## BEAT LAST YEAR.

### Raleigh's Holiday Trade Shows Increase Over 1897.

### New Year's Calling. Tax Collecting. Ex-Railroad Commissioners Papers Ready for U. S. Supreme Court. Duncan Much Sought After.

**JOURNAL BUREAU,**  
RALEIGH, N. C., Dec. 3, '97.  
The merchants here are jubilant over the fine Christmas trade. At first they did not think that it would be so good as usual owing to the low price of cotton, but when figures of last year's sales and this year's for the Christmas trade were compared it was found that there was an increase in favor of this year.

Last Saturday night there were only a few homes thrown open to receive New Year's callers, but at each of these places the fortunate callers were received by a body of Raleigh's fair daughters, and others from different places and States. This fashion of New Year's calls is a beautiful one, and it is to be regretted that it is so fast going out of style.

It will be a subject of thankfulness to many that the affairs of the Park Hotel here will be under the control directly of the Page Lumber Company, which company owns the hotel. The management or rather mismanagement of the past 15 months have been very serious, but now the friends of the hotel look for much better times.

Sheriff Jones of this county was given the tax books September 7th, and up to January 1st had collected \$75,325.41. On the books were \$111,061.19. That leaves \$35,735.78 taxes still due. Of this the county people owe \$8,900. The amount collected is apportioned as follows: State Fund, \$18,801.92; School fund \$20,889.38 county fund \$21,149.25; Graded school fund, \$9,917.68; board fund \$4,297.15.

In the returns from schedule B, tax for Wake county the purchases by merchants for various articles amounts to \$17.50 per capita to the population of the county. This shows that this county makes larger purchases to the population than any county in the State. The county population is about 6,000.

Governor Russell and chairman Dockery of the penitentiary board accompa-

## THE PENSION LIST.

### Suggested Publication of Names in County Newspapers.

### Uncertainty Among Senators and Representatives. Secretary Sherman to Remain. Political Opinion on Maryland Senatorship.

**JOURNAL BUREAU,**  
WASHINGTON, D. C., Jan. 3.  
Congress will reassemble on Wednesday with as much uncertainty as to what will be accomplished this year as existed on the first day of the session, nearly a month ago. Instead of bringing the Senators and Representatives closer together, the holiday recess has served to accentuate their differences and to show how very far apart they are upon almost every subject upon which legislation will be attempted. The extreme gold standard Republicans are insisting that the party must put legislation through the House, in which they have a majority, that will prove the sincerity of the party towards the gold standard; the Republican silver Senators are talking of the certainty of a big party defection if this advice is followed, and the conservative Republicans are trying to get the consent of their radical colleagues to a programme that will either let finance alone entirely or only include some measure that can be supported by all members of the party. The Democrats and Populists, having declared themselves in caucus to be opposed to all the financial recommendations of President McKinley and Secretary Gage, are now merely watching their opponents and waiting for them to try to do something.

It has been suggested by those who favor making public the pension rolls that they are not certain as to whether they will support the bill authorizing the government to print it, because of the money it will cost—about \$200,000—that it would be cheaper and would place the names before many more people if the list of pensioners of each county were published in the newspapers of that county. Whether this plan would be cheaper is a matter of doubt, as Congress as a body would hardly have the nerve to ask the press of the country to perform such service without compensation, however much individual Congressmen may impose upon the generosity of individual publishers, but there can be no doubt about its being the best way to get the list before the public. Every intelligent man reads the newspapers, while only those who have some particular reason therefor would take the trouble to even glance at the contents of twelve or fifteen ponderous volumes, even were they placed where access to them would be easy.

Secretary Sherman has again denied the truth of the report revived for about the 100th time that he intended resigning. His friends say that his health is as good as it has been at any time during the last five years, and that unless it gets worse, he will remain at the head of the Department of State during this administration.

The politicians in Washington think that the withdrawal of Gov. Lowndes, as a candidate for the Senate from Maryland, in favor of Judge McComas, has made the latter's election as Senator Gorman's successor very probable. Their opinion is strengthened by the understanding that the influence of the administration is also being exerted in favor of Judge McComas.

## HANNA'S GREAT FIGHT.

### His Candidate for Speaker is Defeated. It is Taken As An Indication of Disaster.

**Special to Journal.**  
COLUMBUS, Ohio, January 3.—The Senatorial aspirations of Mark Hanna have received a set-back. His followers are panic stricken as a result of the first test of strength.

The candidate of the Hanna party for speaker, Mr. Boxwell, was defeated by a majority of three votes. Gen. Grosvenor has felt certain that Boxwell would be chosen. He claims that Hanna is stronger than the defeated candidate for speaker, but his followers are in a state of disorder.

Hanna may be withdrawn from the Ohio senatorial race and Wm. R. Day, of Canton, assistant secretary of State and President McKinley's trusted friend may be substituted for him. This move would be taken only in order to prevent a hopeless split among Ohio Republicans.

**Special to Journal.**  
RALEIGH, N. C., January 3.—The Park Hotel was today leased to R. B. Raney, the lessee of the Yarboro Hotel in this city.

Washington, Dec. 31.—The director of the mint, from information now at hand, says there is substantial evidence that the world's product of gold for the calendar year 1897 will approximate, if not exceed \$340,000,000, an increase of nearly 20 per cent over 1896. The gold product of the United States for 1896 was \$58,100,000; for 1897 it will approximate \$61,500,000, an increase of \$3,400,000.

## RIVERSIDE,

With desirable occupants and owners, I now make for a limited time the following advantageous proposal:

## LOTS!

ONLY \$250.00. \$5 CASH DOWN. BALANCE \$1.00 A WEEK.

Every man of moderate means, and every man working on a salary, may own a home. Buy a home and pay for it in installments.

When the first payment is made, I will give you a guarantee to make you a deed for the lot when all payments on same are made, "a pass book for weekly payments."

Safer than a savings bank, and far more profitable.

When the lot is paid for, I will build you a MODERN COTTAGE, (your choice of plan) to be paid for in monthly installments. Payments but little more than you would pay rent. For example, a cottage costing \$2,000, will cost in monthly payments, \$30, for 7 years, and the house and lot is yours.

If you want a smaller cottage, say to cost \$1,200. The monthly payments will be \$18. At the end of 7 years you own a house and lot in a desirable locality, increasing in value every day.
