## OLD NORTH STATE.

### News Items From Its Capital City.

School Appointments for Wake University Dramatic Club. Judge Dick a Fixture. State Library Hours too Short. Big Lawyer Fees.

**JOURNAL BUREAU.**  
RALEIGH, N. C. Jan. 5. The board of education was in session yesterday and the principal work was the apportionment of the school fund. There is now on hand of this fund \$31,041.50 and this was distributed among the schools in the county according to the school population in the townships. There are 17,738 school children in the county and the board apportioned \$1.75 to each child. This fund will allow the public schools of the county to run on an average of 6 months allowing the teachers an average salary of \$28. Raleigh township receives as its share of the school fund \$9,030.

The Raleigh school committee met yesterday and decided to sell some school property purchased last spring. Sheriff Jones yesterday gave State Treasurer Worth a check for \$20,000, the amount of State taxes collected—and he paid the county \$60,000.

The trains are again crowded with school girls and boys returning to their different schools. Next Monday the January term of Wake county criminal court meets here. Judge Timberlake presides. There are 100 cases docketed and two of these are capital cases.

The Dramatic club of the University will appear here on Friday night in "London Assurance" for benefit of the "Ladies Hospital Aid Association." The papers, wherever this club have played have given them much praise.

Judge R. P. Dick of Greensboro says he has no idea of resigning the U. S. Judgeship and that he will keep the people guessing for some time yet as to his successor.

There is very just complaint made that the State Library is not kept open but such few hours and not at all after 5 p. m. Whoever has the authority to regulate the hours should take the matter in hand and require Librarian Cobb to do more work for his pay.

It seems now that T. M. Argo may yet get the District Attorneyship. Claude Bernard was sure of it a week ago but things have changed. Cook's friends seeing his "goose raw cooked," are determined that no 1st district man shall get the place if they can help, so they are waging war against Bernard.

Lawyer fees in Governor Russell's suit to annul the N. C. R. R. lease are so large as to make the directors feel faint. Averitt's bill is \$2,000 and there are others equally as large—none are yet paid.

Alex Gilmore, a negro desperado, was put in the penitentiary here yesterday to serve a 10 years sentence. Then he will be turned to South Carolina to serve a 16 year term there.

The Seaboard Air Line notify the Railroad Commission that they will not issue any more passes except to persons that are excepted by the commission's act. This city now has six public schools, and in the spring will begin work on another.

At the Baptist Orphanage at Thomasville, a very bad type of measles is raging. No deaths have occurred.

People from the eastern section where so much trucking is done report the outlook as very favorable.

### WHERE IS RUSSELL?

Reported Gone to State Farms and Meets Appointment at Washington D. C.

Special to Journal. RALEIGH, N. C., January 5.—It is given out at the Executive office that Governor Russell has gone with Supt. Mewborne to inspect the State farms on Roanoke river.

A Washington, D. C. telegram says the Governor has an appoint in that city with President McKinley, and will urge the President to appoint Cooke, and not Bernard for the United States District Attorneyship.

**FOR FOREIGN ACCOUNT.**

Large Sales of Cotton May Cause Advance in Price. Special to Journal. NEW YORK, January 5.—The sales of cotton for foreign shipment in this market are so large, that it is expected a rise in the price of spot and futures will take place.

### SAYS WE ARE WITH HER.

London Times Says England Has Support of United States [on China Question.

LONDON, Jan. 5.—The Times, commenting editorially this morning upon the statement of the Cologne Gazette that since Thursday last negotiations have been proceeding in London for a Chinese loan upon the proposed security of the land tax and a cession of territory, denies that England has any intention to demand territory or to take the lead in the partition of China. It says: "England's policy, on the contrary, aims at maintaining the Chinese empire as a going concern and a vast field for the extension of trade. In pursuing this policy we are glad to note that England enjoys the powerful support of the United States government, as well as the public opinion of that portion of the American people which is not swayed by blind jingo denunciations."

Pekin, Jan. 4.—The general situation growing out of the seizure by Germany of Kiao Chau remains unchanged. Hostilities are feared. The German minister, Baron von Heyking, is understood to be temporizing until the arrival in China of Prince Henry of Prussia.

Hong-Kong, Jan. 4.—The British-cruiser Edgar has arrived here and the British cruiser Grafton sailed northward. The bulk of the British fleet is reported to be at Chusan, near Ning-Po.

### The Freeze in Florida.

JACKSONVILLE, Fla., January 4.—The cold weather of January 1 and 2, did considerable temporary damage to vegetables, but none of a permanent character. Orange trees will in some cases lose their foliage and where they were in exposed places in the northern border of the orange belt, will lose a part of their tender growth. Owing to the fact, however, that the sap was down, the trees themselves were able to resist unscathed even lower temperature.

The fall crop of tobacco in all parts of the State was injured badly. Blooms on strawberries were killed. Early strawberries in the northern section were frozen on the vines and the plants themselves set back fully six weeks.

The tenderest garden crops in all sections as far south as Tampa where lacking protection by forests, streams or lakes, were badly injured, but exposed gardens did not represent more than half the area in truck, growers having learned by experience the wisdom of selecting well protected spots.

### Found the Bone.

COLUMBIA, S. C., Jan. 4.—Last summer a travelling side showman announced that an eighteen foot bone constrictor had escaped into the cellar of a building in Columbia's business center. As the reptile was not found, little credence was given the story.

Yesterday morning the negro porter of the Loan and Exchange Bank saw some-

thing like a log by the furnace when he went to fire up. He was almost paralyzed when it moved, but managed to escape into the upper regions. It was the lost boa. Later several newspaper men, with a sponge saturated with chloroform at the end of a pole, put the huge snake to sleep and it was captured and caged.
