THEY DIFFER IN OPINION.

President and Speaker Have Opposite Views on a Finance Bill. The Speaker to Have His Way.

Special to Journal.
WASHINGTON, Feb. 8.—There is said to be a difference of opinion between President McKinley and Speaker Reed as to the advisability of the House passing a financial bill at this session. Mr. Reed thinks the voting down of the Teller resolution by the House was sufficient to put the party on record against silver, and that it would be wiser to have the House finish up the regular business of the session and adjourn as soon as possible, than to have the financial debate that would be necessary to put through a financial bill along the line recommended by the president's message. While Mr. McKinley thinks that it would be better for his party to further emphasize its position by having the House pass a financial bill.

Although some persons are predicting that this difference of opinion will lead to trouble, the chances are that it will not. Mr. Reed's position is endorsed by the strongest men of his party in the House, and the chances are that he will have his way, and that the President will not insist upon having a bill passed.

Will Go For the Coal Barons.

Special to Journal.
WILKESBARRE, Pa., Feb. 8.—The prosecution against Sheriff Martin and his deputies will try to have the owners of the coal mines indicted as accessories to the murder of the strikers at Latimer. Sheriff Martin and each of the deputies have furnished bail in the sum of \$6,000 which was obtained from a surety company in Philadelphia, making a total of bail furnished of \$420,000.

Will Depend on England.

Special to Journal.
LONDON, Feb. 8.—China is reported to have finally abandoned the idea of obtaining a loan elsewhere than from England and will make no further efforts to obtain help from Russia.

INTENSE SUFFERING.

From Dyspepsia and Stomach Trouble.

INSTANTLY RELIEVED AND PERMANENTLY CURED.

A New Discovery, Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: The patient was a man who had suffered to my knowledge for years with dyspepsia. Everything he ate seemed to sour and create acid gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, dullness and distress after eating poor appetite and loss of flesh, the heart became affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a fifty cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was at all appearances fully cured.

There was no more acidity or sour watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but vegetable and fruit essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach however slight or severe.

Stuart's Dyspepsia Tablets are sold by druggists everywhere at fifty cents for full sized package.

THE STATE CAPITAL.

The Happenings of One Day Gathered in.

Federal Court Opens. Accidentaly Hurt. Corner Stone Laying. Lamb Bill Helps Depositors. Some Singular State Expenses.

JOURNAL BUREAU.
RALEIGH, N. C. Feb. 8, '99.
Today Federal court began, for the trial of civil and criminal cases. Bernard has not yet received his commission from Washington as District Attorney, so he has requested Mr. Aycock to attend this term of court.

Yesterday at one of the cotton plantations a 475 lb bale of cotton was accidentally thrown from a wagon and struck one of the cotton weighers crushing him to the ground. He is probably internally injured.

The fact that 13 out of the 59 applicants for law license failed to pass is about the biggest percentage that was ever turned down.

The corner stone of the Colonial Manufacturing Company of Concord will be laid by colored Masons. This will be the only cotton factory mill with capital owned by colored men, and in which only colored labor is employed in the South.

W. H. Chadbourne of Wilmington has sent in his resignation to Governor Russell, as one of the directors of the penitentiary.

The county commissioners of Wake county are giving the county printing to Jim Young who is the editor of "The Gazette," the negro organ here.

If the Lamb bill, now before Congress becomes a law, it will distribute \$7,000 here. The bill is to pay depositors in the different Freedmen's Saving and Trust Companies.

There is constant complaint that fire insurance companies not licensed in this State are continually writing insurance in North Carolina in defiance of the law. Many cotton factories are thus insured because they can get such reduced rates. Secretary of State Thompson intimates that the State loses fully \$10,000 a year by this "overhead" insurance work.

The Secretary of State has incorporated the "Carolina Soapstone Company." It is to mine, manufacture and sell talc, copper and other ores in Moore and Chatham counties. The incorporators are Raleigh men. It is for 30 years with a capital stock of \$12,000 to be increased to \$100,000.

