Some time during the fall of '97 we advertised as "New Berne's Busiest Store"

While not using these words in every "ad", still we have felt no need since then to withdraw that statement.

In our advertising efforts, feeble though they may be, we generally follow our own Style, varying from time-to-time, as circumstances may suggest.

When we do absorb the ideas of others it is in such a general manner as not to appear as a copy of their methods.

Colored Laundered Shirts, Balbriggan Shirts, Shirts and Drawers, Schriren's Elastic Drawers and Other Seasonable Furnishings For Men.

THE STATE CAPITAL.

Shriners Parade. City Crowded With Visitors. Camp Russell. Butler Captured Conventions.

JOURNAL BUREAU, Raleigh, N. C., May 18. The Shriners paraded the streets here yesterday much to the amusement of every one. Dressed in fantastic garments riding mules, some sitting backwards. They addressed the crowds on the streets as they passed along. There were many carriages and in each sat a Shriner with his red skull cap and three "candidates" bound with ropes and wearing tall grey beavers. There were 12 of these carriages and on each one floated a banner with these words: "We walk tonight." The Knights of Pythias will give the next parade. Masons are here from all over this State and from South Carolina.

Between the Masons and the attendants on, and the delegates to the Populist State Convention the city is about full. It is a noticeable fact that the great number of Masons here are all such fine looking men.

The Second Regiment camp has been named Camp Daniel Russell, so Col. Burgwynne of the 2nd decides. The following appointments for that Regiment were yesterday announced: John W. Cotton, of Tarboro, Major Second Battalion; H. B. Davis, Wilmington, Quartermaster with rank of 1st Lieutenant; Dr. J. R. Stockard of Alamance, Surgeon with rank of Major; Rev. J. G. Elverton of Dare, Chaplain, with rank as Lieutenant. Today the 9th company of the 2nd Regiment was mustered in. The Asheville, Murphy and Waynesville companies will come later on. If they can pass the required number of men then the 2nd Regiment will be completed.

When the Populist State convention met yesterday, J. B. Schulken of Columbus was nominated temporary chairman. They were in session all night and until 6 o'clock this morning. No permanent chairman was elected until after 3 o'clock this morning, then it fell to Secretary of State Cyrus Thompson.

Butler completely controlled the convention. Skinner was defeated in all his plans. Butler at 4 o'clock made the report for the platform committee. Paris of it were loudly applauded.

Pelayo and Carlos V.

New York, May 17.—A Washington dispatch to the Herald says: Official information has reached the authorities here that the battleship Pelayo and the armored cruiser Carlos V have sailed from Cadix, not for the Philippines, but for the West Indies, where they are to reinforce Admiral Cervera's command.

The effect of the junction of these forces will be to give Spain six armored men-of-war in western waters against six flying the American flag. Before the arrival of the Pelayo and the Carlos V, however, the battleship Oregon will be attached to Admiral Sampson's command which will give the American navy a preponderance of one armor clad.

From Martinique.

St. Pierre, Martinique, May 17.—The main part of the Spanish fleet has evidently left Martinique waters, and it is believed here that the ships have sailed either for Cuba or Porto Rico.

The Terror and the Alicante are still at Fort de France. Repairs on the boilers of the Terror are nearly completed and it is reported that she will leave tomorrow. The Alicante carries supplies and coal in reserve.

It is said that a Spanish ship entered this port during the night, showing no lights, and departed after making a scout of the harbor.

HANGING FIRE

Whereabouts of the Hostile Fleets is Only Guesswork.

NO BATTLE YET.

Movement of all the Vessels on Havana Probable.

The Oregon Will Soon Come to View. Sampson Receives Free Orders, Blanco Expects Help Soon. Various Movements Reported.

Special to Journal.

WASHINGTON, May 18.—Spain is preparing to resist the power of the United States to the utmost. To regain her lost colony of the Philippines is among the projects. Through English reports from Gibraltar it is reported that fourteen warships are getting ready for the Philippines and on the ships will be eleven thousand troops.

Movement on Havana.

That some intimation has reached the English government that Havana and Santiago de Cuba will soon be bombarded by the American fleet is inferred by the British Admiralty ordering the men-of-war Talbot and Alert to those places to protect English interests.

The various reports of the whereabouts of the fleets are conflicting, although it is believed in Washington that Schley and Sampson have formed a junction of their fleets and are moving together on Havana.

Although it is thought that the Spanish fleet is on the way to attempt the raising of the blockade of Havana, a rumor comes from Colon, Central America, that the Spanish vessels will touch at that port.

The Oregon.

The reports of the location of the vessels are not to be depended on. Under the policy of the government no information of that nature is given out. Secretary Long declares that the battleship Oregon is safe but declines to give particulars of the location of the vessel.

