OF STATE INTEREST.

Penitentiary Convicts to Work Mining Phosphate.

Four Delegates to Atlanta. Gov. Russell Reported Backing Caucasian. An African Prince. Shell Fish Statistics. Baptist Convention.

JOURNAL BUREAU. RALEIGH, N. C., Dec. 4. The railway commission case argument was the event at the Supreme Court today. There was quite an array of comment. The attorney general did not appear. He is not taking sides in this matter.

It appears that there will be only 4 delegates from this State to the cotton growers' convention at Atlanta, Dec. 14; J. P. Sossaman, M. T. Leach, W. P. Batcher and H. T. Jones.

The business manager of the Morning Post here left for New York today to get the Mergenthaler machines, to be delivered Jan'y. 1.

The brick work on the Capital club building here has begun.

Otho Wilson declares that "Gov. Russell is the associate and chief backer of Senator Butler's paper."

The address of Rev. Dr. Kigo last night before the Methodist Conference here was a very able one.

The right-of-way for the Durham and Charlotte railway is being secured between Gulf and Durham. This is an independent road, the Southern having nothing to do with it.

Hickory capitalists have gone to Morgan to establish a bank to take the place of the one which has failed. It appears that the failure was not unexpected in that part of the State.

Monday seventy-six convicts will be sent for the complete extension of the Carthage railway to Elrod, to grade the branch of the Atlantic Coast Line. The best mechanics at the various farms are to be sent at once to the Castle Hayne phosphate mines, to put things in shape for work on an extensive scale. Superintendent Smith says the penitentiary has bought and paid cash for this Castle Hayne property, and that it did this out of money it made out of cotton sales. He says 150 convicts will be put to work mining, and that contracts are made for a large support; 1500 tons for the Garaleigh mills at Raleigh, 3,000 tons at Charlotte, etc. He says it is found that this particular phosphate, mixed with Tennessee Rock, makes a perfect fertilizer

and that large quantities of the latter rock are also being bought.

It appears that ex-Congressman Buck Kitchin is again back to his first love, the Democratic party.

At Shaw University here there is an African Prince. He is a grand son of King Khama of South Africa, now dead. The present King is King William. The prince's name is Alfred Impey. His father was Impey Khama, his mother was named Balise. He speaks quite good English, and is a Methodist, as is also King William. Alfred is studying theology and medicine.

Theophilus White, chief shell fish commissioner, for this State reports to the labor bureau that nearly all the N. C. oysters are taken with bound tongs; that almost 3,000 persons are engaged in the industry; that the capital invested is comparatively small; that from the waters of Pamlico sound and its tributaries there were sold during the year ending May last, 600,000 bushels, the price ranging from 15 to 40 cents a bushel, these being from the natural bed; cultivated oysters selling at 60 to 80 cents. The labor employed commands good wages. The supply of oysters is almost inexhaustible. White says all that is needed is a market which will induce buyers to come to the State, and this requires that dredging, now forbidden, be allowed.

The Baptist State Convention will meet in its sixty-seventh annual session Dec. 9th, with the church at Oxford, N. C. Dr. A. C. Barron, of Charlotte, N. C., will preach the sermon.

Rev. J. E. White, Cor. Sec'y gives out the following statement:

REPORTS IN HAND SHOW

Churches	11,400
Membership	140,000
Preachers	700
Baptized during the year	8,500

FINANCIAL STATISTICS

Missions, State, home & foreign	\$3,000
Education of ministers	2,400
Orphanage	15,000
Total for all objects	325,000

These figures do not include the Western N. C. Convention which reports 21,000 members.

The year's work is regarded as one of the best in all the sixty-seven years history.

When the Convention was organized in 1830 there were only 15,000 members of Baptist churches in all the State. Now including colored Baptist, there are 325,000 members in the State.

The following has been issued from the office of Superintendent of Public Instruction.

COUNTY SUPERVISOR: "You will please send to this office, as early as possible, the number of qualified voters of your county.

