### DUNCAN APPOINTEES

Take Their Places in Revenue Office.

First Snow of Season. No Compulsory Vaccination Yet. A. & M. Cadets Indignant. University Loses on County Bonds It Owns

JOURNAL BUREAU,  
RALPHIGH, N. C. Jan. 31, '98.  
E. C. Duncan, when he takes charge of the Revenue office tomorrow, will make the following appointments: Henry C. Thompson, of Orange county will succeed ex-Judge Thos. B. Womack as chief deputy, salary \$1,800; Oliver H. Dockery Jr., will succeed Captain S. A. Ashe as cashier, (it was thought he would be chief deputy). The cashier's salary is \$1,200; J. R. Joyce of Reidsville will be made stamp clerk at that place, salary \$1,200. Mr. Duncan says he will let it be known tomorrow what he will do as to clerks who claim retaining under the civil service regulations.

Yesterday the first snow of the winter began falling. The sky for hours had a heavy leaden look, that gave promise for a good snow.

Unless small pox makes its appearance in this city, compulsory vaccination will not be resorted to, though the board of health earnestly urges upon the people the advisability of being vaccinated and many are following this advice.

The cadets at the A. & M. college here held an indignation meeting a few nights ago, and demand better fare and better service in their dining hall. These boys pay \$8 a month for board (the same that the University boys pay in Commons Hall). At the A. & M. college here, there is never a table cloth or napkin used, both are used at the University) an oil cloth is tacked to the table, and washed off once a day. The amount paid in to the Mess Hall here is about \$1,500 and at Commons Hall only about \$1,100. The faculty will look into the matter this week.

It is asserted that Senator Butler was anxious for John Graham to be made Chairman of the R.R. commission instead of Caldwell, but that it did not suit the Governor to do so. Why it is well known to the public generally.

Fifteen convicts were sent to Goldsboro Saturday to work on some dykes there. The 40 convicts that were expected to go to Cabarrus county for work on the public roads could not be spared so says Superintendent Newborne. He also notifies the Agricultural and Mechanical College cadets that they can have a squad of convicts to put the athletic grounds in order if they will pay 65 cts. a day for them.

When it was first proposed to put the A. & M. college here the city donated \$2,500 for a site—a piece of property north west of the city was bought for \$2,100—and the other \$400 deposited with the State Treasurer. Later Mr. Pullan gave the present site to the promoters of the enterprise, and the site purchased left as belonging to the college. Now there is a purchaser, for the land, but no deed can be found.

The University held \$6,000 of the Stanley county bonds and \$8,000 of the Wilkes county bonds. Now these are declared invalid so the University will lose \$14,000. The money invested was that given by the Alumni for one of the classes of the University.

Collector Duncan says that if V. S. Luak wishes to step into Ewart's shoes Governor Russell will give him the place, otherwise E. D. Carter of Asheville will be the lucky man.

A political piece of pie now being watched here is the postmasterhip. Ex. U. S. Marshal J. B. Hill says that Pritchard promised him the place, and C. T. Bailey claims that Pritchard promised it to him.

News as to new cotton mills and big improvements on old ones continue to come in. Cotton mill industry is certainly assuming large proportions in this State.

Superintendent Newborne says that 155 convicts are grading the road from Asheville to Elrod and have finished 11 miles.

### SUMMONED TO APPEAR.

United States Supreme Court After Railway Commissioners. Radical Reduction in Passenger Rates Promised.

Special to Journal.  
RALEIGH, January 31.—The United States Supreme Court this afternoon issued a rule that Caldwell and Pearson, the two new Russell commissioners of the Railway commission, appear before the Supreme court on February 21st, to show cause why they should not be attached for contempt of court.

It is stated that it is the purpose of the railway commission at its next meeting to reduce first class passenger fares to 24 cents a miles and second class passenger rates to 14 cents per mile.

### Produce Exchange Closed.

Special to Journal.  
CHICAGO, January 31.—The long contest between different factions of the Produce Exchange in this city has resulted in the formal closing of the Exchange by a vote of the members.

