THE STATE CAPITAL.

Western Democrats Will Vote no Fusion Ticket.

Money From Insurance Companies. Sheriff Hahn at Raleigh. Order for U. S. Prison at Raleigh Issued. Cartridge Supply Increased.

JOURNAL BUREAU. RALEIGH, N. C., March 2. The Secretary of State has paid the State Treasurer \$17,049.43 which he collected during the month of February, from insurance companies doing business in North Carolina. This is about the average monthly. Last year about \$90,000 was received from this source.

State Auditor Ayer yesterday issued the first warrant of the fiscal year for the quarterly payment to the University. The payment was \$1,250 and was turned over to Mr. R. H. Battle, Secretary.

The Raleigh Gazette Edited by Jim Young (colored) has stopped publication. The paper announces that the Republicans promised to back it, but that after they got the offices they wanted, they failed to help the paper that put them through. It claims that both Russell and Pritchard owe their positions to the Gazette. It shows up the leaders pretty well.

Sheriff Hahn of Craven county brought three prisoners here yesterday, and while making out his expenses account he said that ere long much of that expense would be saved the State, if the Express companies would put the cars for handling convicts without a guard. Of course the biggest part of the expense is in paying the expenses of the sheriff and guards to Raleigh and back again.

There will have to be another wait upon the United States Supreme court for the decision in the North Carolina R. R. Commission case—for no decision was handed down on Monday as was expected.

The New Berne Fair seems to be drawing a crowd Raleigh will be well represented. The weather so far is all that could be asked.

The question was asked yesterday whether the Railroad Commission has power to forbid an inter-State free pass being issued. A pass from Raleigh to Atlanta or Richmond and return.

Hon. Kope Elias, of Macon county says that if there is no fusion between Democrats and Populists that the State will go Democratic in November. It is really refreshing to hear a leading man in the State announce, "We want a clean cut distinctive Democratic fight. The fight must be a straight one from the shoulder." He declares the leading Democrats in the west will not go to the polls if there is fusion.

Attorney General Griggs has issued an order designating the prison here for United States prisoners. It is said credit should be given Judge Parnell for the suggestion of placing the prisoners here instead of carrying them so far North.

The Atlantic Coast Line Railroad has filed exceptions to the reduced passenger rates.

Cards are out for the marriage here in Edenton street Methodist church; of ex-Congressman Fred A. Woodard and Mrs. R. E. Holleman, of this city. They will take an extended trip South and be at home in Wilson April 5th.

The Exposition Car "Charlotte" seems to be doing a fine business. At Wilson where it was only one day 1900 persons visited it. It has gone to New Berne to be one of the attractions for the week.

Clerk Wimlish of the penitentiary says that he only ordered 150 pounds of coffee and was dumfounded when 20,000 pounds came.

President Taylor of Wake Forest college will write the chapter on "Christian Colleges" in the next report of the Superintendent of Public Instruction.

Revenue collector Duncan has just returned from Washington City, where he went to see the commissioner of internal revenue. Before his return he issued temporary commissions to all the field force of deputies for 29 days to begin March 3rd.

The State has increased its supply of ball cartridges to 100,000.

There is every indication of a very big increase in the tobacco acreage in the State this year.

Republicans say there will be no fusion as to Congressmen. That they will elect 3 and help the Populists elect 5, but that there will be fusion as to legislative and county tickets.

Commissioner John R. Smith has never yet written a line in the monthly bulletin of the North Carolina Agricultural Department.

LONG IN TROUBLE.

Likely to be Censured by Congress for Talking.

Unwarranted Assumption by the Secretary. Senator Quay is Also Weak-Kneed. Great Funeral at Key West Today. Naval Preparations.

SPECIAL TO THE JOURNAL. Washington March 2.—Secretary of the Navy Long is severely censured for his expression that Spain could not be held liable for the disaster to the Maine.

The Secretary made the statement after a meeting of the Cabinet as follows: "The element of Spain's participation in the disaster to the Maine, in my judgment, may now be practically eliminated."

The Secretary did not support his extraordinary expression by the opinion of any experts or high officials in the service.

Congress is inclined to censure Secretary Long for his want of discretion. A resolution to that effect is expected to be introduced in the Senate. A number of Senators, Secretary Sherman and Secretary Gage had a long consultation with the President today.

There are others beside Long who seem inclined to take things easy. Senator Quay of Pennsylvania said today before leaving for Washington, "Even if the Maine was destroyed by some external agency, I do not see cause for war. The matter could be settled by an indemnity."

Secretary Long decided to send fifty tons of provisions for relief to the suffering reconcentrados on the island of Cuba.

Key West, March 2.—(Special)—It is a fact that naval officers express the view that very little testimony has been heard tending to show that the explosion was the result of a conspiracy or even to indicate the exact cause.

