32-Inch Percales For Only 8c Per Yd.

And every lady who is wise wishes to finish her dress Skirt with a Binding that will Look Well, Wear Better and be Least Trouble Keeping in Order. All these points are met when she uses—

Feder's Pompadour Skirt Protector, And we have a Supply always on hand.

OUR GROCERY DEPARTMENT

Is just receiving a Line of the Finest CAKES AND CRACKERS. Comment is unnecessary, for even the babies look with longing eyes when they come to our Store. Our stock of Table Delicacies and Necessities is Fresh and of the Finest Quality.

You would not take your watch to a blacksmith to be repaired. He would not know how to serve you properly. On the same principle it requires an expert, yes, a combination of experts to run such a business as ours. It is our life work. It gets all our thought and attention. We put our reputation into our merchandise. We want all the business we can get. That is laudable ambition. But in return we guarantee all the Satisfaction it is possible to give.

Hackburn.

IN MIDNIGHT SESSION.

Senate Deliberating on the War

European Interference Causes Anxious Thought.

United States Army Ordered to the Front.

Scenes in the Senate Resemble the Late Ones in the House. Excited Orators. Spain's Fierces Rejoinder to the Senate. Naval Reserves to Man Cruisers.

The Senate, at a late hour last night was in session. Congress is impressed with the great magnitude of the issues presented.

Talk of European interference has brought out the declaration from the Administration that it will not be submitted to by this country.

Spain is clearly becoming more defiant. The Cortes meet next Wednesday. The Spanish press is excited and determined.

War in earnest is indicated by the order to the army to move at once to the gulf coast. It forecasts an invasion of Cuba.

The next few days will likely be ones to try the temper of the nation. The possibilities are tragic and far reaching, but the country will be equal to the task.

Special to Journal. WASHINGTON, D. C. April 15.—The foreign Ambassadors after holding another meeting, today, with Archbishop Ireland, held a meeting by themselves, and it is said they will send an emphatic note to President McKinley to save Spain from war.

Today is expected to be the last day of debate in the Senate. Senators favoring the recognition of Cuban independence, insist that they will secure a vote before adjournment.

An all night session is probable. Twenty senators are down to speak, but most of the speeches will be brief. Senators belonging to what is called the Peace Syndicate may make their speeches long. Notice is given that the Senate will sit in continuous session.

Senator Cullom, of Illinois, in his speech declared that the Maine disaster was a deliberate and atrocious murder, and said that the people of this country

demand that the crime be avenged, and a blow struck without delay.

Senator Berry, of Arkansas, argued in favor of the recognition of the Republic of Cuba, and when he closed there was deafening applause from the gallery.

The Vice-President cried out, that there must be no more of such applause, or he would be forced to have the galleries cleared.

Senator Daniel said that diplomacy was ended and we were upon the edge of war. He accused the President of insincerity in his recommendation concerning Cuba, and asked if it was the President's purpose to send an army to Cuba, to turn its guns into the face of Gomez, and crush his glorious revolution?

Senator Quay, of Pennsylvania, answered that he would hang his head in shame, if he thought that such were the intention of his resolutions.

Senator Tillman, of South Carolina, made a red hot war speech. He said, Populists, Republicans, and Democrats are we, but all of us are Americans enough to make Cuba free.

The Peopolo Romano, of Rome, says, the Powers of Europe will intervene between the United States and Spain in favor of the latter. This paper also adds that the intervention will take the form of a naval demonstration, in which all the Powers will participate.

The Madrid dispatch to London, says, the note the Powers will send to President McKinley will review the whole Cuban question, pointing out that all the troubles with the United States have arisen through the clamor of the sugar manufacturers, who it claims, fermented and organized the entire revolt.

Attention is also to be called to the alleged unprovoked American filibustering. It will be asserted that the Chief Insurgent leaders are not Cubans but are adventurers of all nationalities, whose sole purpose is plunder and robbery.

The note of Spain presented this afternoon to the administration indignantly denies that Spanish officers were responsible for the destruction of the Maine. The note says that the United States consuls in Cuba are merely rebel agents.

If the European Powers present the note after the Senate passes the resolutions now under the consideration the Government will firmly decline to accept any suggestions. Secretary Day says that this country will not entertain any overtures from the powers which seek to change the programme already arranged.

The efforts to induce the renewed action by the European Powers is not regarded seriously by Senators. It is not believed that any complete condition of agreement can be secured in any radical protest against the course of the United States.

Orders are issued by the Navy Department to the naval militia of New York, Massachusetts, Maryland, Michigan and New Jersey to hold themselves in readiness to man the auxiliary cruisers recently purchased, including the Prairie, Yankee, Dixie, Yosemite and Venezuela.

The Secretary of War issued orders directing the chief quartermaster of the army to secure transportation for conveying troops to Cuba. The order is an emergency one. The quartermaster was directed to let contracts for the transportation immediately. The War Department has closed a contract for ambulances for army use in Cuba.

The State of Massachusetts has appropriated half a million dollars for war purposes. The monitor Nahant has left for New York. The Flying Squadron returned to its anchorage in Hampton Roads.

It is rumored from Madrid that General Weyler will be the commander-in-chief of the Spanish army.

STILL IN SESSION.

