John D. Cameron, Dead.

Special to Journal. RALEIGH, Dec. 9.—John D. Cameron died today in Asheville. He was the oldest telegrapher in North Carolina.

Mr. Cameron was for many years an editor and conducted newspapers in the cities of Hillsboro, Durham, Raleigh and Asheville. He took a leading part in all matters pertaining to the press, and interested himself in the Press Association.

In public life, he was many times principal clerk of the lower House of the State and was always a prominent and a patriotic citizen.

Democrats to Caucus.

Washington, Dec. 8.—The Democrats of the House will caucus soon on party policy. Representative Richardson, the caucus chairman, said today that he was consulting with members as to what day would suit them, and he expected the meeting would occur the later part of this week or early next week.

The promoters of the caucus have secured about fifty signatures, which is sufficient to require Chairman Richardson to issue a call when a convenient time is agreed upon. The understanding is that the purpose of the caucus is to determine upon a line of policy as to Cuba, Hawaii and finance, although it would not be surprising if some question as to the Democratic leadership in the House came up.

Restlessness in Havana.

HAVANA, Cuba, Dec. 8.—In spite of the effect of President McKinley's message, the attitude of the Havana volunteers continues to cause considerable anxiety to the government.

During the last week there has been a large force of regular troops concentrated in the forts and barracks, prepared to suppress a demonstration. The volunteers are in a sullen mood, but their animosity, it is now believed, is directed rather at autonomy than at Americans.

They declare that if Spain cannot protect them they desire American rule, but that they will never submit to be ruled by Cubans. In this movement Garlist influences are apparent, as the irreconcilables have declared their intention of wearing a white Garlist badge on their hats.

Berlin, Dec. 8.—The official account of the collection of an indemnity from Hayti accompanied by a salute of the German flag at Port Au Prince on Monday last, owing to the alleged illegal arrest of Herr Emil Lauder, says that after the ultimatum of Germany had been delivered to the Haytian government, the German cruiser Stein cleared for action.

ASYLUM REPORT.

Superintendent Kirby Makes a Favorable Showing.

Morganton Bank Matters. New Trial in Insurance Case. The Boy Pate to Hang. Yaddin Railroad Bonds. Populists are Sick.

JOURNAL BUREAU, RALEIGH, N. C., Dec. 9.

The board of directors of the Insane Asylum here were in session yesterday. Superintendent Kirby gave a most excellent report for the year. There had been 181 patients received, 99 had been sent out cured; 10 as improved; one as incurable and there had been 28 deaths. The ratio of deaths to the number treated 3 per cent. The improvement of the grounds, the yield of the garden and farm were all shown. The per capita for maintenance has decreased since 1893 from \$192 to \$143 per year. The inadequate appropriation by the legislature has made it necessary to incur a debt of \$7,500 for heating, lighting and furnishing the big male annex. J. C. L. Harris appeared before the board with a message from the governor, that he thought provision should be made for the reception of all meritorious cases, even though the appropriation be inadequate. The governor did not want it said, that during his administration, a single meritorious case had been refused admittance. Dr. Kirby said to comply with requests for all such cases it would put fully 410 patients in the hospital daily with an appropriation of \$35,440 and that they could not be cared for with that amount. There was no change made in any of the officials.

When Federal court adjourns on Monday it will adjourn to meet again the 3rd of January. Clerk Fortune took charge of the book and records of the criminal cases of the Circuit court.

Mr. F. H. Busbee yesterday returned from Morganton. He says that General Cowles did not try to force himself in the bank, but that he made demands for the bond in the usual way. Walton is now in possession of the bank. Both claims will be heard, and then it will be seen whether the creditors or the State Treasurer will have the naming of the permanent receiver.

It will be remembered that J. L. Graham of Newton, who was chief clerk in Superintendent of Public Instruction office was charged and convicted of burning his home for insurance money was fined \$400. The Supreme Court yesterday granted him a new trial.

In the case of Riley Pate a young boy 18 years old who in a drunken row killed his companion a boy of 15 in Yancey county the Supreme Court sustained the opinion of the lower court, and the boy will give his life for that of his companion.

One of the important cases before the Supreme Court is the one in which the commissioners of Stanley county enjoin the county treasurer from paying interest on the Yaddin railroad bonds. The commissioners claim that the railroad did not come to the terms of the contract. The sum involved is \$100,000.

Under the auspices of the Daughters of the Confederacy, the Veteran Corps Band of Baltimore will give a concert here on the night of the 14th.

Mr. L. O'B. Branch, of this city, has presented to the N. C. Room in the Confederate Museum at Richmond, an oil portrait of her husband Gen. Lawrence O'Brian Branch.

Inspector General Royster today inspected the State arsenal. In the arsenal is kept camp equipments for 2,000 men.

It is said throughout the county that the Populists are so disgusted with 5c. cotton and present administration that they are going to back the Democrats largely.

Many cotton-growers are indignant at the effort on foot to regulate the cotton acreage and say they will not submit to it.

There are complaints that the S. A. L. are not following the R. R. commissioners schedule made for freight rates on cotton.

The Republicans say that their paper a tri-weekly will appear the middle of January.

The State association of city school superintendents will meet in Greensboro Dec. 28.

Dr. R. B. Ellis has resigned as county coroner. His health has not been good for some time.

The Hawaiian Treaty.

WASHINGTON, December 8.—It is stated by those in a position to know that the reason the Hawaiian treaty is not pushed in the Senate is because the friends of the measure have grave doubts as to their ability to secure the necessary two-third vote to pass it. The impression prevails that it may be necessary to pass a joint resolution and annex the islands by legislation. It has been found that a number of senators who were confidentially counted on for the treaty are against it, while others have expressed doubts about hasty action.

Latest News Items.

Frederick, Md., Dec. 8.—The Francis Scott Key Monument Association of Frederick, has adopted a programme for the unveiling of the Key Monument which will take place in this city in June 1898.

Tacoma, Wash., Dec. 8.—Severe storms are still raging on the Pacific ocean. For two days the wind along the coast has been blowing from forty to eighty miles an hour. The Northern Pacific ship Pelican fifty five days out from Tacoma for Tien Tsin, China, and 37 days overdue. It is feared she has foundered.

San Francisco, Dec. 8.—The Supreme Court of California today dispelled the last earthly hope of W. H. T. Durrant, the murderer of Blanche Lamont and Minnie Williams, by disposing in a summary manner of his two appeals.

Washington, Dec. 8.—Secretary Gage has submitted to the Department of State his report upon the action of the Treasury Department in suppressing filibustering expeditions to Cuba, in violation of the neutrality laws. The Secretary points out the fact that during two and a half years only six American vessels, of an aggregate of 1,431 registered tons, are alleged to have successfully landed expeditions from the United States in Cuba.

Financial Legislation.

WASHINGTON, D. C., December 8.—The House Committee on Banking and Currency, which will have the shaping of a considerable portion of the financial legislation before the House, held its first meeting this morning and outlined its general plan of action.

In view of Secretary Gage's recommendation of a comprehensive revision of the currency and banking affairs a resolution was adopted inviting the Secretary to embody his views in a bill. The committee was informed that the Secretary was now at work on a measure and that it would be available for the committee in about a week.

IS IT A TRIFLE?

THAT COMMON TROUBLE ACID DYSPEPSIA, OR SOUR STOMACH.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heart-burn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.
