The President Trying to Hold Congress in Check.

REPORT TO ARRIVE MIDNIGHT

Spanish Torpedo Fleet Sails Westward from the Canaries. Two Battleships Successfully Launched. Spain Issuing Forty Million Bonds. Claim to Have Resources.

Special to Journal.

WASHINGTON, March 24.—The greatest possible pressure is being brought upon President McKinley by both the financial and the Cuban interests, making these the most trying moments in his life.

The President was in conference with Secretary Day until two o'clock this morning. He arose at eight o'clock and was soon after visited by Senator Hanna.

The President and Secretary Long will await the arrival of the report of the court of inquiry of the Maine disaster which will arrive about midnight tonight. Every effort is being made by the railway authorities not to allow any delay to the train carrying Lieut. Commander Marix and the report.

The conference of the leaders of the Senate and House, which has been almost continuous for the past few days, is not so much for the purpose of gaining the sentiment of the two Houses upon the Cuban situation as to prevent action being taken when the report of the Maine disaster is submitted. Such action might upset the plans of the President and Cabinet.

A prominent Senator, referring to last night's White House conference, laid before his colleagues the surprising information that he had good reason to believe that the court of inquiry would submit evidence in the report showing that Spain was accessory to the explosion.

The Navy Department has received information that the Spanish torpedo fleet, which has been halted at the Canary Islands for several days, started westward this morning.

Captain Sigbee and six other officers of the Maine were today detached from command and ordered home on waiting orders.

The Senate has adjourned until Monday by request of the President. Senator Thurston in his speech in the

A POPULAR MISTAKE

Regarding Remedies for Dyspepsia and Indigestion.

The national disease of Americans is indigestion or in its chronic form, dyspepsia, and for the very reason that it is so common many people neglect taking proper treatment for what they consider trifling stomach trouble, when as a matter of fact, indigestion lays the foundation for many incurable diseases. No person with a vigorous, healthy stomach will fall a victim to consumption. Many kidney diseases and heart troubles date their beginning from poor digestion; thin, nervous people are really so because their stomachs are out of gear; weary, languid, faded out women owe their condition to imperfect digestion.

When nearly every person you meet is afflicted with weak digestion it is not surprising that nearly every secret patent medicine on the market claims to be a cure for dyspepsia, as well as a score of other troubles, when in fact, as Dr. Werthier says, there is but one genuine dyspepsia cure which is perfectly safe and reliable, and moreover, this remedy is not a patent medicine, but it is a scientific combination of pure pepsin (free from animal matter), vegetable essences, fruit salts and bismuth. It is sold by druggists under name of Stuart's Dyspepsia Tablets. No extravagant claims are made for them, but for indigestion or any stomach trouble, Stuart's Dyspepsia Tablets are far ahead of any remedy yet discovered. They act on the food eaten, no dieting is necessary, simply eat all the wholesome food you want and these tablets will digest it. A cure results, because all the stomach needs is a rest, which Stuart's Dyspepsia Tablets give by doing the work of digestion.

Druggists sell these tablets at 50cts per package. Little book on stomach diseases and testimonials sent free by addressing Stuart Co., chemists, Marshall, Mich.

Senate today said that Congress should take steps to free Cuba. He said that he opposed the annexation of the island to the United States.

Key West, March 24.—(Special)—Clara Barton, who is in this city on her return to Washington, says that there has been no dissension in the Red Cross work of relieving the suffering in Cuba and that the work is progressing favorably. Her health is good.

Newport News, March 24.—(Special)—The battleship Kearsarge was launched at 10:30 this morning.

Mrs. Herbert Winslow, sponsor for the Kearsarge, broke a bottle of champagne over the bow of the battleship. Mrs. Winslow is the wife of Lieut. Winslow of the navy, the only surviving son of the commander of the old Kearsarge that destroyed the Alabama, which was lost on Roncador reef.

The battleship Kentucky was successfully launched at the ship yard today.

A thousand persons down came from Washington for the occasion and many were present from Kentucky. After the launching of the second battleship a banquet was served to the guests.

Miss Christine Bradley, daughter of the Governor of Kentucky, christened the battleship with a bottle of spring water. The water came from a spring on the farm which was the birth place of Abraham Lincoln.

Key West, March 24.—(Special)—Three months provisions for four thousand troops arrived from New York today by steamer.

Madrid, March 24.—(Special)—The Spanish cabinet has decided to create treasury bonds to the amount of \$40,000,000 upon the guarantee of the Bank of Spain.

