Pure Food and Drug Congress. Womack Resigns to Take New Job. Judge Dick Getting Well. Sharing Paring Expenses.

JOURNAL BUREAU, RALEIGH, N. C. Jan. 25, '93. Collector Duncan says that in appointing his new officers the Populists will be recognized. This will be good news for the Pops.

Governor Russell has been asked to name delegates to the Pure Food and Drug Congress to be held in Washington in February. The Governor has gone to Wilmington for a few days. He does not like to neglect his old home, so occasionally pays a visit there.

Prince Impy the South African who came here to Shaw University to be educated and about whom some people have written so much about, contracted consumption and has been carried to the Sanitarium for colored consumptives at Southern Pines.

Chief Deputy Womack who has served under Collector Simmons could not wait until Mr. Duncan appointed his successor on February 1st, as his new position in New York demanded his attention, so he resigned yesterday and this morning left for his new home.

Judge Dick is improving so rapidly he may withdraw his resignation as U. S. District Judge.

An act of the legislature authorized that the State should bear half of the expense of paving the streets around the capital, the city to bear the other half. No money was appropriated, but convict labor was to be furnished. Ten convicts were therefore sent to the rock quarry yesterday to help get out the Belgium

CATARH OF THE STOMACH

A Pleasant Simple, But Safe Effective Cure For It.

Catarh of the stomach has long been considered the next thing to incurable.

The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headache, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue, and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has a time to ferment and irritate the delicate mucous surfaces of the stomach.

To secure a prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harrison the safest and best treatment is to use after each meal a tablet, composed of Disintase, Aseptic Pepsin, a little Nux. Golden Seal and fruit acids.

These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and, not being a patent medicine, can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom, passing backward into the throat, reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling.

I have found flesh, appetite and sound rest from their use.

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at drug stores.

block for paving. The Capital grounds will be very much improved by the numerous changes proposed when those changes are made.

At a meeting of the chamber of commerce here tonight steps were taken to push the completion of the Baptist Female University, and for the reopening of the Park Hotel. President Raney of the chamber of commerce, is the one who "holds the hotel situation in Raleigh". He will scarcely enter into any plan to reopen a hotel he has just closed.

John Evans of Rockingham has been granted another reprieve of 30 days from Jan. 25th.

Poor Col. A. B. Andrews and other Southern officials are today being punished by the new R. R. Commissioners, Messrs. Caldwell and Pearson. Wonder if it hurts much. The end of the rope will be reached ere long and the commissioners will hang themselves.

At a temperance meeting held here not long ago, Mr. C. H. Mebane, superintendent of public instruction was appointed President of the Temperance League. He has resigned.

Col. Andrews this morning before the R. R. Commission was attended by his counsel N. A. Henderson and F. H. Busbee. Mr. Busbee was spokesman and said to punish these gentlemen of the Southern Railroad would be in violation of 5th and 14th amendment to the U. S. Constitution, and also article 1st of the State Constitution. He rather questioned what the R. R. Commission was anyway and reminded the commission that its neck was saved by a bare screech in the Supreme Court decision, regarding the express cases.

Of Southern Railway Officials. Wants Col. Andrews Severely Punished. Special to Journal.

RALEIGH, January 25.—The Railway commission began the hearing of the contempt case of the Southern Railway officials, today.

There were sharp speeches by the attorneys. Busbee, Cook, Douglas and Henderson.

Cook in a fiery speech called upon the Railway Commissioners to make an example of Vice President Andrews, and punish him with the utmost penalty of the law.

Henderson said that no court in the United States would force a witness to give evidence against himself.

The commission will not give a decision in the case before Thursday.

A BAD MOVE

In Refusing to Give Certain Committees Hearing.

Silver Ought to Have Been Given a Hearing. New Postage Law. North Atlantic Squadron in Close Touch With Washington.

JOURNAL BUREAU, WASHINGTON, D. C., Jan. 25.

By refusing to grant hearings respectfully asked for by the Executive Committee, of the American Bimetalle Union, the House Committee on Banking and Currency, which has heard everything the friends of the gold standard had to say, made a break that will hurt the silver men more than it will hurt them, as will be seen when they appeal from the decision of that committee to the voters in the Congressional District. The claim that only those were granted hearings who appeared to advocate some particular currency bill, put forward by the Committee, was a mere subterfuge that fooled nobody. Such action on the part of that committee would have been excusable if there was any chance of

favorable action upon any bill that it may prepare, but when it is extremely doubtful whether a majority of the committee can even agree upon a bill, and certain if they do the bill cannot become a law, it seems that common decency, not to mention fair play would have caused them to give the silver men a hearing. Anything illogical can be overthrown in this country by argument, but suppression will never be countenanced as legitimate opposition.

The Teller resolution, declaring U. S. bonds to be payable in silver dollars, at the government's option, is now being discussed by the Senate and will be voted upon Thursday of the present week, and, of course, adopted. When it goes to the House, it will be smothered in committee. The country will doubtless be glad that the financial debate on this resolution will be so short. It will probably get all the financial discussion it wants and much more, in the coming Congressional campaign.

If a bill which has been favorably reported to the House becomes a law, first class mail matter will not be forwarded after the first of next July, unless the postage is fully prepared. At present a two-cent stamp on a letter will insure its being forwarded, no matter how much the postage may be, the government depending upon collecting what is due, before it is delivered.

Although the vessels of the North Atlantic squadron will be sixty miles distant from Key West every precaution has been taken and arrangements made by Admiral Seward to keep in touch by cable with the authorities at Washington. A torpedo boat will be kept there under full steam ready to convey any orders that may be called from Washington or Havana and which would reach the fleet within two hours after being received from the cable office by the commandant of the station, Commander Forsythe. No more active or competent officer could have been selected or intrusted with this important duty.

THE BIG STORM. Trains Blocked and Wires Down. Snow Stops All Traffic. Special to Journal.

CHICAGO, January 25.—The great blizzard is still in progress in this city today. Throughout the entire west the storm is raging, but the storm centre is making rapidly toward the east.

The railroads are impassable for trains and officials report the worst condition in years. The telegraph wires are down over large sections and telephone wires in the city are badly broken and many

are brought to the ground along with the wires. The whereabouts of no communication. A great display of electricity has been a feature of the storm, the air seemingly being charged with it.

ONLY \$250.00. \$5 CASH DOWN. BALANCE \$1.00 A WEEK.

Every man of moderate means, and every man working on a salary, may own a home. Buy a home and pay for it in installments. When the first payment is made, I will give you a guarantee to make you a deed for the lot when all payments on same are made. "A pass book for weekly payments."

If you want a smaller cottage, say to cost \$1,000. The monthly payments will be \$15. At the end of 7 years you own a house and lot in a desirable locality, increasing in value every day.

You should act at once. Size of lots 50 x 200 feet. Full information, maps, etc., call on
