THE STATE CAPITAL.

New Tobacco Tax Law. Pretty Home Wedding. More Colored Troops for Fort Macon. Norwood's Resignation.

JOURNAL BUREAU. Raleigh, N. C., June 15. The new tobacco tax law went into effect on the 14th. The tax on tobacco and snuff is now 12 cents per pound, on cigars \$3.00 per thousand and on cigarettes \$1.00 per thousand. New rates must be paid before any manufacturers can remove any tobacco or cigars. All dealers who had over 1,000 pounds of tobacco or 20,000 cigars must file an inventory of stock on hand June 14th and give to the Revenue Collector of his district within 30 days. They will be required to pay a tax of 3 cents per pound on snuff and tobacco on hand and a 60 cents tax per thousand on cigars on hand on that date. Those who have a less quantity on hand can sell without the additional tax.

The two severe storms that swept over Raleigh on the afternoons of the 13th and 14th, so interfered with dress parade at camp that, "double quick to tents" was made. Even then they got good drenchings.

The Second Regiment is recruiting up to the required strength rapidly. There are only two yellow fever inmates (white) in lately.

Seven more colored companies will be sent to Fort Macon. Governor Russell expects that a third call for volunteers will soon be made, and then that will be answered with white volunteers.

It is noted here that a negro in Asheville who has some money has loaned it to Capt. Wagner of the Asheville company to pay off the men until government pay day comes.

There was a pretty home wedding here yesterday when Mr. T. J. Dupree of Memphis and Miss Eliza Primrose were married. Seldom has there been seen here such handsome floral decorations all of which came from Washington City.

No flags have been presented to either the 1st or Second Regiments. Neither are any steps being taken to raise the negro immune regiment.

General Cowles had his heel badly cut by his spur which broke when his horse fell upon him and broke his leg.

Nothing definite as to the acceptance of Judge Norwood's resignation can be learned from the executive office.

England is Grateful.

WASHINGTON, June 14.—In the Senate Mr. Allison called up the joint resolution passed by the House yesterday appropriating \$478,151 to pay the Bering sea award. Mr. Allison explained that precisely the same provision was contained in the sundry civil appropriation, but as the award had to be paid on June 16, and as it was impossible to secure the enactment of the sundry civil bill by that time, it was necessary to present a special measure to carry the appropriation. The resolution was agreed to.

The London Times in an editorial which pretty fairly represents the feeling expressed by the other morning papers, says:

"The resolution to pay the Bering Sea award is another gratifying instance of the growth of the spirit of friendship and justice toward England in a quarter where, until recently, such feelings were rarely exhibited. "It is a proof" of the good feelings which we cordially recognize and reciprocate, and hope for more cordial relations between the two countries."

VESUVIUS HURLS DEATH

Fighting Continues at Guantanamo With Success to Americans

SPANISH LOSS IS LARGE.

Possession Secured of Principal Points of Advantage. Merrimac Crew Ordered Promoted. Call for More Volunteers Expected. Bonds are Desired. Hawaii Bill Passes House.

Hard Fighting. Special to Journal. WASHINGTON, June 15.—The fighting at Guantanamo, sixty miles east of Santiago is still going on.

Yesterday the American marines assisted by the Cuban insurgents completely routed a force of Spanish troops. The Marines captured one hundred Mauser rifles and ten thousand rounds of ammunition belonging to the Spaniards.

In further attacks the marines swept everything before them. They were assisted by the insurgents and the combined forces got possession of the wells used by the Spanish troops shutting them off from their water supply.

They also got possession of the telegraph station and the blockhouse and destroyed the Spanish camp at Guantanamo.

The Americans took eighteen of the Spaniards prisoners including an officer. The Spanish loss in killed was one hundred and two hundred were wounded.

In this last fight one Cuban was killed and one American and one Cuban wounded.

Dynamite Used.

The dynamite cruiser Vesuvius was used in the attack on the Spanish defenses. The Vesuvius fired a shell containing five hundred pounds of dynamite into a Spanish fort at the inner harbor of Guantanamo. The huge shell fell into the fort. The explosion that followed was frightful. The account of the use of the dynamite cruiser was cabled from Kingston, Jamaica.

Lieut. Beatista was captured and is expected to give valuable information of the Spanish forces.

The Americans wounded in the fighting are on board the hospital ship, Solace.

Martial Law.

The members of the Cuban Junta at Washington are informed that martial law will be enforced in Santiago when it is taken and also in all parts of the island as it is taken possession of by the American troops. This will prevail until a stable government is established under the protection of the United States.

The next point of embarkation for the troops intended for the attack on Porto Rico is said to be selected, and it is to be Ferdinandina.

Rewards of Valor. The Navy Department has ordered the promotion of all the crew of the Merrimac for their gallant action in successfully sinking the vessel in the mouth of Santiago harbor.

The reward that Hobson will receive for commanding the affair will come later and in substantial shape.

More Wanted.

The third call for fifty thousand volunteers is expected to be soon made by the President.

The Belgians bankers report from London that large subscriptions to the American war loan are made in that city and in Frankfort, Germany.

Lieut. Carranza and Senor Dubos have finally agreed to soon leave Canada, where they are accused of acting as agents of Spain for information regarding American operations.

Hawaii A-coming. The question of the annexation came up in the House and was passed. Speaker Reed voted "no."

Off to Manila.

Washington, June 14.—About six thousand troops will be on the ocean, bound for the Philippines, with the departure of the second military expedition, which General Merritt reported today would leave San Francisco tomorrow afternoon.

The first expedition carried 2,500 officers and men, under convoy of the cruiser Charleston, and when last reported was out several days from Honolulu, bound west. The time of its arrival off Cavite bay is fixed for June 24, but if calm weather and smooth seas are encountered the voyage may be accomplished sooner.

MUTILATING THE DEAD.

Gross Violation of Rules of Civilized Warfare by Spaniards.

WASHINGTON, June 14.—Officers of the army and navy in Washington have been reluctant to believe that the Spanish troops who fought against the marines at Guantanamo were guilty of mutilating the bodies of the dead, but the evidence that they did so is conclusive.

Though the mutilation of the bodies is an act in flagrant violation of the rules of civilized warfare, it is not probable that the United States will take any official notice of the occurrence unless it is repeated. Should it be repeated this government would be justified in making representations to the powers protesting against the barbarous methods of Spain, but it is not probable that this will be done. It is not the policy of the United States to recognize the interest of any third power in the present war or to invite intervention in any way.

Every effort is to be made by the commanders of the American forces to prevent their men, who will naturally be made very indignant by the actions of the Spanish, from retaliating in the same way upon the dead of the enemy. Now that it is feared that the Spanish cannot be relied upon to wage war in accordance with civilized methods officers will be instructed to take extraordinary precautions to prevent their dead and wounded from falling into the hands of the enemy for it is not believed that the Spanish who would hack a dead body would hesitate to treat the wounded in the same way.

SUNK IN A COLLISION.

Steamship Line of North German Lloyd Line Sinks Schooner Gypsum Princess.

Special to Journal. NEW YORK, June 15.—The schooner Gypsum Princess, bound from Windsor, Nova Scotia, to New York, collided with the North German Lloyd steamship Ems last night, and was sunk.

The Captain and five of the crew of the schooner were lost, the rest being rescued by the steamship.