The activity of the Spaniards in Cuba is greatly increased under the expectation of assistance from the Spanish fleet. General Blanco cables to Madrid that he has received plenty of provisions from outside places.

That there will be a complete rearrangement of the vessels in Cuban waters is determined on. The plan is to form one squadron of the faster vessels and a second squadron of the slower ones. The fast vessels will be then able to keep up with the movement of the Spanish fleet.

The torpedo boat Rowan is added to the defenses of the Pacific coast. It will be tried at Seattle tomorrow and then used to patrol Puget Sound.

At Kingston, Jamaica, two American warships were sighted today, making in a westward direction.

Sampson's Orders.

The orders to Admiral Sampson are to seek and destroy the enemy, just as were those sent to Dewey before he sailed for Manila. The most practicable means of discovering and hunting down the Spanish ships and engaging them in action is a question to be determined almost entirely by the flag officers with the American fleet South. No restraint has been placed on the senior officer, and he is clothed with full power to go where he deems best to seek and give battle to Spain's formidable flotilla, which has a way of eluding watch that has become annoying and perplexing to the strategic board.

HAVANA EXPECTANT.

Signals Kept out for the Approach of the Spanish Fleet.

OFF HAVANA, May 17.—The Spanish fleet is expected in Havana. For the last two night Moro Castle light, which had not been burning since blockade began, blazed red signals to guide Spanish warships into the harbor.

Some information regarding the movements of the fleet, has reached Blanco. This must have come from Madrid, for news of the sighting of the Cape Verde fleet could scarcely have penetrated Havana from any other source by last Sunday, yet on that day Blanco caused it to be officially announced to his soldiers and the people of Havana that a powerful fleet, with reinforcements and supplies, had eluded the American fleet and was appearing from the west. This news of what is going on in Havana has been brought by a Cuban scout, who was picked up in a rowboat near Colimar Sunday night and taken to the blockading squadron.

Blanco evidently expects the Spanish fleet to round the western end of the harbor and enter Havana in the night to land supplies and troops and prepare for a battle with the blockading squadron.

Sporting Events.

Special to Journal. **NEW YORK, May 18.**—Kid McCoy and Joe Goddard have been matched for a twenty round fight, to take place June 27th.

CHICAGO, May 18.—(Special)—Parson Davies has telegraphed an offer for a purse of \$5,000 for a match between Jim Corbett, and a heavy weight, not yet selected, but who is probably Jim Jeffries. The time of fight is set for June 2nd.

A Few Suggestions For Your Consideration.

"Did it ever occur to you" That in hot or inclement weather sickness may be avoided by not exposing yourself? A Telephone is a safe guard. That when feeling indisposed, a physician's attention in time often proves "an ounce of prevention is worth a pound of cure?" Phone for your Doctor. If he is out you need not be away from home hunting, but endeavor to find him through the Central Office. If the case be urgent you can phone for another Doctor. That a Telephone obviates the necessity of being troubled with "remembering to do and what to buy." All can be done in a moments time with a Telephone. That if "time is money" a Telephone saves it. Any business worth your time and attention is worth saving. A Telephone does it. Don't send nor travel. Telephone. You can order medicines, soda drinks, (all kinds of labels) confections, groceries and all other things too numerous to mention. Everything you can think of can be ordered at once. All up-to-date business houses have Phones for taking your orders as well as for their own convenience. You can make appointments with attorneys at law, as well as with the Dentist if you have a Telephone. My freight come? Train late? Telephone!

The New Berne Telephone Exchange is now prepared to furnish a first class service, unparalled by none, equalled by few. A letter or postal card addressed New Berne Telephone Exchange will receive the attention of one of its representatives who will be pleased to confer with you.

A Luscious Floral

That would make the mouth of the most fastidious water is our rich and tempting Gandler. We concoct many special dainties in Confectionery that the young and old all appreciate, as they are Pure and made in the Best Style of the Confectioners Art. Our Line of Taffies is in constant and increasing demand. Corner Pollock and Middle Sts. Don't forget the place.

C. J. McSorley & Co.

It's True, Too.

But very many people will not find it out until too late. Looks and low price will decide their choice. The wise man and wise woman will, however, deliberate and, having deliberated, will discriminate in making their bicycle purchases. They will realize that good looks are often but an enamel-deep—that low price is often but bait for the unwary—that one has but one life to live, and it is short and sweet, while surgeons' bills are high and unrelenting. They will realize that first cost is not everything, and that it is "better to be sure than to be sorry." And there's where we come in with our

Columbia and Hartford Bicycles.

All the world knows them—knows that their makers are too firmly established and too jealous of their proud reputations to endanger them. They appeal to discriminating buyers. The wheels have good looks, of course. But they have intrinsic worth as well. We have the separate parts in the rough, to show the skilful or to help those who are deliberating. **WM. T. HILL, Agt.,** 61 So. Front St., New Berne, N. C.
