MORGAN'S STRONG WORDS.

Predicts War With Some Power. Over Hawaii. President Dole Will Be Received in State.

WASHINGTON, January 19.—Senator Morgan occupied the attention of the Senate during the entire time of the executive session today in the presentation of his views on the subject of the annexation of the Hawaiian Islands. This was the second installment of his speech, and when he concluded, a few minutes after 5 o'clock, he had not then reached the end. He dwelt upon the military importance of the islands, quoting General Schofield and Captain Mahan at length in support of his position that the islands were a natural outpost for the United States, and necessary to the proper protection of our western coast and of our general commerce in case of war.

Mr. Morgan predicted that if the United States did not take advantage of the present opportunity to acquire the islands, there would be war between this country and some other power within ten weeks. It was not, he said, within the bounds of possibilities, in view of the present European competition for territory in Asia, that the Hawaiian Islands should be allowed to remain independent for any length of time after the United States should finally announce their determination not to make them a part of American territory.

Arrangements are making for the entertainment of President Dole, of Hawaii, on a scale befitting his rank as the chief magistrate of a friendly nation. It has been decided that he shall be regarded as the nation's guest, and that our government will bear the expense of his entertainment while in Washington.

President McKinley has decided to have the official tour of the Hawaiian Islands begin at Chicago, and at that point he will be met by the representatives of the President and of the United States government.

Mill Owners do not Agree.

Special to Journal.

New Bedford, Mass., January 19.—The mill owners have failed to agree in their action towards the strikers. This discussion makes the opposition of the striking operators much brighter.

Not one of the cloth mills of the city made any attempt to run this morning. The experiences of yesterday, especially that of the incipient riot at the Bristol Mill, showed popular feeling to be so intense that it would be unwise to make any effort to resume work; therefore not an engine was started. The thousands of operatives were quiet, and everything seems to have settled down to a long, waiting battle.

Gladstone Failing.

Special to Journal.

New York, January 19.—It is reported from London that the condition of the health of William E. Gladstone is causing the gravest apprehensions.

England Not Averse.

LONDON, Jan. 18.—The country generally is greatly pleased by the announcement made by the chancellor of the exchequer, Sir Michael Hicks-Beach at Swansea last night, in which he echoed the previous declarations of Mr. Balfour, at Manchester, on the Indian policy of the government, and added that the ministers were determined, even at the cost of war, that the door of Chinese commerce should not be shut to Great Britain.

This declaration is recognized as clearly defining the government's position, and both the liberal and conservative newspapers commend the plain speaking.

UNPICKED COTTON.

One Hundred Bales Still in the Fields at the State Farms.

Fire Department Building Unsafe. Russell Declining Invitations. Lynchites Leaving Southport. Butler Calls for Hancock's Removal.

JOURNAL BUREAU.

RALEIGH, N. C. Jan. 19, '93. The penitentiary board met today. The new Superintendent Newborne will make his first report. There are he says 100 bales of unpicked cotton on the farms. It is claimed that the present administration has put the institution on a paying basis. There has, within the last few days, been brought to the hospital at the penitentiary 23 sick convicts. There are now 170 convicts employed in railroad work in the State, but no convicts have yet been let out for farm work, all being needed on the State farms.

The new fire department building here has settled so much that there is great danger of the walls spreading and the building collapsing. The fire committee will have the building braced at once.

Yesterday before the State board of Pharmacy seven applicants for license were examined. This was an unusually small class.

The Southern Railroad officials who went to Durham yesterday on a summons to appear before Judge Robinson were told that the solicitor was not ready for them.

Eighteen new students have entered for the Spring term at the Agricultural and Mechanical college.

The Auditor yesterday gave out copy for publishing the comparative gubernatorial vote of 1892 and the Congressional vote for 1891-92.

Governor Russell has been invited to three banquets, one the Wilmington Chamber of Commerce, one the League of American Wheelmen to meet in St. Louis February 9th, and the New Orleans Press Club Banquet January 20th, but he has declined them all.

The Lynchites are leaving Southport in detachments, and it is thought that by the 1st of March all will be gone.

There were many politicians here yesterday looking for places under the new Revenue Collector and the new U. S. marshal.

In Wake county there are 49 post offices and in Randolph 79, but Wake's population is about double that of Randolph, while the manufacturing interests in Randolph are valued at about 4 more than in Wake.