### CAN RIDE OVER CHILKOOT.

Aerial Railroad Completed. A Marvel of Enterprise.

TACOMA, Wash., Jan. 30.—Hugh C. Wallace, president of the Chilkoot Railroad and Transportation Company, has been informed of the completion of the company's aerial railway over the Chilkoot Pass to Lake Linderman.

This marks a new era for Klondike travel, as the time between tide-water and the headquarters of the Yukon river is shortened from a month to one day, besides the removal of the perils and hardships.

The company made a contract last night with the Canadian government at 15 cents a pound for the transportation of all its freight for the mounted police from Dyes to Lake Linderman.

### Big Poultry Show.

Special to Journal.  
New York, January 31.—The ninth annual poultry show begins in this city tomorrow and will be held in Madison Square Garden. The prizes offered amount to seven thousand dollars.

### FORGING THE ISSUE.

Senator Mason Insists Upon Interference in Cuba. Friends of Cuba Becoming Restless Again.

Special to Journal.  
WASHINGTON, January 31.—Senator Wm. E. Mason of Illinois will introduce a resolution in the Senate demanding that peace in Cuba be secured at once and at any cost.

Senator Mason heads the Republican Senators who are urgent for action against Spain's continued rule in Cuba. The Cuban situation in Congress was eased for the time to a marked extent by the sending of that warship to Havana, but the advocates of action are getting restless again under the numerous reports that the warship was merely a trick to gain further time.

It is significant that the Senators who are agitating the matter are in political accord with President McKinley and in favor of the annexation of Hawaii, but are impatient at the slowness with which the administration's Cuban policy is developing, and anxious to hurry it up a little. An intimation of their feelings has been given the President.

### Absconder Caught.

Special to Journal.  
BOSTON, January 31.—An absconder merchant of this city has been captured in Canada. In his possession was thirty thousand dollars in bonds and diamonds, and five thousand dollars in cash.

### The China Question.

Berlin, Jan. 31.—Newspaper comment here is all to the text of England's inglorious retreat, as indicated by the announcement of the Berliner Tageblatt, that Russia and England have arrived at an agreement whereby England has arrived at an agreement whereby England has consented to drop her demand for the opening of Ta Lien Wan as a free port and Russia waives further opposition to British control of the China sea customs.

The National Gazette learns that Turkey has given Russia permission to send the Black Sea fleet through the Dardanelles.

### CASTORIA.

The Best Family Remedy. In every household there should be a bottle of Castoria.

### ON PAYING BONDS.

Ways and Means Committee Report Resolution Unfavorably.

Report Will be Immediate. Will Result in Party Vote. Speaker Reed Predicts Thirty Majority Against Resolution as Passed in Senate.

Special to Journal.  
WASHINGTON, January 31.—This afternoon, the House committee on Ways and Means by a vote of eleven to five, decided to report unfavorably the Teller resolution, making government bonds payable in gold or silver at the option of the Treasury.

The vote was taken on strictly party lines and the decision was to make the unfavorable report immediately.

As soon as the resolution is reported back from the Ways and Means committee, the rules committee will bring in a special order for its consideration. The time allowed for debate is likely to be brief, as the leaders do not believe there is any necessity for protracted debate, and, moreover, a long discussion would be contrary to the purpose they have in view, namely, a prompt and decisive negative reply to the Senate's declaration.

Speaker Reed says that the result of a vote in the House will be a decisive vote of thirty against the resolution as passed in the Senate.

### Railroad War Threatened.

Special to Journal.  
CHICAGO, January 31.—A great trunk line railroad rate war of the biggest roads running out of this city is considered to be imminent.

### Spain May Give Up.

HAVANA, (via Key West) Jan. 30.—Gen. Arolas has said that Spain cannot carry on the war in Cuba beyond July, and that if by that time the island is not pacified Spain will be obliged to abandon it for lack of resources. He also expresses the belief that Premier Sagasta and Senor Moret, the minister for the colonies, intend to abandon the island by July next.

This morning United States Consul General Lee gave a banquet at the Havana Yacht Club House at Mariano Beach, to the officers of the United States warship Maine.
