GREAT BLIZZARDS

Prevailing Over the Whole North. Very Bad in Massachusetts.

Special to Journal. New York, February 1.—Following the snows that have fallen in this section, a terrible blizzard is now raging in this city. There is much suffering among the poorer classes. The traction companies are doing their best to keep their roads open.

Reports from the west are that the blizzard is very severe. In Michigan, Indiana, and Wisconsin it is the worst storm that has prevailed for ten years. In the New England States the blizzard continues unabated. In Massachusetts all business is practically blocked.

PUT ON TRIAL.

For the shooting of The Miners at Latimer.

Special to Journal. WILKESBARRE, Pa. Feb. 1.—Sheriff Martin and 58 deputies were placed on trial today for the shooting of the strikers at Latimer, Pa., last September.

In the shooting as many as eighty of the strikers were killed and wounded, and many were shot when they were trying to escape from the scene of bloodshed on the public highway.

The feeling against Martin all through the mining country is very high. Sheriff Martin says that he accepts the responsibility for all.

FREE TO MILLIONS.

A Valuable Little Book Sent Free For the Asking.

Medical books are not always interesting reading, especially to people enjoying good health, but as a matter of fact scarcely one person in ten is perfectly healthy, and even with such, sooner or later sickness must come.

It is also a well established truth that nine-tenths of all diseases originate with a breaking down of the digestion, a weak stomach weakens and impoverishes the system, making it easy for disease to gain a foothold.

Nobody need fear consumption, kidney disease, liver trouble or a weak heart and nervous system as long as the digestion is good and the stomach able to assimilate plenty of wholesome food.

Stomach weakness shows itself in a score of ways and this little book describes the symptoms and causes and points the way to a cure so simple that anyone can understand and apply.

Thousands have some form of stomach trouble and do not know it. They ascribe the headaches, the languor, nervousness, insomnia, palpitation, constipation, and similar symptoms to some other cause than the true one. Get your digestion on the right track and the heart trouble, lung trouble, liver disease or nervous debility will rapidly disappear.

This little book treats entirely on the cause and removal of indigestion and its accompanying annoyances. It describes the symptoms of acid dyspepsia, nervous dyspepsia, slow dyspepsia, amyloseous dyspepsia, catarrh of stomach and all affections of the digestive organs in plain language easily understood and the cause removed.

It gives valuable suggestions as to diet, and contains a table giving length of time required to digest various articles of food, something every person with weak digestion should know.

No price is asked, but simply send your name and address plainly written on postal card to the F. A. Stuart Co., Marshall, Mich., requesting a little book on Stomach Diseases and it will be sent promptly by return mail.

Havana Starved.

HAVANA, January 31.—At about midnight last night a man named Luis Carlo Lazo, who recently returned to Cuba from the African prisons, exploded a bomb at the private residence of the conservative ex-mayor of Havana, Senor Miguel Diaz. The noise of the explosion was heard throughout Havana, although the scene of the explosion was at Jesus del Monte. The door was broken and a large hole was made in the house. The Diaz family and those inhabiting neighboring houses were panic stricken. Lazo drove to Jesus del Monte from Havana in a cab. He was captured while making his escape. Senor Diaz says he does not know Lazo and believes he has political accomplices.

GETTING FEARFUL

Of Losing Their Places. Railroad Commissioners

Hasten to Get Pay off Scores. A & M. College Fare all Right. Supreme Court Meeting. Duncan in Office.

JOURNAL BUREAU, RALEIGH, N. C. Feb. 1, '93. A telegram has been received here stating that the U. S. Supreme court has granted a rule ordering Russell's commissioners Caldwell and Pearson to appear before that court Feb. 21st, and show cause why they should not be attached for contempt. This looks like victory for the two old commissioners—and it may be that Caldwell and Pearson may have to take some punishment they had promised Col. Andrews.

When it was learned by Chairman Caldwell that such was the decision of the Court in Washington he immediately telegraphed the clerk of the commission that he had called a meeting today. They will evidently try to get in some of their good(?) work before they are called upon "to step down and out." When the commission adjourned last week it did not expect to meet until the 17th. One of the things the commission proposed to do at its next meeting was the lawfulness of the railroads to issue free passes to newspaper men in exchange for advertisement and newspaper courtesies. The commissioners say it is unlawful.

Raleigh was visited yesterday afternoon by a regular blizzard. There had been quite a "variety of weather" during the day, snow, rain and bright sunshine when suddenly there loomed up a most ominous looking cloud and soon rain snow and hail fell in sheets driven in all directions by a strong wind. This lasted for about 30 minutes, then a bright sunset. The weather has turned very cold.

W. R. Stancell of the A. & M. College says the report that there is much complaint at the College regarding the fare is all wrong, that the majority of the boys are well satisfied. The correction is made in justice to the faculty at the College.

