STANDING BY HOME INSTITUTIONS.

There is a good deal of significance to those who are familiar with insurance matters in Greensboro, N. C. in the announcement of a few days ago, that another home fire insurance company has been organized in that city.

The Southern Stock Mutual Company is a home fire insurance company, which was organized in Greensboro three years ago.

The Stock Mutual insurance plan is one by which every policy holder receives not merely the ordinary protection against fire through his policy, but receives a pro rata dividend from the profits of the company's business.

For months past the Southern Stock Mutual has been at war with the Southeastern Tariff Association.

Whatever the merits of the controversy may be, the people of Greensboro, instead of giving a half support to their home company have entered into the fight with their full force, giving their home company all the business they could, until the other day when the Southern Stock Mutual found it must cease to take further business risks, as its business had increased to the limit prescribed by its charter.

And to further show their fidelity and interest to home institutions, the people of Greensboro, quickly organized another home fire insurance company, the Underwriters Mutual, with a capital stock of \$80,000, one half this amount being at once paid in cash.

If the people of Greensboro prove as courageous in their support of every local enterprise, as they have in the backing given the Insurance Company, the future of their city is not problematical, for such feeling as shown in the case of the home insurance company which was threatened from without by a powerful Association, means that Greensboro is a unit on home institutions, and their success is therefore assured.

And it is this standing firmly by home institutions which makes cities prosperous and its citizens successful in what they undertake.

Household Gods.

The ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of today is Dr. King's New Discovery. For consumption, coughs, colds and for all affections of Throat, Chest and Lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money returned. No household should be without this good angel. It is pleasant to take and a safe and sure remedy for old and young. Free trial bottles at F. S. Duffy's Drug Store. Regular size 50c and \$1.00.