"Remember that cities and towns operating schools under a special act of the Legislature were not entitled to vote on the Local Tax, and these places must not be included in your report.

We must have this report in order to decide which county is entitled to the commission of \$500, which is to be given to the county that gave the largest per cent. of its qualified voters in favor of local taxation.

I have the number of votes cast for schools in the different counties, but must have the number of qualified voters with the exception as to certain towns mentioned above. C. H. MEBANE, Supt. Public Instruction.

Latest News Items.

Richmond, Dec. 3.—The Democratic Caucus re-nominated Hon. John W. Daniel by acclamation for the United States Senate last night.

Atlanta, Ga., Dec. 3.—Joseph E. Blantzer, alias Arthur D. Forbes, who was proprietor of the Southern Purchasing Agency in Atlanta, and who recently, committed suicide in a county jail in Texas, was in Atlanta on the day when the murders of Blanche Lamont and Minnie Williams occurred in San Francisco.

Prague, Bohemia, Dec. 3.—Although the streets of Prague are patrolled by the military, business is being gradually resumed. The streets were quiet all night. There were no disturbances today. The troops now here number 20 battalions of infantry and two squadrons of cavalry.

Washington, Dec. 3.—The discovery of a new counterfeit \$5 silver certificate of the series of 1891, with a portrait of Grant, is announced by the treasury secret service. The note is neither as long nor as wide as the genuine. Apparently it is printed from plates made by the photo-mechanical process and is well executed, especially the lettering, seal and entire back of the note. General Grant's portrait is different in some details from that in the genuine and on the whole has a flat appearance.

Washington, Dec. 3.—The Haytian minister, Mr. Leger, called at the State Department today, having news from home of a most disquieting nature of which he wished to talk with the officials. It appears that his government had called him from Port au Prince that the Haytian consul at Kingston, Jamaica, had telegraphed that two German war ships sailed yesterday from that place for Port au Prince. The news had created the greatest excitement in the town and all over the island, and disturbances were apprehended.

Bucklen's Arnica Salve. THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, St. Hubert, Fever, Burns, Tetter, Chapped Hands, Chills, Croup, and all Skin Eruptions, and every other cure. Price 25 cents per box. For sale by F. S. Duffy.

BELIEVES IT NOT.

General Cox Does Not Credit the Butler Story.

Expects to Keep His Position as Senate Secretary. Speaker Reed in the Capital. Has Many Callers. President Will be Back Monday.

WASHINGTON, Dec. 4.—General William B. Cox, of North Carolina, secretary of the Senate, has arrived and has been busy receiving callers in his room at the Riggs. He does not credit the story that Senator Butler, the North Carolina Populist, will vote with the Republicans in a Senate reorganization. He does not think the Senate will be reorganized during this session of Congress. He says that although he himself is a Democrat he will be unimpaired.

The office of secretary is one of decided dignity, and three times it has been filled by ex-Senators. The average length of a secretary's term of office has been about twenty years. General Cox is the ninth secretary that the Senate has had. He has served about five years and will, his friends say, serve many years longer. The secretary's salary is about \$5,000 per year and the perquisites bring it up to \$6,000 or more.

The secretary's patronage is large, his clerical pay-roll being not less than \$75,000 per year.

Speaker Reed has arrived in the city and took up his old quarters at the Shoreham for the winter.

The Speaker said he did not care to express himself concerning any of the important questions which are likely to come before Congress at this session more than to say that he saw no reason why the session should be protracted.

As soon as his presence in the city was known he had a flood of callers, many of his associates in the House as well as several senators being among those who paid their respects.

The Speaker looks exceedingly well and says he was never in better physical condition.

President McKinley will be in Washington for the opening of Congress next Monday, whatever may be the issue of his mother's illness. It is necessary for the President to be at the Capitol in person for the opening of a session of Congress to receive the joint committee from the two houses, and until this committee has waited upon him and received his communication the regular business of Congress cannot proceed.