A semi-official note says that at a cabinet meeting held yesterday, the Premier read a telegram from Captain General Blanco, saying that Captain Sigbee of the Maine requested to blow up the remains of the battleship with dynamite and that permission to do so has been refused.

The Spanish cabinet has empowered the Minister of Foreign Affairs to watch the Cuban situation with the view of defending the rights of Spain.

The Minister of Finance declared that the resources were sufficient for all war expenses until the new Chamber meets. The note is silent regarding the Spanish commission's report of the loss of the Maine.

WASHINGTON LATEST.

Senate Decided Not to Adjourn As First Voted.

Senator Thurston Speaks in Strong Terms. Body of Lieut Jenkins Found. Admiral Searce Relieved. Sampson Succeeds to the Command.

Special to Journal.

WASHINGTON, March 24.—The Senate voted to reconsider the motion to adjourn until Monday. Boutelle urged that there was need of haste for making naval appropriations.

Secretary Day thinks that intervention is now the only solution of the Cuban question.

Senator Thurston in the Senate today said that the hour had arrived for intervention in Cuba, that force means war and no battle for human liberty was ever won without the appeal to the last resort. Word was received from Havana that the body of Lieut. Jenkins has been found.

Admiral Searce is relieved from command of the North Atlantic station and Capt. Sampson of the Iowa is placed at the head of the Naval forces.

The battleship Texas has arrived at Hampton Roads. The Massachusetts is expected in the morning.

The President today issued orders placing the revenue cutters on the Great Lakes in control of the Navy Department.

Captain Sigbee and the other officers detached from the Maine are placed on waiting orders. The sailing of the Spanish torpedo fleet westward from the Canary Islands is known at the Navy Department.

At Havana today the wrecking companies are raising the guns from the Maine.

THE POOR GOVERNOR!

Had to Sue Southern to Please Politicians!

More Penitentiary Directors to Resign. Marriages Next Month. Criminal Court Term. Negro Papers Not Taken by White Republicans.

JOURNAL BUREAU, RALEIGH, N. C., March 24.

Since Governor Russell has had the case against the lease of the North Carolina Railroad to the Southern stricken from the circuit court docket, it is said that he admits that he began this suit in demand to the clamor of politicians.

Browning, the man who killed his father in law in January, and whose trial before a magistrate had to be postponed because he broke out with measles just after he was put in jail, was yesterday bound over in a \$500 bond to the Superior court. He claims he killed him in self defense, but failed to prove it satisfactorily.

It is today stated that two more of the Republican penitentiary directors will soon send in their resignations. This is a chance for more Populists to be honored.

The game of baseball this afternoon between Augusta and the Agricultural and Mechanical College made a score of 18 to 11 in favor of Augusta.

There are many marriages booked for here in April. Miss Simmons and Mr. Lewis Mahler, both of this city; Col. Stitt of Charlotte and Miss Lina Battle; Miss Shively and Mr. Jacob Allen, Jr., of Raleigh are among the prominent ones.

The prediction that tonight there would be a killing frost could hardly be believed when it was yesterday with the thermometer way up in the eighties.

The Criminal term of court will meet here on the 28th. Judge Timberlake will hold the court. The docket is a varied one, murder, misdemeanor, "unlawful discrimination," larceny, and burglary. The misdemeanor cases are against Col. Andrews, J. B. Munson, H. W. Miller, and R. L. Potts, for refusing to answer questions asked them by the Railroad commission.

Senator Butler says that the 2 and 2 1/2 cent per mile passenger rate was "fair and righteous." In another part of his paper he rather makes "a pass" at the Pritchard Populists who were allowed recognition in the recent Populist conference held here. He says "it contained some parties, claiming to represent certain counties, when indeed they have no following among Populists in such counties, and could not certainly be elected as delegates representing the Populists of their counties."

Mehagan and Latham of the Abbeville Ga. bank were arrested in Tarboro yesterday.

Judge T. C. Fuller of this city has notified L. O. R. Branch Camp Confederate Veterans that he will pay for 5 uniforms for veterans who will attend the State reunion at Charlotte May 20th. This is a generous act of Judge Fuller's, and one that will receive hearty approbation and appreciation. He is an old Confederate soldier himself.

Mehagan and Latham were given a hearing this afternoon before Judge Walter Clark of the Supreme Court bench. There will be a writ of habeas corpus asked for to determine whether their cases are subject to requisition. This is done to await the return of the Governor from Wilmington tomorrow. The requisition will no doubt be honored.

The negroes make complaint that the white Republicans are dropping off in their subscriptions to the negro papers.
