## Hackburn.

## Seasonable Merchandise

Hardly a day passes that this store does not add something fresh to its collection of Dry Goods and Kindred Wares. This week finds several new lots upon our counters.

### Heavy Printed Cottons.

Some very pretty things in Printed Ducks, Printed Crashes, Rough Woven Crashes, Plaid Scotch Oxfords and Warwick Mixtures, prices range 10, 12 1-2 and 15c.

### New Printings in Percales.

A small shipment of new printing in Percales, full yard wide kinds, the best to be had, price 12 1-2c; second grade, good cloths, but designs not altogether so novel, price 10c; third grade, good weight muslin, slightly styles, price 8c.

### Shirt Waist Silks.

Small Shepherd Plaids and tiny broken checks, in a variety of colorings, closely resembling the taffetas. Just the thing for separate waists, price 50c per yard.

### New Embroideries.

The last invoice of Embroideries contains some of the daintiest work that has been shown in the city. Close threads, on fine cambric and nainsook, no Sheffield edges in this lot, widths from 1 1-2 to 6 inches, prices begin as low as 5c and along up to 35c per yard.

### Special Embroideries.

We have also lately placed in Embroidery Section, a special purchase of very good quality cambric edges, at prices less than value, ranging from 1 to 3 inches wide at 4, 5 and 6c per yard.

## WAR COMES TO OUR DOORS

### Minneapolis Reported Fighting Off The Coast of Maine.

### CARDENAS BOMBARDED.

Spanish Fleets are Again Said to be in Movement.

### FLYING SQUADRON ORDERED.

Our Army Moving to Tampa to Embark For Cuba.

All Regular Troops Ordered to Move. Spanish Spy Attempts to Blow Up the Terror. He is Shot. Portugal is Finally Neutral.

The war yesterday assumed the appearance of reality. The movement of troops is begun in earnest for the invasion of Cuba.

The gulf fleet keeps up a close blockade. No captures were reported. The fleet is attacking Spanish batteries.

The Montgomery and transport Panther arrived safely at Key West.

The intentions of Spain's fleet is uncertain. Undoubtedly the one at the Cape Verde Islands has sailed, forced to by Portugal.

No news was received from Manila at the Philippines up to midnight. News of a battle is expected at any hour.

The correspondent of the London Times was on the flagship New York during the bombardment of Matanzas. He wrote to the Times in glowing terms of the valor of American seamen. It will add to the enthusiasm of our cause in our English cousins.

### War on Our Coast.

Special to Journal. New York, April 29.—The booming of heavy guns is heard today off the New England coast. The firing is supposed to be in a fight between the cruiser Minneapolis and a Spanish cruiser.

The cruiser was seen in those waters at times during the last week, and at Eastport, Maine, today the firing of the heavy guns was heard.

The Minneapolis was sent from the Flying Squadron, with the cruiser Columbia, last Friday, since which time the two cruisers have touched at various ports and scoured a wide range of the ocean.

The Minneapolis left Provincetown, Mass., yesterday. At the time of the departure a heavy fog was lying over the coast.

Spain to Attack. The British steamer Wambacc arrived at St. Johns, New Foundland, today, bound from Cadix, Spain, and reports that the Spaniards were preparing a fleet to attack the American coast.

Three fleets are being fitted out at different seaports, all of them powerful, and are to be headed towards New York, Boston and Washington.

Flying Squadron. It is telegraphed from Newport News tonight that the Flying Squadron is under orders to sail. These orders are supposed to be to intercept the Spanish fleet reported to be directed against the Eastern coast of the United States.

Not the Paris. A steamer was sighted from Halifax today and it was reported that it was the much desired American liner Paris which sailed from Southampton last Friday. It is learned tonight that the steamer sighted from Halifax is not the Paris.

Troops Moving. Special to Journal. Washington, April 29.—Eight batteries were sent to Tampa Florida today from Chattanooga. They were sent on hurry orders. Two regiments of the

Dr. Bull's Pills

up to 61,000 men, under the reorganization act, and the 135,000 volunteers called for this week will be in camps of instruction inside of a week. Everything is thought to depend largely upon the movements of the Spanish warships. The desire of the administration is to get at them.

Liberal to Spain. President McKinley's proclamation, giving all Spanish vessels in American ports or bound to or from American ports thirty days exemption from capture by United States vessels, from April 21st is very magnanimous; too much so to please many persons, as it will almost certainly result in a decision by the prize court at Key West, that most of the Spanish vessels captured by our fleet which is blockading Cuba are not prizes, and they will be released, instead of being sold to fill the pockets of our sailors with prize money. In the eyes of the European world Mr. McKinley will be honored for taking such an advanced stand.

Attending to Business. Except in the big granite building in which are quartered the State, War and Navy Departments, a visitor may go through every government building in Washington without seeing anything that would indicate in the slightest way that the country is engaged in war. The branches of the government that transact domestic business, such as the granting of patents, for inventions, and for public lands, and of pensions, are not affected by the war and are not likely to be. Business, not fighting, is their forte, and no amount of fighting will be allowed to interfere with its proper and prompt transaction.

### WILD THINGS AT SEA.

The Harlan Wrecked. Her Log Afloat. With Five Men. Fishing Schooner - Battle Lost at Sea With Her Crew. Special to Journal.

BEAUFORT, April 29.—The tug John Harlan, Captain Adair, towing the bark Carrie L. Tyler loaded with a cargo of phosphate, left Charleston, South Carolina, on the twenty fifth of this month bound for Norfolk, Va.

After passing Frying Pan shoals the vessels struck the heavy north east gale. The tug became unmanageable 25 miles off Cape Lookout, and on the 27th the tug was compelled to abandon the bark with its crew of five men. They had sufficient provisions and water to last them for thirty days and as the captain of the bark is an old coaster there is some slight hope of their weathering the gale.

The tug reached Lookout with the water over her grate bars and only forty pounds of steam. The Captain anchored the tug but the chain parted and the tug dragged ashore and filled with water. The crew were rescued by the crew from the Life Saving station.

The tug was valued at sixteen thousand dollars and was insured for eight thousand dollars.

The fishing schooner Mattie left here Tuesday afternoon for Cape Lookout and was struck by the gale and blown off shore. The schooner is undoubtedly lost with all on board.

Watch and Watch case repairing in all its intricate forms promptly executed by Baxter the Jeweler, next to JOURNAL office.