It is reported here on what is thought to be good authority that the R. R. Commission will reduce passenger rates to 2 1/2 cts. for first class rates and 1 1/2 cts. for second class.

It was reported here on Sunday that a case of small pox had developed at Shaw University (colored), but it was soon proved that the rumor was entirely without foundation as there is no case of sickness of any kind there.

The annual trust of the R. R. Commission has been given to the printers and will soon be ready for the public.

Raleigh is making a record as to its healthfulness. The January report gives only 17 deaths. Two of these were white and 15 colored. It is such reports as these that make northern people who are seeking mild and healthful places to winter in, come here. On Sunday and Monday six persons from Boston came here to spend the rest of the winter. The big comfortable Park hotel being closed private families and boarding houses took them. A lady from Boston is here ready to open up a big boarding house if such a house can be found.

Superintendent Mebane has been notified that Cleveland county has raised \$295 to lengthen the public school term. The State will match it with a check the same size. Such is the law now that the State Treasurer will send the same to any county to equal the amount raised in the county for school purposes.

The Supreme court will meet on Monday the 7th and that day will be devoted to the examination of applicants for license to practice law.

Governor Russell has appointed Dr. John H. Williams of Asheville, Dr. R. H. Whitehead, Chapel Hill; Dr. J. B. Alexander, Charlotte; Prof. J. L. Ludlow, Winston, and Dr. G. G. Thomas, Wilmington, as delegates to the South Atlantic and Gulf States Quarantine Convention which meets in Mobile, Ala., Feb. 6th.

The Mormons who are gaining such rapid headway in North Carolina are at work actively among mill operatives wherever there is a settlement of them. When Collector Duncan was sworn in

this morning he saw in, for 30 days, all the old field deputies except W. T. Cahoe, and all the old office force save Womack and Ashe. These as has been stated were succeeded by Thompson and Dockery. He told the others that if at the expiration of 30 days he found he would not be allowed to replace them with Republicans he would commission them permanently as he was well pleased with their work. During Col. E. C. Simmons term; 4 years and 7 months, the collections aggregate \$4,517,323. This ranks the office as A 1.

The State charters the Isbell Commander Co. of Clay county with capital stock \$250,000. A. H. Isbell and 4 New Yorkers are the incorporators.

The weather today is very cold, and the cold wave flag is displayed for the first time this winter.

HAMMERING AWAY.

Railway Commission Reduces Freight Rates. Orders Railroads to Report on Free Passes.

Special to Journal. RALEIGH, February 1.—The Railway Commission changes the rate on freight of sacked corn in earload lots from Glass D to Class K.

It orders the Atlantic Coast Line and the Seaboard Air Line to furnish certified lists of all free passes and to report all special freight rates given.

English Steamer Lost.

Special to Journal. PLYMOUTH, Feb. 1.—The English mail steamer "Channel Queen" was wrecked today. There was a dense fog at the time of the disaster. Thirty lives were lost in the wreck.

FIFTY MAJORITY AGAINST IT.

Almost on Strictly Party Lines. Reed Cuts His Vote.

WASHINGTON, Jan. 31.—The House of Representatives today buried the Teller resolution, declaring the bonds of the United States payable in silver under an adverse majority of fifty votes.

The Republicans were solidly arrayed in opposition, with two exceptions, Mr. Linney, of North Carolina, who voted with the Democrats and Populists, and White, of North Carolina, who answered "Present" when his name was called.

Speaker Reed, although it was not customary for him to vote, had his name called, and, amid cheers of his followers, went on record in opposition to the resolution.

The vote was reached after five hours of debate under a special order, adopted at the opening of the session today.

The galleries were crowded all day long and the combatants on the floor were cheered by their respective sympathizers. Many of the senators from the other end of the Capital were also present to listen to the arguments.

FOR THE PURPOSE OF BUILDING UP AND SETTLING

RIVERSIDE,

With desirable occupants and owners, I now make for a limited time the following advantageous proposal:

Located on National Avenue, and others equally desirable. All lots to be connected with complete Sewerage System.

LOTS!

ONLY \$250.00. \$5 CASH DOWN. BALANCE \$1.00 A WEEK.

Every man of moderate means, and every man working on a salary, may own a home. Buy a home and pay for it in installments. When the first payment is made, I will give you a guarantee to make you a deed for the lot when all payments on same are made, "a pass book for weekly payments."

Safer than a savings bank, and far more profitable. When the lot is paid for, I will build you a MC BERN COTTAGE, (your choice of plan) to be paid for in monthly installments. Payments but little more than you would pay rent. For example, a cottage costing \$2,000, will cost in monthly payments, \$30, for 7 years, and the house and lot is yours.

If you want a smaller cottage, say to cost \$1,000. The monthly payments will be \$15. At the end of 7 years you own a house and lot in a desirable locality, increasing in value every day.

You should act at once. Size of lots 50 x 200 feet. Full information, maps, etc., call on