There is an Industrial Life Insurance company doing business in the State that has a membership of 3,000 in Raleigh. They pay from 5 cents to 25 cents weekly and the policies are from \$25.00 to \$500.

The Governor was today asked for a pardon for Thos. Robertson who is serving a 4 year term.

Superintendent Mebane says he will soon put all the female convicts in the penitentiary proper to work in the shirt factory.

All banks were closed today and the city schools observed Lee's birthday.

Senator Butler calls on Governor Russell editorially today to remove Robert Hancock as president of the A. & N. C. R. R. at once.

The statement that the fish and oyster trade in the State is over \$2,000,000 annually is much larger than was expected.

Postmaster Clark of Southern Pines sues a paper here for libel regarding his son.

It is thought that Senator Pritchard has already selected a chief clerk for Collector Duncan.

Commutes His Sentence.

Special to Journal.

LALEIGH, January 19.—Governor Russell commutes the sentence of Ben Fields to imprisonment for life. Fields was sentenced to be hung at Tarboro.

Mrs. Mack in Penitentiary.

Special to Journal.

New York, January 19.—Mrs. Mack, sentenced to ten years imprisonment for the murder of Goldensuppe, was taken to Auburn today to commence her term in the penitentiary.

CASTORIA.

The Kind You Have Always Bought. Is on every wrapper.

RICHES IN KLONDIKE.

Men With Big Snags Return. Heavy Storms On Chilkoot.

SEATTLE, Wash., January 18.—Twenty-two persons arrived here last night from Dawson City on the steamer Gorona, bringing with them a small amount of gold dust, also drafts on the North American Trading and Transportation company amounting to between \$900,000 and \$1,000,000.

In reference to the food situation at Dawson the new arrivals corroborate previous reports that, although food is scarce, there will be no starvation. They consider that it will be impossible to get a relief expedition to Dawson at this season of the year.

The Yukon is full of men from shore to shore with great ice ridges from 10 to 20 feet high, the ice being thrown up in great blocks and standing at all sorts of angles. Men with dogs can make their way by hugging the shore, but no large quantity of supplies can be carried with dog teams.

The proposed use of reindeer in Alaska is considered impracticable by the miners.

Heavy snowstorms have occurred recently on the Chilkoot Pass. Travel has been practically impossible over the pass for days at a time.

One of the first to stake ground on Eldorado creek and the last man out of the Klondike country is Andrew Olsen, known as "The Big Swede." He is not able as being the owner of the claim on which the biggest Klondike nugget has yet been found. The lump of gold was valued at \$386.

Replying to a request for an estimate of the winter's gold dust output one of the miners said: "We have done a great deal of figuring on that and it now appears that the output, notwithstanding the scarcity of food and light, will be from \$10,000,000 to \$15,000,000."

May Decline for Intelligence.

Special to Journal.

WASHINGTON, January 19.—President McKinley is much concerned over the agitation in the House on the Cuban question, and the possibility that the Morgan resolution as passed in the Senate may be rushed through the House.

Senator Hill Out Again.

Special to Journal.

New York, January 19.—Senator D. B. Hill has called a meeting at Albany of the Democrats of New York State to discuss the situation and present plans to secure control of the legislature.

FOR THE PURPOSE OF BUILDING UP AND SETTLING

RIVERSIDE,

With desirable occupants and owners, I now make for a limited time the following advantageous proposal:

LOTS!

Located on National Avenue, and others equally desirable. All lots to be connected with complete Sewerage System.

ONLY \$250.00.

\$5 CASH DOWN.

BALANCE \$1.00 A WEEK.

Why Pay Rent—

When for \$5 cash down and payments of \$1 per week, you can buy a desirable lot, and after the lot is paid for, erect a handsome cottage, to be paid for in monthly installments. Or if you want to build at once, for \$250 cash and small monthly payments, you can buy a lot and build a house in a good locality, where values are absolutely sure to advance.

Under my home building system you can build at once after a cash payment of the value of the lot. I will build for you a house, or will advance you the money to build.

You extinguish both principal and interest by monthly installments, paid exactly the same as rent, but with this difference—if paid for rent, every dollar is wasted, if paid under my system, every dollar is saved. A more favorable opportunity will never be offered, to provide a home. You should act at once. Size of lots 50 x 200 feet.
