## A GENERAL TAKEN!

Reported Capture by the Cubans of General Pando.

## ROOSEVELT SAYS THAT

The Administration is Firm as Ever. Men Wanted for the Navy. Secretary Gage Now Has Something to Say on War.

Special to Journal.

Key West, March 19.—It is reported that General Garcia, of the Insurgent forces, has captured the Spanish General Pando.

The Cubans believe that this disaster to the Spanish arms will bring Spain to terms. The wildest excitement prevails among the Cuban sympathizers.

San Francisco, March 19.—(Special.)—The battleship Oregon has sailed to Callao, to await orders at that port.

WASHINGTON, March 19.—(Special.)—Assistant Secretary of the Navy Roosevelt says that there is and will be no recession from the stand taken by the United States Government towards Spain.

The administration, Roosevelt declares, has mapped out its plans and will firmly carry them out.

Ordering the Massachusetts and Texas to Hampton Roads where they are to be joined by the Brooklyn, Columbia and and Minneapolis, was for the purpose of better protecting the Atlantic coast.

He also says that the intimation that the fleet at Key West had nothing to do with the formation of the fleet in Hampton Roads.

The dynamite cruiser Vesuvius from Key West reached the navy yard at Washington this morning.

It is expected that her guns can be prepared in a few days. It is believed in some quarters that the Vesuvius carries the preliminary report from the board of inquiry, but this is denied.

The Navy Department is preparing to send several thousand notices to be posted in the principal towns throughout

## THEY RIDICULE IT.

MANY PEOPLE RIDICULE THE IDEA OF AN ABSOLUTE CURE FOR DYSPEPSIA AND STOMACH TROUBLES.

Ridicule, however, is not Argument and Facts are Stubborn Things.

Stomach troubles are so common and in many cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on never being humbugged especially on medicines.

This fear of being humbugged may be carried too far; so far, in fact, that many persons suffer for years with weak digestion, rather than risk a little time and money in faithfully testing the claims of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hyalinate and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten promptly, thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely upon the bowels whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets, taken after meals, digest the food. That is all there is to it. Food not digested or half digested is poison, as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite, and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package. Address Stuart Co., Marshall, Mich., for book on stomach diseases or ask your druggist for it.

the United States calling for enlistment in the Navy.

The advertisements call for men between 18 and 35 years of age, except for ordinary seamen who are required to be 18 to 30 years. The Navy Department is experiencing the utmost difficulty in securing seamen for the service.

It is reported that Lieut. Holman, the Maine surveyor, who was called back today, brought a report from the court of inquiry. He was closeted for sometime with Secretary Long and then saw the President.

The House this afternoon agreed to the bill admitting free of duty all military and naval supplies purchased abroad.

Cleveland, March 19.—(Special.)—Secretary of the Treasury Gage declared today that he does not believe present complications with Spain will lead to war. He said the people are getting used to this war talk and understand that it means little or nothing.

There is a possibility of war, he says, and if it comes the financial resources of the government will be equal to any emergency which may confront it. The President can do nothing but get any appropriation wanted. Our credit is the very best and the business interests have not been affected by the possibilities of war.

## REPORTS FROM CUBA.

Havana Becoming Excited. Many Spanish Soldiers Sick. Work of the Dyers. Blanco in the Field.

HAVANA, March 18.—Havana is more wrought up tonight than it has been before for a month. Developments of the next three days will be closely watched and may be of great importance.

El Correo, in its issue tonight, declares that Spain occupies a serene attitude, regardless of the "bravado of jingoes" and the suspicious situation of the American fleet around Cuba and Porto Rico. When the time arrives, the paper states, Spain will understand how to change her attitude from serenity to aggressiveness.

The attitude of the Havana papers has changed. The United States are now openly charged by them with bad faith. The performance at the Tacon Theatre tomorrow night to swell the fund being raised for the purchase of a warship for Spain will doubtless be a great success. The entire house has been sold several times over.

The insurgents' ranks are constantly being recruited from this city. Last week sixty-two men left to join them and more are to follow. There are 1,300 sick Spanish soldiers in the hospital here, and they keep coming in. Smallpox is here—150 cases at present.

Divers have recovered part of the ship's silver service and another of her six-pound guns. On Monday work will be begun in earnest by the big derrick Chief, and it is expected that some of the larger guns will be lifted and much of the heavier portion of the wreckage removed.

Madrid, March 18.—The central and western provinces of Cuba having been pacified, as asserted in official circles here, General Blanco is about to start on extensive operations, with eighty battalions and large volunteer forces, to destroy the insurgent power in Eastern Cuba.

Rio Janeiro, March 18.—The Brazilian government has refused a proposition made by the United States to purchase the battleship Aquidaban.

## THE STATE CAPITAL.

Pardoned Criminal Wants His Fine Returned.

Want Federal Prison. Raleigh Street Improvements. Candidate for Postoffice. Convicts to be Uniformed. Report Not Accepted.

JOURNAL BUREAU. Raleigh, N. C., March 19, '98.

Not long ago a man in Yancey county was fined \$100 for contempt. This went to the State school fund. Governor Russell later pardoned the man and he now makes the demand that the \$100 be refunded. Superintendent of Public Instruction Mebane referred the matter to the Attorney General. He says "that unless money already paid to the public authorities is, by the express terms of the pardon of the Governor, to be refunded, such limitations being within the power of the executive, such money can not be refunded unless by Legislative act."

The penitentiary board passed a resolution asking the N. C. Senators and Congressmen to use every effort to have the permanent Federal prison located here. The board declined to adopt the report of ex-Superintendent Smith, because of the absence of some figures required by law.

The Finance committee of the Board of Aldermen, after meeting with the Raleigh Street Railway people regarding a joint work, as to hauling the rock from the quarry to the city for street improvements, decided that the proposition from the Street Car Company could not be accepted. The Street and Finance committees then decided to build a tram way, and use horse power. Contracts for the work will be given out at once.

The Pithian's paper, "The Carolina Pithian," published at Charlotte has made its appearance. It is a handsome paper.

The candidates for the Raleigh postmastership have all been summoned to Washington by Senator Pritchard. The Senator says he has endorsed no one, and is pledged to no man. Col. Shaffer, ex-postmaster. Mr. C. Tom Bailey and Mr. John Nichols are the three who are seeking the appointment. Jim Young (colored) had no showing so he withdrew from the race. Mr. Joshua B. Hill seems to have dropped out also. Every indication is that Bailey will get the appointment, but charges will no doubt be preferred, and his confirmation will be fought in the Senate.

Superintendent Mebane left today for Graham where he goes to attend a teachers' association. He expects to be away several weeks conducting a vigorous educational campaign.

The government requests that the guards at the penitentiary be uniformed so the Board of Directors ordered that it be done. Caps will be used with N. C. P. on the front.

The force at work here on the streets is the largest ever employed. This is under the \$50,000 bond issue.

The men at work on the grounds of the Governor's mansion have been busy laying it off and putting out plants. Terracing has begun on capital square.
