A LONG SESSION.

With Exciting Debates is Predicted for Congress.

President Said to be Confident of Legislation. What Senator Lindsay of Kentucky Thinks. Plans Against the Civil Service Rules.

JOURNAL BUREAU, WASHINGTON, D. C., Nov. 26. Now that the opening of Congress is almost upon us, and that Washington is rapidly filling up with Senators and Representatives, there is much less talk about this session being shorter than the usual long session of Congress. In fact, since it became apparent that financial legislation would be attempted, the general opinion has been that the session would be long, with many exciting episodes. It is said that the reason President McKinley expresses so much confidence in getting some of his financial recommendations favorably acted upon by Congress, notwithstanding the publicly expressed doubts of prominent Senators and Representatives of his party, is that he has been told that in addition to the gold Democratic Senators several Democratic senators who voted for Bryan, but who are not silver men, will vote for any conservative financial measure that may be agreed upon by the Republicans.

Senator Lindsay, of Kentucky, one of the gold Democrats who is expected to act with the Republicans in any attempt made to secure financial legislation at this session of Congress, doesn't speak very confidently of securing the legislation desired, although his programme of what is needed in the way of legislation is short. He said: "If the Republicans had given us a different tariff law, the task of securing the necessary financial reform would have been comparatively easy. With the country's revenues equal to its expenditures, it would not, in my opinion, be difficult to secure the repeal of the clause of the Act of 1878, requiring greenbacks, when presented to the Treasury for redemption, to be reissued, and that, I think, would be all the legislation necessary, for, with the necessity for the reissuance of the Greenbacks, done away with, they would all be redeemed and canceled in a very short time. In the face, however, of the insufficiency of the revenues, this course would be more difficult, and I cannot now say what, if any thing, will be done or attempted."

Senator Lindsay's remedy is that of the Cleveland-Carlisle regime, but if one may judge from the pronounced opposition of prominent Republicans, no legislation providing for the retirement of the greenbacks has a ghost of a show, unless it also provides for an equal or larger amount of satisfactory currency to take its place.

President McKinley has taken special pains to let it be known that he is not in sympathy with the war that members of his party have started on the civil service law. That was a knock down blow to those who had been making confident claims that they would get votes enough in both branches of Congress to

A DRY SEASON.

Quiet Observance of Thanksgiving Day at the Capital.

Arrested for Swindling. Students Debate. Death of Former Wilmingtonian. Otho and Marion. What to do With State Convicts.

JOURNAL BUREAU, RALEIGH, N. C., Nov. 26. Thanksgiving Day was passed quietly here, the weather cool early in the day but the temperature continued to rise, and today it is uncomfortably warm. No rain in this section, as yet. Everything is parched up, and the scarcity of water is becoming a serious matter.

J. A. Meeder, of Popular Mount, Warren county, has been arrested for swindling. He is a German, and under the name of a "company" offered prizes of jewelry.

The debate here last night, between students of Wake Forest and Trinity, attracted an immense audience. The judges awarded the contest to Wake Forest.

The well-known travelling man, A. D. Lippett, better known as Gus Lippett, died yesterday at Pittsboro, aged 57 years.

The Rocky Mount speech of Marion Butler gives Otho Wilson an opportunity to say something of his former friend. Wilson says Butler is the only man in North Carolina mean enough to make such an accusation.

The employment of the State's convicts in making shirts and farming, meets with protests. It seems as if the State must turn its convicts to work in making good roads, as the true solution of what must be done with them.

The pardoning of criminals, seems to make the demand for the establishment of a State Board of Pardons necessary. Such a board would give satisfaction to the people and give Governors a relief from the present odium which now attaches itself to every case of pardoning. A charter has been granted to the Carolina Ice Company of Wilmington. Capital \$10,000.

Chairman Manly says the Democratic cause is strengthening throughout the State, and will continue to do so.

Some Republicans have put up the ridiculous assertion that the party is not responsible for the mistakes of the present State Republican administration.

repeal the civil service law.

They had not counted upon any assistance from the President, nor did they expect any opposition from him; they had the idea that he would remain neutral in the fight, and would allow any bill passed to become a law. They know better now, and the knowledge may make a material difference in the sort of fight put up after Congress meets. The anti's will try to get Senator Foraker to lead the fight on the law in the Senate, and they say that if he does so, it will make him the Presidential Candidate of his party, if the fight is a winning one. A big "if."

Latest News Items.

London, Nov. 25.—The inhabitants of this metropolis, as a result of the outcry which followed the great fire of Friday last week, are much agitated in regard to the inefficiency of the fire brigade, and the newspapers are filled with letters comparing London's system unfavorably with those in use in America and other countries.

Atlanta, Nov. 25.—The city of Atlanta is in first rate financial condition. Mayor Collier and Chairman Peters, of the finance committee, are well pleased with the financial outlook and they say the city will quit the year ahead in a financial way. There is now in the treasury more than \$240,000 in cash and money is coming in every day. The indebtedness of the city for ordinary running expenses yet to be paid is small, and when the year ends the usual charter funds will be intact and the indications are that there will be a neat sum besides unappropriated.

London, Nov. 25.—A letter received here from Georgetown, British Guiana, announces that Great Britain's legal experts have unearthed in the colonial archives there a series of volumes containing memoranda giving a running history of the Dutch settlement of Surinam from the middle to near the close of the seventeenth century fully confirming the British boundary claims. It is claimed that the discoveries clear the question and will greatly facilitate the work of the arbitrators.

Berlin, Nov. 25.—Americans in Berlin met today at a Thanksgiving banquet at the Kaiserhof. The occasion was very enjoyable. United States Ambassador White opened the toast list in a felicitous speech, and later, in reply to a toast to his health, indulged in humorous reminiscences of former similar functions. He concluded the opening speech by proposing a joint toast to Emperor William and President McKinley, which was received with great enthusiasm. The greetings of the assembly were cabled to President McKinley.

Vienna, Nov. 25.—Dispatches received here from Mersina, Asia Minor, announce that, as a result of the decision of the Turkish government to grant the demands of Austria for redress in consequence of the ill treatment of Herr Brazzofoli, the agent of the Austrian Lloyd Steamship Company at that port and the subsequent insults complained of by the Austrian consul there, the flag of Austria was duly saluted at Mersina yesterday by Turkish guns, with all the ceremonial demanded by the government of Austria.

To Protect General Lee.

HAVANA, November 25.—The tube reported to have contained dynamite which was found by a man, subsequently arrested by the private watchman of the American consulate building yesterday afternoon, near the door of the consulate is classed in official circles as being nothing more than a joke. The man arrested is believed to be the individual who placed the tube where it was found. But, in order to guard against any possibilities the Spanish officials are taking precautions to guard the United States consulate and to protect the United States consul-general, Gen. Fitzhugh Lee.

Rheumatism Cured in a Day.

"Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause, and the disease immediately disappears. The first dose greatly benefits, 75 cents. Sold by Henry's Pharmacy, New Berne.
