## HAS WAR COME?

Fitz Hugh Lee, Our Consul, is in Danger!

The Consulate is Guarded Against the Mob. Battle Ship Maine Ready to Sail From Key West. Prepared to Protect Americans.

WASHINGTON, Jan. 13.—The situation at Havana is considered very grave. The disturbances directed against the newspaper offices finally turned against the United States consulate.

Spanish officers threaten to mob Consul General Lee and as a consequence the American consulate has been heavily guarded.

The report has been circulated that the assistance of the battleship Maine has been cabled for by Americans in Havana, but the report has been denied, although it is known that Captain Sigbee of the Maine is in communication with Lee.

KEY WEST, Fla., Jan. 13.—The second class battleship Maine has received orders to hold herself in readiness to proceed to Cuba at an instant's warning. The orders came by telegraph tonight. In compliance with these orders, Capt. C. D. Sigbee, commanding the battleship, has made

arrangements to get under way without delay. He has been placed in communication with Consul General Lee, who will cable him whether or not it is necessary for him to go to Havana.

The distance between Key West and Havana is eighty miles, and this can be covered within four hours by the battleship. Upon her arrival Captain Sigbee will at once see Consul-General Lee and make such arrangements as to protection of American citizens and American interests as the consular's office may deem necessary.

HAVANA, January 12.—At 10 o'clock this morning, about a hundred army officers incensed by the violent attacks made by some of the local papers on the General in Chief, and the principal officers of the Spanish army in Cuba, went to the printing office of the daily journals La Discusion and El Reconcentrado and began smashing the windows and destroying the printing outfit, as well as cuffing the employes.

## POPULIST PRAYER

Thank God They Are Not As Other Men Are.

Russell Denies That He Has Asked Hancock's Resignation. Why Aviret Returned His Fee. Kirby Smith Case. Chaplain Discharged.

JOURNAL BUREAU. RALEIGH, N. C. Jan. 13, '98. The Populists are rejoicing that all the scandals which are now coming out are on Republicans. There are no scandals attached to Populists.

Governor Russell denies that he has asked for the resignation of Robert Hancock as President of the A. & N. C. R. R. The Republicans say that in the next election, they will have the negro vote solid. That this will be done by crushing any negro that shows an independent spirit. They hope for such a wrangle among the Democrats as will help them, the Republicans.

Mr. Aviret says that he has returned his retaining fees because for one thing that it has been charged that he entered upon the work against his convictions purely for gain and besides that he has grave doubts as to the right to use the State's money in defending these suits in their present status.

There is every indication that the tobacco acreage in the State will be very largely increased this year. Quite a large amount of fertilizer is being sold for tobacco.

Mr. E. C. Barnes of Henderson recently died. He had a \$5,000 policy on his life and the company questioned the claim. One of Raleigh's physicians was sent for and the body exhumed and it was decided upon examination that he died from a broken artery in the hip. He was running to catch a train, and slipped and twisted his leg breaking an artery.

John P. Smith, ex-superintendent of the penitentiary, and a Mr. Williams' one of the attendants, appeared before the Grand Jury Tuesday. The cause was the indictment of Kirby Smith for charges well known. There was a true bill found but the case was not pressed upon the charge of assault.

Such weather has rarely ever been seen in January. The thermometer stands at 75 in the middle of the day, and even late in the evening the people lounge on the porches like they would in June.

The Railroad Commission now propose to look into the matter of "Dead Head" expressage to his excellency Governor Russell.

Mr. E. G. Duncan has been confirmed as Revenue Collector and will take charge on the 15th.

S. Otho Wilson was this morning before the R. R. Commission to give evidence regarding free passes. He pulled out 25. The commissioners have always had free passes. The cases against the railroads before the courts will not come up before the March term.

Superintendent Newborne of the penitentiary has discharged the Rev. Mr. Babb as Chaplain of the convict farms. Labor Commissioner Hamrick has gone east to see the fishery and trucking business.

## RUSSELL IN A HOLE.

Otho Wilson Eits Him Hard on Free Passes.

Swears That Russell Said He Could Get Passes For His Guests and "Pretty Much Anything Else." Governor Tries to Deny It.

RALEIGH, Jan. 13.—Otho Wilson testified today before the Railway Commission that he only took passes last April at the Governor's earnest request and to save the State's money.

Governor Russell then, testified in return and denied that he had "earnestly requested" Otho Wilson to take passes but swore that he had advised him to take them. Otho Wilson swore that the Governor had said that he was getting free passes for his guests at the executive mansion.

The Governor went back to the Railway Commission office and swore that he had not said that he had gotten passes for his guests at the mansion but that he could get them and could get them for pretty much anything that he wanted.

Wilson also went again to the Railway commission office and swore that Russell had said he used the passes for himself and family and that when Wilson said jokingly that "his family" was only himself and wife, Governor Russell replied to him, "oh, it—it!" that means Mrs. Russell's guests at the mansion.

## RIVERSIDE,

With desirable occupants and owners, I now make for a limited time the following advantageous proposal:

## LOTS!

ONLY \$250.00. \$5 CASH DOWN. BALANCE \$1.00 A WEEK.

## Why Pay Rent

When for \$5 cash down and payments of \$1 per week, you can buy a desirable lot, and after the lot is paid for, erect a handsome cottage, to be paid for in monthly installments. Or if you want to build at once, for \$250. cash and small monthly payments, you can buy a lot and build a house in a good locality, where values are absolutely sure to advance.

Under my home building system you can build at once after a cash payment of the value of the lot. I will build for you a house, or will advance you the money to build.

You extinguish both principal and interest by monthly installments, paid exactly the same as rent, but with this difference—if paid for rent, every dollar is wasted, if paid under my system, every dollar is saved. A more favorable opportunity will never be offered, to provide a home. You should act at once. Size of lots 50 x 200 feet. Full information, maps, etc., call on
