplomas were sent out today. The premiums are to be paid Dec. 1st.

Rev. James Battle Averitt will deliver an address here for the benefit of the Central Shaft at Winchester Va. Cemetery.

Dr. J. Henry Smith a prominent Presbyterian Minister died at Greensboro yesterday.

Speaker Hileman is making an attack on Senator Butler. Hileman wants to succeed Shuford, Populist as Congressman from the 7th district. He is a "Pritchard Populist."

The Bituminous coal mines at Cumlock will be worked on a much larger scale than ever before.

The warm unseasonable weather has hurt trade very much so the merchants say.

The present railroad mileage 3,096 in this State shows a slight increase over that of last year.

**Latest News Items.**  
Washington, Nov. 22.—According to a report issued by Surgeon General Wyman, of the marine hospital service, giving returns up to November 19, there had then appeared during this year's yellow fever epidemic in the South a total of 4,329 cases, of which 448 had proved fatal. Of the cases 1,847 were reported from Louisiana, 1,035 from Mississippi, 740 from Alabama, 32 from Tennessee, 16 from Texas, 4 from Illinois, 3 from Georgia and 1 each from Florida and Kentucky. All but 10 of the cases reported from Louisiana occurred in New Orleans.

London, Nov. 22.—The Standard today warns the Spanish Government that a personage capable of extracting homage from such diverse elements as the Carlists, Advanced Republicans, Conservatives and workers' associations, as did General Weyler at Corunna, is capable of developing into a popular hero who may upset the government and even the dynasty, unless care is taken.

CHICAGO, Nov. 22.—Capt. Leonard A. Lovering, of the fourth infantry, United States Army, stationed at Fort Sheridan, appeared before a court martial at that post today to stand trial on the charge of "conduct prejudicial to good order and military discipline." The specific charge is using unnecessary cruelty in causing Private Charles Hammond to be dragged over the ground by the heels from the guardhouse to the office of the regimental adjutant after Hammond had refused to walk.

### THE ONES PROTECTED.

More Republicans Favored by  
Civil Service Rules.

Their Repeal Would Hurt Party in Power. The New Arbitration Treaty Story Untrue. Senator Burrows Thinks a Long Session of Congress Will be Had.

WASHINGTON, Nov. 23.—Republican opponents of the civil service law, who candidly admit that their opposition is largely based upon the belief that the effect of the law is to keep a great many Democrats in office, will find when they begin to assail the system, after Congress convenes, that while Democrats have been protected in office since Mr. McKinley was inaugurated, the number of office holders within the classified service who are Republicans, largely exceeds the number who are Democrats. The record of the civil service commission, showing the dates upon which extensions of the system were made, show also that at the time of the extensions the employees of the government included by executive order in the classified service were mostly Republicans.

It will, therefore, be forced upon the civil service antagonists in the present Congress that in trying to secure the offices for their own followers they are directing their efforts as much against Republican office holders as against Democrats.

It is stated from an authoritative source that no recent negotiations have occurred between Secretary Sherman and Sir Julian Pauncefote, the British ambassador, concerning a new arbitration treaty between the United States and Great Britain, that no exchange of notes has occurred between Mr. Sherman and Lord Salisbury on this subject, and that Sir Julian has not spoken of the matter since he returned to Washington some weeks ago from London.

Senator Burrows, of Michigan, expresses the opinion that there will be a protracted discussion of the currency question during the approaching session of Congress, and that in all probability Congress will be in session until August.

**The Loss at London.**  
LONDON, Nov. 22.—The smoldering ruins which mark the scene of the great conflagration near the general postoffice on Friday were visited by crowds today. Walls falling now and then.  
It is impossible to accurately estimate the damage done, but the direct loss will probably be below \$10,000,000.  
All the historic treasures of St. Giles' Church in Cripplegate were removed, including the records of Oliver Cromwell's marriage, Milton's burial and the deaths from the plague in 1665.