Preparations are made for the funeral tomorrow of the Maine victims whose bodies were brought from Havana. The ceremony will be most elaborate. The crew of every man of war in the harbor will march behind the remains of the dead sailors. The procession will be most imposing. The band of the flagship New York will head the line. Behind will come the survivors of the Maine. Only the stars and stripes will be carried.

Havana, March 2.—(Special)—The divers of the Merritt Wrecking Company began work on the outside of the Maine's hull today for the first time. Under Captain Sigbee's orders one diver will be used to recover bodies hereafter while the others will explore the parts of the vessel.

Havana is quiet today, although public and private greetings to the warship Vizcaya have not lessened in fervor. Divers are working hard upon the wreck. It is feared that many bodies were blown to pieces, which would account for the failure to find bodies.

Senator Proctor has left the city for Matanzas. He was accompanied by Miss Clara Barton of the Red Cross relief society.

Philadelphia, March 2.—(Special)—The officers for the monitor Miantonomah and the ram Katabadin are selected. The monitor will be used to defend New York City. The Katabadin will join Admiral Sicard's fleet at Key West. Both vessels go into commission March 10.

Brooklyn, March 2.—(Special)—There is a rush of orders at the navy yard for projectiles for the fleet at Key West. Part of them were shipped today.

Trials at Lattimer.

WILKESBARRE, Pa., March 1.—Sheriff Martin testified in his own defence at this afternoon's session of court. He told of his actions from September 4th when he was called from Atlantic City, up to the day of the shooting. He described the dispersing of numerous bodies of strikers during the period.

Witnesses to be Summoned From North Carolina in the Ewart Case.

WASHINGTON, D. C., March 1. Senator Butler is making a strong effort to defame the confirmation of Judge Ewart for the judgeship of the Western North Carolina District. He filed a number of charges against Judge Ewart before the sub-committee of the Judiciary Committee, and submitted the names of a large number of witnesses who will appear before the sub-committee Friday next. Among the witnesses expected are Governor Russell, ex-Judge Merriman, Judge Thomas A. Jones, and others of the Asheville bar.

A special messenger to serve the subpoenas leave here tomorrow for North Carolina.

Some of the charges filed today are said to be serious. Senator Pritchard is confident that Ewart will be able to satisfactorily answer all the charges against him.

It is understood that Mr. Bath re-charged that Mr. Ewart is indicted for a judicial office because of a lack of legal attainments and is of the wrong temperament.

Expedition Abandoned.

WASHINGTON, March 1.—The War Department has decided to abandon its expedition for the relief of the miners in the Klondike country because the conclusion has been reached that no necessity exists for it.

MEHLIN HIGH GRADE PIANOS.

The A. COHN PIANO & ORGAN CO., New Bern, N. C.

Gentlemen—It is with real pleasure that I see you having again secured the agency of the meritorious "Mehlin" pianos. I only wish that those of our home people who are desirous of purchasing a piano would intelligently investigate the genuine merits of this kind of pianos. It possesses, indeed, all of the remarkable characteristics which have made the Chickering, Steinway and other first grade instruments so justly celebrated—easy, elastic touch, full and evenly balanced tone, sympathetic to the varied shade of feeling—a perfect Wagnerian tonal color or a Chopinque softness, at the will of the performer. In my opinion the Mehlin is slightly in advance of any other piano. It must be appreciated thoroughly before it can be fully appreciated. When we consider that its cost is far below that of the old time first grade pianos, we must be assured that our intelligent purchasers will pass by. A few fine pianos that were manufactured in this season ten to thirty years ago. I am simply astonished that people will consider them even as second grade instruments. As a matter of fact, these old pianos are far behind the times—no one of our conspicuous instances being an exception in comparison with such a modern as the Mehlin. It affords me pleasure to write you this, and, as I do, partially and wholly a voluntary act. Fill our homes with Mehlin's, and you will do more good than all the hosts of ancient and honorable-faded pianos could in a century. With best wishes,
CHARLES L. GASKILL.

In Time of Sickness

A hot water bottle is a necessity. In time of health it is a comfort and a luxury. The family without one is without a good friend. The family with one is the family that knows the value of such a friend, and is the family that is safe against sudden attacks of illness, such as colds, chills, cramps, catarrhs, inflammations, etc. These bottles are not expensive, as some people think. They are cheap—very cheap when you consider their usefulness. We can give you one for 75c, or larger and better ones for \$1, \$1.25 and \$1.50. A combination hot water bottle and syringe for \$1.50, or a fountain syringe alone for 65c, 75c, \$1, \$1.25 and \$1.50. If you would like to know more, come in and we will be pleased to show you the goods.

Someone asked: "Mistress Mary, quite contrary. How does your garden grow?" Such a question is aggravating after the garden is planted and there is found to be something the matter with the seed. We don't believe there will be any trouble if you come to us for GARDEN SEED. We have LANDRETT & SON'S SEEDS, and they are all fresh. We would not keep them if they were not.