Not Likely to Pass Resolution Before Today.

Special to Journal. WASHINGTON, April 15.—(11.30 p. m.)—At a late hour the Senate is still in session and it may not adjourn tonight.

Several motions to adjourn were made. At 6.40 such a motion was voted down, and again at 9.20 tonight the motion was again voted down by 10 to 61.

It has just been decided however that no vote will be taken on the resolution until tomorrow.

It is officially denied that this Government has yet received any intimation of any intended interference by European Powers. Reports of the rumored interference have caused a great sensation and indignation in Congress.

Heated debates occurred in the Senate and the lie was passed. Senator Money of Mississippi resented a charge of Senator Wellington of Maryland that he was the agent of a New York newspaper on his recent trip to Cuba.

General Miles this afternoon issued orders for the immediate assembling of all the available military forces at Key West, Tampa and New Orleans.

Secretary Alger says that if the President is directed to use the army and navy he will in forty eight hours call for fifty thousand volunteers.

Big Fire at Plymouth.

Special to Journal. PLYMOUTH, Mass., April 15.—A fire here today destroyed \$50,000 worth of property.

The fire destroyed four blocks, including the town hall.

CASTORIA.

The End You Have Always Sought. It is the only one that is as pure as any other.

OFF FOR A REST.

Governor Russell Seeks His Biweekly County Retreat.

Examination For Cadetship. Supreme Court Appeals. Alliance Shoe Factory Closed. Another Pardon Granted. Caldwell Will Stick. Railroad Building.

JOURNAL BUREAU. RALEIGH, N. C., April 15.

The competitive examination for West Point cadetship will be held here in Raleigh on May 18th for the 4th district. Examination for admittance to the Naval Academy at Annapolis will be held in Goldsboro on April 22nd.

The road bed of the railroad that is being built from Lillington, Harnett county, to Raleigh has reached from Lillington to Caraleigh Mills 3 1/2 miles from Raleigh. Seventy six hands are at work on the road bed. Rails have been ordered and the road will be completed during August.

The Supreme court has heard appeals from the 10th District and on Tuesday will call the 11th District cases. There are many cases that were left over from the last session of the court that will have to be decided as it will probably be late in May before the court adjourns.

Dr. James McKee who was made one of the directors of the Insane Asylum here has been elected chairman of the board.

The picture of Judge W. P. Bynum which next week will be presented to the Supreme court is on exhibition here. It was done by Randall, the artist.

The Alliance Shoe Factory at Durham has closed down until September 1st. The stock of shoes on hand will be disposed of.

Sheriff Jones of Wake county has collected over \$100,000 in taxes. The taxes for this county are usually about \$110,000.

Senator Sharpe of Iredell and S. T. Pearson of Morganton are suggested for the positions of treasurer of the N. C. R. R. and deputy state treasurer at Morganton.

A valuable piece of property here was yesterday sold. It is known as "Battle's Corner" on Fayetteville street and Martin street, across from the post office. Mr. W. R. Tucker bought the property from Mr. R. H. Battle and paid \$13,500. His plans are not decided upon, but he will be urged to build a thoroughly equipped opera house on the property.

Federal court will be held in Statesville on the 19th. It is not yet known whether the court will be held by Judge Purnell or Judge Brawley.

Last Tuesday Governor Russell pardoned W. H. Harrah of Charlotte, but nothing about it was given to the public, (as is usually the case) until last night.

Governor Russell is off to Wilmington again to get braced up for the next turn of things. Indeed his way is a thorny one, and with his past failures to judge from, it is likely to grow more and more so. He does not seem to profit by past experience at all and at each move sticks his foot deeper and deeper into the mire.

Chairman Caldwell of the Railroad Commission is here. He declines to talk, but his friends say that he has no idea of resigning his position; that he only said he would tender his resignation, but that it has never been done. Many people think that Russell has offered the place to John Graham, but no one knows this positively. It is declared that if this case goes to law that Caldwell will beat Russell at his own game.

Harvard and Chapel Hill play a game of ball at the University tomorrow.

It is extremely doubtful whether there will be any election held for the vote on the issuance of the \$50,000 public school fund bonds. It was asked that a new registration be required, but this the county board of elections declined to order.

The opera Mikado, netted the trainer Mr. Baker and the Hospital Association each \$251. The matinee will of course increase it some. This is doing well.

Carolina

Worm Killer!

A highly valuable preparation, capable, from the promptitude of its action, of clearing the system in a few hours of every worm.

The origin, development, and support of worms, in the human system, are to be attributed to a depraved and debilitated condition of the stomach and bowels; it being an established fact that where the digestion is unimpaired, and general powers of the system in a healthy state, they can find no habitation. This preparation has the peculiar advantage of not only destroying every worm, but also of producing a healthy action of the stomach and bowels, thereby relieving many complaints arising from a derangement of the digestive organs.

There is no disease to which children are exposed which is so common and fatal as worms, and this medicine should be kept in every nursery and in every household. This preparation not only exterminates the worms, but cleanses the system of the mucus in which they are engendered, and promotes a healthy action of the digestive powers.

Carolina Worm Killer never fails to do all we claim for it. Try a bottle and get your money back if not as represented. Manufactured and Sold at
