### So a Law Candidate Fell Through on Examination.

Mistake Can be Rectified. Butler's Plan Not Endorsed. The Fish Report For State. U. S. Court Suits. Pension Warrants Unclaimed.

JOURNAL BUREAU. RALEIGH, N. C., Feb. 9. State Superintendent of Public Education is using every effort to have the next annual meeting of the departments of Superintendents of the National Educational associations meet in North Carolina. Asheville is the place selected, and the association will be invited to hold its next meeting there. This year it meets in Chattanooga, Tenn., Feb. 22nd and 24th.

There is quite a stir here over the fact that Mr. McMullen of Perquimans county, who was a candidate for license before the Supreme Court was turned down. It now comes to light that he was asked only two questions, and those he answered without any hesitation. It seems that the court made an error in that it got the numbers of the young men mixed, and granted license to one who failed to answer the right per cent of questions. Judges Furches and Douglas acknowledge that the court made the mistake. It is to be hoped that the court does not consider itself so infallible that the mistake will not be remedied at once.

Sad to relate Governor Russell expresses himself as seeing no improvement in the Capitol square, since the removal of the fence. It is unfortunate that he did not wait until some improvements had been made and announced—grading and terracing cannot be done in a few weeks.

"The Progressive Farmer," the organ of the Farmers Alliance, attacks Senator Butler as National Populist Chairman. It says that Butler is building up the Democratic party at the expense of populism by advocating fusion—that diminished populism is the result of friction from his policy. This paper commends him as a senator but not as leader for his party.

The work of getting out the Belgium Block for street paving is progressing rapidly.

The usual report of the labor commissioner will give the first statistics as to the fishing industry in the State. There were caught in the eastern waters during 1897, 143,326,000 fish, valued at \$1,583,000; 78,000 bushels of clams, worth \$23,000; 38,000 terrapins and turtles, worth \$19,000; shrimps and crabs, \$8,000; oysters, valued at \$180,000; caviare \$5,000. There were employed 12,000 and 3,800 vessels and boats; 124,000 gill nets were used.

There has been found one man in the State that endorses D. L. Russell as governor. He is from Moore county and considers Russell one of the safest and best leaders the republicans ever had. No position in the gift of the governor can be found good enough with which to reward this fanatical friend of his.

Six pension warrants written for this county are unclaimed—one, an old soldier, W. J. Blann, and the other four are widows, Parton, Wilson, Phillips, Weends and Glondner. If they have moved to another county their warrants can be transferred and the money, \$15.50, be sent them, otherwise the list will be marked "unclaimed" and returned to the Treasurer.

Before the U. S. court yesterday, ex-postmaster, Shaffer was sued on his official bond for the sum of \$38.50, for he was short in his accounts. The court gave judgment against him and his bondsmen. Governor Russell is one of the bondsmen. Ex-Marshal Carroll was also sued for two barrels of whiskey placed in his care, and which cannot now be found. They were valued at \$141. Judgment was granted against him.

V. S. Lusk and J. A. Smith are here as a committee from the directors of the N. C. R. R. to audit the expense account as regards the suit to annul the lease of the road to the Southern. Attorney's fees are about \$2,500 and other expenses are about \$283.94.

The will of the late Mr. Willard leaves his property, valued at about \$125,000, to his grand children, the children of Capt. S. A. Ashe.

The Southern R. R. and the Atlantic Coast Line ask the R. R. commission to give them another hearing on the 17th as

regards reduction of rates on car load shipments of fertilizer.

The board of alderman are asked to pass an ordinance requiring building permits. None have ever been required here. To appoint an inspector for plumbing is another thing that ought to be done.

The State Board of Health is making good progress with the analysis of the water supply in the various towns and cities in the State.

Auditor Ayer has again resumed charge of the editorial department of Butler's paper.

## CALLED TO TIME!

### Spain to Answer For de Lome's Insulting Letter.

Cabinet Meeting Takes It Up. The Country is Aroused. Our Vessels in Readiness. Our Relations With Spain Denounced in Congress.

Special to Journal. WASHINGTON, February 9.—The crisis resulting from the letter written by Deputy de Lome, the Spanish Minister in Washington, has become intense. The handwriting of the now famous letter is pronounced to be that of Minister de Lome. In the letter, President McKinley is denounced as a "low politician who is weak and catering to the rabble." The Cabinet today considered the matter of the letter which is an attack upon the American people by an accredited agent of Spain.

As a result of the deliberation Minister Woodford at Madrid has been instructed to demand an explanation from Spain.

Senator Platt declared in a speech in the Senate today that the United States is in partnership with Spain to fasten upon the Island of Cuba the debt resulting from the present war in which the people are struggling for freedom.

The Foreign Relations Committee reports today against placing the recognition of Cuban belligerency in the Consular bill.

A dispatch from Albany, New York, says that resolutions are prepared denouncing Minister DeLome for the letter attacking President McKinley.

The torpedo boat Cushing is ordered to Havana to carry supplies and stores to the battleship Maine now in the harbor there.

All the United States war vessels in the Mediterranean have been ordered to rendezvous at Lisbon, so as to be on the outside in case of need as it might be difficult for them to pass through the straits if war is declared.

It is believed here that the outcome of the DeLome letter will be the giving of his passports to the Spanish minister, or at least to a demand for his recall.

### Danger to the Fog.

## PARIS IN UPROAR.

### Sensation of the 'Time Drives the French Wild.

Trial of Zola Proceeding Under Difficuly. Great Disorder in the Court. Conflict Between Citizens and Republican Guard.

Special to Journal. PARIS, February, 9.—Great disorder was in the court room today during the trial of M. Zola for charges against the army officers and officials in the Dreyfus affair, which resulted in the Esterhazy court martial.

There has been rioting in the streets. The troops of the Republican Guard have found it necessary to protect from the rioters with their bayonets, the Judge of the assizes court.

The lawyers became very violent and finally threatened the Judge on the bench, and upon his being protected by the Guard, they struck the soldiers.

M. Zola has been in great danger, the crowds threatening him with violence and his sympathizers are in great peril from the mob filling the streets.

Editor Henri Rochefort is fined 5,000 francs by the French Court with imprisonment and it is also required that Rochefort shall publish an apology for insulting members of the French Assembly.

FOR THE PURPOSE OF BUILDING UP AND SETTLING

## RIVERSIDE,

With desirable occupants and owners, I now make for a limited time the following advantageous proposal:

## LOTS!

Located on National Avenue, and others equally desirable. All lots to be connected with complete Sewerage System.

ONLY \$250.00. \$5 CASH DOWN. BALANCE \$1.00 A WEEK.

Every man of moderate means, and every man working on a salary, may own a home. Buy a home and pay for it in installments. When the first payment is made, I will give you a guarantee to make you a deed for the lot when all payments on same are made, "a pass book for weekly payments."

Safer than a savings bank, and far more profitable. When the lot is paid for, I will build you a MODERN COTTAGE. (your choice of plan) to be paid for in monthly installments. Payments but little more than you would pay rent. For example, a cottage costing \$2,000, will cost in monthly payments, \$30, for 7 years, and the house and lot is yours.

If you want a smaller cottage, say to cost \$1,000. The monthly payments will be \$15. At the end of 7 years you own a house and lot in a desirable locality, increasing in value every day.

You should act at once. Size of lots 50 x 200 feet. Full information, maps, etc., call on

A. H. BAKER, Agent, 37 Pollock Street.