There is much indignation felt and expressed at the action of the board of aldermen in their last meeting, in deciding to charge the school committee \$1,200 annual rental for the Centennial graded school.

The largest storage warehouse in the State owned by Weathers, Johnston and Thompson, cotton buyers will be ready to be occupied next week. It is just north of the city and on the line of the S. A. L.

The expense account of the R. R. Commission is made public. Some of the items may interest people elsewhere. For instance James Mott is paid \$35 for holding and guarding the R. R. Commission's office against "the two Wilsons". Brockwell, the locksmith gets \$10.40 for breaking into the office for Caldwell and Pearson (Russell's tools) and then repairing said locks. This is a pretty way in which to spend the people's money.

Ex-Congressman Thomas Settle is now here. He is ready with the opening of the next campaign, to enter politics once more.

This morning the Supreme court began the docket for the Spring term. There are no important cases decided so far.

Next week there will be quite a large excursion here of Northern people who are wintering at Pinehurst and Southern Pines. They come to see the public buildings.

All of the fruit nurseries in the State, are now pronounced free of the San Jose scale, and have been given a certificate testifying the same.

Japanese For Klondike.

SAN FRANCISCO, Cal., Feb. 7.—Japan is going to invade the Klondike. An army of five thousand laborers is being gotten together for the gold fields and in a month or so they will descend upon Dawson City.

One of the Nippon Yusen Kaisha steamers will bring them here, but as they will not land in the United States, there will be no one to say them nay, unless Great Britain takes a hand in the affair.

ZOLA GAINS A POINT.

General Mercier Ordered to Appear. Zola Has a Hard Fight Before Him.

Special to Journal.
PARIS, February 8.—General Mercier and Major De Odam were ordered by the court to appear and testify in the Zola trial. Gen. Mercier is the former Minister of War who submitted to the jury in the trial of Capt. Dreyfus the documentary evidence in the case. When summoned yesterday he refused to appear, claiming that it was not necessary. M. Zola himself made a strong appeal to the presiding judge to have the witness brought and the matter was under consideration until today. The Judge then issued the order.

The feeling is that Zola has a hard fight before him as the race and class feeling is all against him. He reiterates his absolute confidence in the innocence of Dreyfus.

Speech From the Throne.

Special to Journal.
LONDON, Feb. 8.—The Parliament was opened today by the address of the Queen, which was read from the throne in the House of Lords.

The Queen makes no allusion to China, although it was confidently predicted that the position of England and her relation with the other powers would be touched upon. The Queen promises local government for Ireland.

HE WILL RESIGN.

President Williams of the Chemical National Bank to Retire.

Special to Journal.
NEW YORK, February 8.—George Williams, President of the Chemical National Bank will resign from his position at the head of the bank. Mr. Williams has been President for over 25 years. He has been greatly troubled by the action of Cashier Quinlin in making the late worthless loans of immense sums of money without authority.

FOR THE PURPOSE OF BUILDING UP AND SETTLING

RIVERSIDE,

With desirable occupants and owners, I now make for a limited time the following advantageous proposal:

LOTS!

ONLY \$250.00.

\$5 CASH DOWN.

BALANCE \$1.00 A WEEK.

Every man of moderate means, and every man working on a salary, may own a home. Buy a home and pay for it in installments. When the first payment is made, I will give you a guarantee to make you a deed for the lot when all payments on same are made, "a pass book for weekly payments."

Safer than a savings bank, and far more profitable. When the lot is paid for, I will build you a MC BERN COTTAGE. (your choice of plan) to be paid for in monthly installments. Payments but little more than you would pay rent. For example, a cottage costing \$2,000, will cost in monthly payments, \$30, for 7 years, and the house and lot is yours.

If you want a smaller cottage, say to cost \$1,000. The monthly payments will be \$15. At the end of 7 years you own a house and lot in a desirable locality, increasing in value every day.

You should act at once. Size of lots 50 x 200 feet.
