CROSSING IN FORCE.

Big Fleet of Transports and War-Ships on the High Seas.

SPAIN WANTS PEACE.

But Will Not Negotiate With This Country. Cervera Talks Bravely. Spanish Vessel Leaves For Havana. Will Surely be Captured.

Peace Talk.

Special to Journal. WASHINGTON, June 13.—The talk of peace has come from a fresh source. Instead of the friendly offices of Austria, it is intimated that Spain would now accept peace proposals from the Powers, but would not entertain them as coming from the United States. The authority for this statement is given as the Secretary of Premier Sagasta and it comes by way of Brussels.

Vain Hopes.

A dispatch from London says that at Havana it is known that Admiral Cervera has learned that Sampson is now short of ammunition after the bombardment of Santiago and other Cuban coast defenses.

According to this story Admiral Cervera is contemplating coming out of Santiago harbor and making an attack upon the American fleet.

Pushing For Cuba.

The expedition of thirty transports conveyed by a large fleet of warships, and carrying 17,000 men for Santiago, sailed from Dry Tortugas tonight. The expedition is under General Shafter, and is made up of 11,000 infantry besides cavalry and artillery. They are due at Santiago Thursday.

No more transports have been chartered for Porto Rico, General Coppinger will take twenty thousand troops when the expedition starts.

To Supply Blanco.

According to advices from Kingston, Jamaica, an effort will be made by Spain to respond to the call of General Blanco for war supplies.

The Spanish steamer Conception sailed from Kingston with the needed supplies to run the blockade into Havana. If the attempt is made, the result will be the capture of the Spanish vessel by the American fleet tomorrow.

The third expedition with troops for Manila sailed from San Francisco June 22. The President today signed the war revenue bill.

They Demand Weyler.

Washington, June 12.—A well known diplomat, the representative of a foreign nation, is authority for the statement that there is a strong movement on foot in Madrid, inaugurated for the purpose of sending an expedition under General Weyler to the Philippine Islands. This information has come to the diplomat in question from his home government and is said to have been received from a reliable source in the Spanish capital.

The common people of Spain and the middle classes, in fact, nearly all Spaniards outside of the court at Madrid and those intimately connected with the government, have but recently come to realize that Spain has lost the Philippines and that her fleet was completely annihilated by Admiral Dewey. In consequence of this, excitement has run high and mob violence is threatened. All this has brought about a general demand for Weyler to take the reins in his own hands and retrieve the lost ground from the hated Yankees.

Cadiz Fleet.

Cadiz, June 12.—Admiral Camara's fleet has been inspected by the minister of marine. The vessels lined in front of Cadiz, with decks cleared and the Pelayo, flying the admiral's flag, steamed up and down the line before the minister.

The Pelayo carried about eighteen guns, of which six, having about eleven-inch calibre, were mounted in barbettes. The others are quick firers and machine guns. Nearly the whole armament is French.

The Carlos V has sixteen guns, two in barbettes, one of which is disabled. All her guns were made at Toulon. Four French armorers are aboard who will probably sail with the vessel.

In proportion to her size the cruiser Alfonso XIII carries the most powerful battery, sixteen guns, of which four ten-inch guns are mounted singly fore and aft, port and starboard. She carries four torpedo tubes. Her armament is Spanish.

General Corro has received instructions to hold troops, provisions and war

material in readiness to leave at twenty-four hours' notice for a proposed military expedition.

The auxiliary cruiser Montserrat is leaving Corunna for Ferrol to embark stores, and then proceed to Cadiz to be armed.

The feverish activity prevailing here indicates imminent execution of some plan. Some officers conversing said they could not understand the Cristobal Colon's alleged exploit at Santiago, as she sailed without her heavy fore and aft guns.

People here are becoming restless, asking if the fleet will wait till the war ends before sailing.

Manila.

New York, June 12.—Manila is believed to have surrendered, but the officials are without information as to whether it has surrendered to Admiral Dewey or to the insurgent forces. The news comes from Ambassador Hay in London. He cabled the State Department tonight that advices had been received there from Hong Kong saying that Manila had fallen.

As Ambassador Hay gave no details of the reported surrender, it is supposed that the dispatches received in London from Hong Kong barely announced the fall of the city and did not say whether the surrender was to Admiral Dewey or to the insurgents.

JOURNAL BUREAU.

RALEIGH, N. C., June 13.

Captain Gresham, the U. S. recruiting officer for North Carolina, has it is said reported his work as done in this State. Lieutenant Marshall who was sent here as commissary and quartermaster to help organize the troops has been ordered to report at Danville. Now there are all the companies to be recruited—750 additional men to be mustered in in answer to the second call if no one is to be kept here to muster them in, it must mean that the troops are not needed.

Pressure has been so great that Governor Russell will probably be forced to change his mind, and in answer to the second call for troops, organize two white battalions instead of a negro regiment.

Adjutant General Cowles has received notice from the naval commander at Charleston saying the Naval Reserves would be mustered in to go anywhere, and must be rated upon individual merit, and knowledge of naval matters.

Quite a party from Tarboro spent yesterday here bringing with them quite a treat for the Tarboro Company in the shape of barbecue and other things good to eat.

Sergeant Brem on Saturday brought 70 men to camp from Charlotte. He first recruited his own company, the Gaston county company, and then the men were distributed in the other companies.

A recruiting office has been established here in charge of Lieut. Christian of Durham, to recruit the 1st Regiment.

The Ladies Aid Society has sent out to the camp 9 dozen shirts, 9 dozen pairs of socks and a lot of underwear. This society of ladies are doing splendid work for the soldiers. But for them many of the men would be without any underwear at all. On drill a few days ago a man had on a mackintosh and a pair of pants. He had not even a shirt to put on. Another had to wear an overcoat. This is a shame.

The city health report for last month was particularly fine. From year to year Raleigh grows more and more healthy.

Politics are coming to the front. Republicans will put up a man for solicitor for this district, to try and defeat Solicitor Pox. Many names will be before the convention for Congressman for this, the 4th district. The present Congressman Streud, Populist has a poor showing for any longer being in Congress.

Adjutant General Cowles is now trying to have organized companies in the places from which companies have gone to the front.

There seems to be a misunderstanding between the navy officers and the Naval Reserves. The first call put the reserves in the U. S. service and were mustered in according to their commissions in the State militia. The second call does away with these commissions and rates them by the navy board.

Nothing will be done towards raising the 7 companies for the negro regiment until the 1850 each have been mustered in for the filling out of the 1st and 2nd Regiments. These will be sworn in by Col. Burgwynne. The 1st Regiment needs only 385 men to complete it.

Buncombe county ranks first as to the amount of taxes paid this year, Mecklenburg second and Wake third. Wake used to head the list.

Quartermaster General E. G. Harrell has come here from Jacksonville to aid U. S. army officer Captain Gresham in making settlements of accounts of the 1st Regiment.

There is an official statement that small pox is epidemic at Statesville. There are 11 cases all among negroes. Complete vaccination is ordered.
