SIMMONS' RECORD.

Of Eight Hundred Illicit Distilleries Destroyed.

More Free Pass Discussion. Penitentiary Prisoners Escape. Judge Robinson Forgets. Hotel Tax Discrimination.

JOURNAL BUREAU. RALEIGH, N. C., Jan. 22. The R. R. Commission is called upon to look to the Attorney General, Z. V. Walsen. He is riding on a free pass, as "local council" for the Southern, while at the same time he is supposed to represent the State against the Southern R. R.

Raleigh's health record this month is remarkable. Up to date there has been only 3 deaths white, and both of them over 80 years old.

Mr. E. J. Best, of Goldsboro, has been appointed by Judge Purnell as his stenographer and type writer at a salary of \$900. The government allows this sum to the District Judge for a clerk.

Yesterday "The Central Market and Cold Storage Company" was incorporated here.

Yesterday the escape of a 30 year convict was noted. It seems the discharged guard released four besides the first mentioned one: Joseph Martin. The Grimes farm near Raleigh will not be worked by the penitentiary authorities as was at first proposed.

Superintendent Newborne finds that there is \$900 of the penitentiary library fund. This has been accumulating for several years and is mostly from the 10c admission fee for visitors to the prison.

Council for John Evans who is condemned to hang at Rockingham on the 27th has asked for commutation of sentence to life imprisonment.

In the case of the R. R. Commission against the Southern Express Company for dead heading express packages in violation of the law, Governor Russell and ex-Governor Carr will probably figure as principle witnesses.

There was a short session of Federal court held yesterday before Judge Purnell to approve a few accounts. There will be an adjourned term of this court held beginning Feb. 8th for the trial of civil cases. District Attorney Aycock appeared yesterday for the last time before the court. His successor Claude Bernard will take the oath of office and qualify next week.

The anti-saloon League will hold a mass meeting tomorrow afternoon. They will try to put temperance on the municipal ticket next spring.

It is charged that Judge Robinson only charged the grand jury as to indictment against free passes in counties along the line of the Southern R. R. He says this was due only to forgetfulness. How convenient memory is sometimes.

The last revenue act exempts from license tax those hotels whose business is under \$1,000 a year. A test case is now to be made before the Supreme court. The lessee of the hotel in Durham, says this is discrimination and refuses to pay. The Superior court backs him and the State appeals to the Supreme court to settle the matter.

The Governor and attorney for the penitentiary decide to let Cabarrus county have 45 convicts for public road work. This is in the face of the statement of the superintendent that no convicts could be furnished this winter.

During Collector Simmons term 800 illicit distilleries were destroyed. This is a record.

Reports to the Labor Bureau, state that the annual value of the State's oyster product is now only about \$150,000.

PAID TOO MUCH.

Harlow Says Public Affairs Are Not Conducted Business-Like.

Many People Are Mad Because They Were not Asked to the Reception. McKenna is Attorney General. The Teller Resolution Next Week.

JOURNAL BUREAU. WASHINGTON, D. C., Jan. 22.

Civil Service Commissioner Harlow is about the most unpopular man in Washington, with the government clerks, since he told the Senate Civil Service committee that the government could easily save about \$8,000,000 a year in clerk hire alone by compelling the employees of all the departments to work seven hours a day, instead of six and one half. And he didn't stop there. He expressed the opinion that millions might be saved if the government's business was managed like that of large business establishments after a general reclassification of salaries and the dropping of unnecessary employees. Mr. Harlow has discovered what has been plain to everybody who has taken the trouble to look into the matter—that the bulk of the employees are paid out of all proportion to the importance of the work they do, while the few who do responsible and difficult work are underpaid. There is nothing new in all this, except that a government official should say these things.

Great offense has been given a number of people here, as was to be expected, because their names were not on the invited list to the White House reception this week. The guests comprised chiefly members of the diplomatic corps and a large part of Washington society, and here and there a few representatives of the army, navy and other government officers. The army and navy people are especially indignant that persons were bidden to the White House in large

CATARH OF THE STOMACH

A Pleasant Simple, But Safe Effective Cure For It.

Catarh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headache, flible appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue, and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has a time to ferment and irritate the delicate mucous surfaces of the stomach.

To secure a prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use "each meal a tablet, composed of Disastase, Aspic Pepsin, a little Nux. Golden Seal and fruit acids.

These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and, not being a patent medicine, can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom, passing backward into the throat, reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling.

I have found flesh, appetite and sound rest from their use. Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at drug stores.

numbers who, they say, had no claim to be asked except because of their real or assumed prominence in Washington social life.

The Senate in executive session, confirmed the nomination of Attorney-General McKenna to be a justice of the Supreme court of the United States.

An effort was made to secure the confirmation of the nomination of General Longstreet to be commissioner of railroads, but Senator Vest made objection to immediate action and the nomination went over until another day. Mr. Vest did not state his objections beyond mentioning the fact that they were not personal.

Consideration of the Teller resolution providing for the payment of national bonds in silver was postponed by the Senate until next Tuesday, with the understanding that the final vote would be taken on Thursday.

FRENCH DEPUTIES SUSPENDED.

Fighting in the Chamber on the Dreyfus Affair. M. Zola Sticks to His Charges.

Special to Journal.

PARIS, January 22.—The Chamber of Deputies today became the scene of great disorder. A free for all fight broke out among the members and the session of the Chamber was suspended.

The trouble grew out of the prosecution of M. Zola for his criticism of the Esterhazy court martial. The decision of the court martial acquitting Esterhazy was declared by Zola to "sully with suspicion all such future trials," and that the decision was rendered in accordance with orders from high authorities. Zola also accuses high army officers of dishonest actions. These charges M. Zola now reiterates.

FOR THE PURPOSE OF BUILDING UP AND SETTLING

RIVERSIDE,

With desirable occupants and owners, I now make for a limited time the following advantageous proposal:

LOTS!

ONLY \$250.00.

\$5 CASH DOWN.

BALANCE \$1.00 A WEEK.

Every man of moderate means, and every man working on a salary, may own a home.

Buy a home and pay for it in installments. When the first payment is made, I will give you a guarantee to make you a deed for the lot when all payments on same are made, "a pass book for weekly payments."

Safer than a savings bank, and far more profitable.

When the lot is paid for, I will build you a MODERN COTTAGE, (your choice of plan) to be paid for in monthly installments. Payments but little more than you would pay rent. For example, a cottage costing \$2,000, will cost in monthly payments, \$30, for 7 years, and the house and lot is yours.

If you want a smaller cottage, say to cost \$1,200. The monthly payments will be \$15. At the end of 7 years you own a house and lot in a desirable locality, increasing in value every day.

You should act at once. Size of lots 50 x 200 feet.
