## WAITING FOR TROOPS

### Attacks on Santiago and Manila When the Fleets Arrive.

#### Gen. Shafter's Men Probably With Admiral Sampson. Porto Rico Will Be Easier. Cadiz Fleet in the Mediterranean.

WASHINGTON, June 18.—Reports which have been received by the Navy Department from reliable sources abroad announce that the real destination of the Spanish ships in the Canary Islands, where they will receive orders as to their future destination. In some circles the prospect of the fleet proceeding to the Philippines was discussed, but it was pointed out that no colliers accompanied the squadron.

The departure of the ships from Cadiz leaves that port guarded only by two third class battleships Vittoria and Numancia, one torpedo vessel, an auxiliary cruiser and a large number of torpedo boats. In naval circles no doubt exists that the fleet has proceeded into the quiet waters of the Mediterranean for maneuvers.

#### For Porto Rico.

The work of getting away the Porto Rico expedition will not be so complicated nor perplexing as that incident to the Cuban. Recent difficulties have taught the officials many things about the best methods to pursue.

Two weeks at least will be the time required to secure the transports, select and mobilize the regiments required and equip the expedition for long service in Porto Rico. The army authorities expect that it will be away in that time, but have no hope that it will depart sooner. It is certain that when General Goppinger will be in command, and perhaps, General Lee, second in command.

#### Fleet Mighted.

According to a dispatch from Cape Hait, the fleet of transports with the American warships was sighted off the eastern end of Cuba and is expected to reach Admiral Sampson tonight.

#### Insurgents at Manila.

Aguinaldo says he does not expect to take the city until the United States troops arrive. The Spaniards have such great superiority of artillery that the insurgents cannot succeed in an attack on a walled city.

To guard against an assault by the rebels the small gunboat Cebu has been placed so as to command the bridge across the river Pasig, which divides the city. A large number of field guns have also been placed around the city walls.

Aguinaldo says the Spaniards have 35,000 troops in Manila. Information obtained from men in the field who have the best opportunities for observing the enemy, places the number under the Spanish flag at 7,000, of whom two thousand are volunteers who are useless as a fighting force.

The whole insurgent force then moved north to attack the Spanish positions outside of Manila city. Continuous fighting has been going on since, resulting in the rebels taking several towns on the coast. Towns north and east of Manila are now surrounded by the insurgents, who press the Spaniards hard, notwithstanding the latter's superior artillery.

## WILL BE STRICT.

## SENTINELS AT STATE CAMP ORDERED TO FIRE ON INTRUDERS.

### Results of Vaccination. Lieutenants go to Charleston. Resignation of Judge Norwood Explained.

JOURNAL BUREAU, Raleigh, N. C., June 18. Lieutenant Wm. E. Shipp's name is now being urged for the Brigadier-Generalship. The fact that he is young, but has seen active service will be in his favor.

Among the general orders issued yesterday by Col. W. H. Burgwynne were these: Sentinels will hereafter be supplied with ball cartridges to be used if it is necessary to enforce orders. A provost guard of 3 corporals and 9 privates is detailed to patrol the country around the camp, and at night in the city of Raleigh to arrest all who are absent from the camp without proper authority. There has been a good deal of slipping by the sentinels, by the soldiers, and coming into the city.

The ladies of Raleigh are to present a Hospital flag to the hospital at camp. The flag is to bear the number of the regiment and the sign of the Red Cross Society.

James B. Waddell, Company K, has had an act of congress passed discharging him from service, because he was needed at home.

In the drill yesterday two companies appeared without their guns as their vaccinated arms were too sore to handle them.

General Brooks, commander of this department has ordered Col. Burgwynne to designate six Lieutenants to go to Charleston, S. C., to receive instruction in artillery. The following are named: C. H. Whit, Lynan A. Deal, A. C. Avery, Jr., W. A. Farrier, J. B. Tillingshast and W. E. Meadows. They will go in a few days.

It is thought that the 2nd Regiment will recruit up to 1,550 by the 22nd. Its first strength was 975, that was 2 weeks ago.

Not very complimentary are the comments as to the proposition to have the appointment of Brigadier General given to Charles A. Cooke of Warren.

Postmaster C. T. Bailey is making an effort to have more letter carriers for the city. All the old ones will be retained, but they are too few in number to do the work satisfactorily. The Charlotte and Wilmington postmasters got an increase of salary, while Raleigh is to have increase of force. Raleigh post office handles about 20 per cent more mail matter than any other town in the State. Much of this is for the U. S. Departments, and the State Agricultural Department which is free.

At last the Governor has acknowledged that he has received and accepted the resignation of Judge Norwood. This resignation was unaltered to take effect when Judge Norwood should again be drinking on the bench after an investigation had been made. He was drinking and the resignation accepted and the office declared vacant without an investigation, so the Governor will probably have a little trouble with the judge before the matter is settled. He can only appoint until November when the people will elect a successor for the Judgeship.

#### ON THE DIAMOND.

### Results of the National League Baseball Games Played Yesterday.
