## ALL CONFUSION.

### The Rate Reductions Affect Lease and Other Questions.

#### The Action on Passes Discussed. State Democratic Meeting. Want no Fusion. Butler Guest of Russell. In Case of War with Spain.

JOURNAL BUREAU.  
RALEIGH, N. C., Feb. 22.

Every thing here is still on the alert, as possibly elsewhere, for news regarding the chances of a war with Spain. Several young men here were so enthused that they left here Sunday night to go on board the training ship at Norfolk for three years.

Today the commission reduced the passenger rates even more than it was expected. The rates are now as reduced today, 2 1/2 cts. for first class and 2 cts. for second. Commissioner Abbott voted against this reduction. The commission also smoothed the law regarding the free pass as against the editor staff correspondents or newspaper men in any capacity. It also says that attorneys not actually employed by the road for a certain sum cannot have free transportation. The board of commissioners orders Col. Andrews and others to appear before the Commission March 15. The board then adjourned until that date.

The Wake county Farmer's Alliance have decided to open here a store for the sale of the State Alliance shoes, made at the Alliance shoe factory at Hillsboro.

Mr. W. W. Ashe of the State Geological Survey has gone to Southern Pines to examine the extent of the big forest fires that raged there last week.

It is a disappointment that no news, as to the decision of the U. S. Supreme Court, on the N. C. R. R. commissioners case, was received here last night. Governor Russell considers that this delay means victory for his commissioners Caldwell and Pearson.

The State Democratic Executive committee met tonight at the Yarbrough House. The time and place for the State Democratic convention to meet, and the plan for the next campaign were questions before the committee. Some of the committee favor a union of all the silver forces in the three parties as set forth by National chairman Jones, but if the Democratic party is not able to hold aloft its banner unaided, then it should go down with clean hands and a clean record and not be tainted by handling pitch viz: Populists and Republicans. Too much of this was done in the last campaign, and see "WHERE WE ARE AT." Quarter-master General Harrell has issued a circular to the State Guard notifying them that in the future no cloth or

### DANGER IN SODA.

#### Various Results Sometimes Follow its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and people who use it as such will some day regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporary relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and cases are on record where it accumulated in the intestines, causing death by inflammation or peritonitis.

Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 20 grain lozenges, very pleasant to taste and contain the natural acids, pepsines and digestive elements essential to good digestion; and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for sour stomach, but by promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weakness and will be found reliable in any stomach trouble except cancer of the stomach. All druggists sell Stuart's Dyspepsia Tablets at 50cts. per package.

A little book describing all forms of stomach weakness and their cure mailed free by addressing the Stuart Co. of Marshall, Mich.

underclothing can be issued to the companies.

Senator Butler spent Sunday here the guest of Governor Russell, no one knows why he came, but no doubt the plot will be hatched out ere long, and shown to the public.

Washington's Birthday was only observed here by the closing of the banks, the postoffice (except Sunday hours) and the flying of the flags over the Capital.

There are contrary reports as to how the Governor thinks the reduction of passenger rates by the commission will affect the lease of the Atlantic and North Carolina railway to the Southern. Some contend it will break up the deal while others say that it will not affect it at all. Commissioner Abbott says he hears that the railroads will get out an injunction at once to prevent the reduced rates from going into effect on March 23rd as ordered. The roads he says will not obey the order. He also says that he does not know whether the newspapermen will make a test case of the order forbidding them passes or not. It is said the order is aimed at the country weekly papers principally.

The sales of fertilizer tags so far this season are about 15 per cent less than they were last season, so says the secretary of the board of agriculture.

In case a call should be made for troops, the plan that should be pursued would be to call men who have served in the guard before, and consequently who are drilled and to increase the number of companies to a regiment from 8 to 12 with 100 men in each company. This would give 4,800. The governor's guard of this city can put in 150 men. The naval reserves should be increased to 500 and mustered into the U. S. service to the navy department, while the war department would increase the land forces.

### Monitor "Terror" Ordered to New York.

### Government Divers at Work on Maine. Examining the Bow. No Official Change in Situation Says Secretary Day. Spain Ordering War-Ships to Cuba.

Special to Journal.  
WASHINGTON, February 22.—General Nelson A. Miles today sent a general order to the Department of the East, under General Merritt, that all army posts and forts be on the alert and prepared for immediate action.

The commanders at the various posts and forts have made reply acknowledging the receipt of the orders and reporting that they are fully carried out.

The double turret Monitor "Terror" at the Norfolk Navy yard was ordered today to proceed immediately to New York City.

The order includes the instructions that the shells that serve the high power turret rifles be fully supplied with ten inch shells. The "Terror" will be under way from Norfolk within a few hours of the receipt of the order.

The Secretary of the Navy has decided to send to Havana either the cruiser Montgomery or the Nashville to take the place of the battleship Maine.

HAVANA, Feb. 22.—(Special)—Ensign Baunly is directing the work of the divers. Today he had two government divers working at the stern of the Maine searching for documents and the property of Captain Sigbee.

An expert diver is working in the forward part of the battleship, in the sections where the explosion spent its force. Philadelphia, Feb. 22.—(Special)—The President received a dispatch today from Secretary Day saying that no change had taken place in the situation from what had been previously reported.

The President delivered the oration at the Washington Birthday exercises at the University of Pennsylvania. Great crowds are in the streets and much cheering followed the President.

Washington, Feb. 22.—(Special)—It is reported that Spain has ordered six additional warships to sail to Cuba.
