## HANNA SAILS IN

On the First Ballot He Receives a Majority Of One.

The Desperate Contest Fought to a Finish. Charges and Counter Charges. Practically Beaten One Week Ago And Now a Victor.

Special to Journal. COLUMBUS, Ohio, January, 11.—Balloting for United States Senator began this afternoon shortly after two o'clock. The balloting was separate in the two houses.

On the first ballot M. A. Hanna received 56 votes in the House and 17 votes in the Senate making a total of 73 votes or just a bare majority necessary to elect, thus making Senator Hanna succeed himself in the United States Senate.

There is no doubt that Senator Hanna was beaten a week previous to last Friday, when Representative Manuel, of Montgomery, changed in his favor, but since that time Hanna has kept his forces well in hand and won out by the narrowest possible margin of one.

Charges and counter charges of bribery were numerous. It is alleged by the fusionists that Representative Otis was offered and accepted \$10,000 from the Hanna side, and on the other hand the Hanna men claim to have stenographic notes of an offer of \$5,000 by two members of the opposition.

The two branches of the Legislature will meet in joint convention Wednesday to hear the journals of the previous day read and approved, and the result of the vote for Senator will then be officially declared.

The crowds and the excitement surpasses any of the usual convention scenes. Delegations from all the surrounding country were present to influence the result.

### Has Gone Insane.

Special to Journal. New York, January 11.—The culmination of the history of Mrs. Nacc seems to be insanity. Today she appears insane and has been very violent screaming and cursing continually.

### Electricity the Power.

Special to Journal. New York, January 11.—A decision has been reached by the management of the elevated railroads in this city to use electricity as the motive power on their tracks.

## AGAINST REPUDIATION.

Sentiment in State Regarding County Railroad Bonds.

Commissioner's Right to Fix Tax on Telephones. Cotton Mill Dividends. Indictment of Sellers of Cigarettes to Minors.

JOURNAL BUREAU. WASHINGTON, D. C., Jan. 11, '98. It was stated that Attorney General Walsler said that the Railroad commission had no jurisdiction over telephone rates for transmission of messages. This he says is incorrect, that he did say and still says that the commission has no power to fix rentals of telephones taxes and appliances.

The Sheriff of Moore county yesterday paid States taxes into the Treasury to the amount of \$7,185.52.

The Raleigh cotton mill stockholders yesterday held a meeting, and declared a dividend of 3 per cent. This dividend will be paid February 1st and it will take \$1,400 to pay it.

In the Criminal court here yesterday Judge Timberlake charged the Grand Jury particularly to indict merchants who in any way made it possible for boys under the prescribed age to get cigarettes. The case against S. P. Satterfield for enrollment of the infamous assignment bill was not pressed.

Many prominent Masons have gone to the meeting of the Grand Lodge at Oxford today. About 400 Masons will probably attend.

At the State Auditor's office it is said that the business of the Building and Loan Associations operating in the State has fallen off. This applies to the outside for the local associations are in good condition and doing well.

The banquet given by the Seaboard Air Line at Southern Pines on Sunday to the travelling men was a great success.

The Bell Telephone Company has notified the Railroad Commission that it will appeal from the new rates fixed for it last Friday by the commission.

The N. C. Board of Pharmacy will meet in this city on Tuesday the 18th for the examination of the candidates for license to practice pharmacy.

Judge Timberlake in his charge to the jury yesterday classed dealing in futures as gambling and charged the jury to make presentments.

All the banks in the city will hold their annual meeting of the stockholders today.

It is now learned that in not pressing the case of John C. Davis at Wilmington, Solicitor Richardson did so on condition that Davis never returned to Wilmington.

Governor Russell, it is claimed, will in the event of Senator Pritchard's resignation to succeed Senator Dick appoint Judge Walter Clark to the U. S. Senate.

The new railroad commissioner has issued a subpoena for Vice President St. John to appear before them and be examined regarding the issuing of free passes.

There is overwhelming sentiment in the State against any repudiation of county bonds.

In arresting the Mormons who were found with quite a large amount of stamps it was found that they do not carry money in their mission work but count it into stamps, which they send to Utah. They were arrested because of several post office robberies, and as they had so many stamps it made them objects of suspicion.

Henry C. Dockery, the new U. S. Marshall, will probably come here at once and take charge of the office. His chief clerk will probably be Sharpe of Wilson county and Clerk Hanna be displaced for Brown of Jones county. If such is done the displaced men, Clifford Garroll and Hanna will probably take their case before the civil service commission.

President Alderman of the University will sail for Europe Feb. 1st to be gone 6 months.

## TO SETTLE IT.

Senate in Secret Session on The Hawaii Question.

Belief That It Will Result in Annexation. Both Sides Claim a Majority. Senator Butler on Electing Judges. Not a Good Idea.

JOURNAL BUREAU. WASHINGTON, D. C., Jan. 11, '98. If the present program is carried out the question of the annexation of Hawaii will have the right of way until settled. The treaty was taken up today by the Senate, and daily executive sessions are to be held until it is disposed of. There have been, it is believed, enough changes among senators to make the vote in favor of the treaty reach the required two thirds. But the opponents of annexation are going to make a hard fight, and, under the Senate rules, they can stretch it out, if they are so disposed. However, they do not talk as confidently of defeating it as they did when Congress first met.

In accordance with his previous notice Senator Davis, chairman of the Senate committee on foreign relations, brought up the subject. His motion was made soon after the disposal of the routine morning business, and almost all of the remainder of the session was devoted to the consideration of the question as to whether the treaty should be considered in open session or behind closed doors in executive session.

After a debate of almost two hours upon this point an informal vote was taken, the yeas and nays not being demanded. The decision was overwhelmingly against an open session.

The annexationists now claim fifty-nine votes for the treaty, lacking only one of the number to ratify it. On the other hand, the opposition say the annexationists will fall short from three to five votes.

Senator Marion Butler evidently doubts the wisdom of the makers of the constitution in providing that Judges of the U. S. courts should be kept in position during good behavior, and retired on full pay after a certain period of service or in case of physical disability; also the methods of selecting them, as he has offered a joint resolution proposing an amendment to the constitution, providing for the election of all U. S. Judges by the people and limiting their terms to eight years. There is little likelihood that this resolution will be considered. Conservative persons have no desire to see U. S. judges wade through the mire of a partisan political campaign. The present system may not be perfect—nothing human is—but it has given us U. S. courts, the decisions of which have, as a rule, deserved and received the respect of our own people and of those of the entire civilized world.

### Spain Feels Confident.

MADRID, Jan. 10.—An optimistic feeling of high degree prevails today, including the Stock Exchange, which is rampantly buoyant, the bulls asserting that peace will be proclaimed within a month. Public feeling is likewise all the more relieved as one false rumor after another promulgated has been proved untrue. In addition much effect was produced by small hands of armed rebels submitting and declaring for autonomy and Blanco's activity with his programme against the insurgents. The war office is busy in sending him necessary additional troops, while the treasury is sending all necessary funds.
