## THE SPANISH RETREAT.

All Men Landed and the Transports Returning to Tampa.

Queen Regent Dismisses the Court. Trouble to Fellow. Nine Steamships Bought to Carry Troops to Porto Rico. Reinforcements Hurdled.

### Before Santiago.

Special to Journal.

WASHINGTON, June 24.—The entire American army has disembarked from the transports and the Spaniards are in full retreat towards Santiago.

The Spanish forces concentrated at Sevilla, six miles from Juraguá.

The Cuban forces harassed the Spanish under General Linera. They attacked the Spanish in the rear and on the left flank. The Cuban soldiers skirmished all night and rendered efficient service.

The last of the heavy siege guns, horses and heavy war material is being landed on the dock at Baiquiri. The heavy artillery will be in place to bear on Santiago in two days, and the heavy siege guns first landed are being brought up to the front.

### Going to the Front.

The transport steamers have mostly sailed for Tampa to bring more troops to reinforce Gen. Shafter's army in the assault on Santiago.

Two thousand troops from Camp Alger to reinforce the army leave Saturday morning from Newport News for the Harvar.

From Port au Prince the report comes that the forward movement of the American army will cause the fall of Santiago tomorrow.

Full possession of the coast at Baiquiri is obtained. Over the block house in the town the Stars and Stripes was raised by Lazoite and Kerk of New York, who are in Roosevelt's Rough Riders Regiment. During the scene the band played "The Star-Spangled Banner."

"The Star-Spangled Banner" will be maintained by Shafter's army with the cable offices on shore, so that every foot of progress made will be known in Washington. A perfect system of signaling will enable the commands to be in close communication also with the fleet, which will take up a position off Santiago, ready for the combined assault by both branches of the service.

Two million cartridges were shipped to General Shafter today at Santiago. Nine ocean line steamships were purchased by the government today to be used as transports to Porto Rico in the attack planned against San Juan.

### Madrid Talk.

Advices from Madrid say that peace talk is heard on all sides now. In spite of threats from the Republic, the Queen Regent today signed a decree suspending the sittings of the Cortes. A strong debate took place among the members.

From Madrid come reports that yellow fever has attacked the American troops at Santiago. These reports are not confirmed.

### On the Sea.

American cruisers were again seen off San Juan where the fight was reported as having occurred yesterday.

In the attack by the Texas on the forts at Santiago in which great work was done by the vessel, one man was killed on the battleship. His name was F. O. Blakey an apprentice and he was buried at sea.

During the action the battleship ran close to shore and succeeded in taking the Zoepa battery on the flank. One hundred and thirty five six inch and twelve inch shells were fired. The Spanish forces were driven from Matanzas and the field batteries were driven from Zoepa, which was destroyed by a splendidly accurate fire.

Officers of the Yessava which lay opposite the Texas, say it was the finest marksmanship of the war.

### Far Away Manila.

Finally the date for the sailing of the

third Manila expedition is set for Monday.

The steamer Malaban has arrived at London with refugees from Cebu, Philippine Islands, which two Spanish gunboats had bombarded on account of the supposed sympathy of the inhabitants with the insurgents.

The monitor Monadnock finally sailed from San Francisco for Manila. The Monterey is already on the way there.

With these two monitors added to his fleet, and also the cruiser Charleston, which has probably arrived at Manila by this time, it is believed that Admiral Dewey will be fully able to cope with Camara. The Monadnock, which will be towed most of the way by the collier Nero, should arrive at Manila before Camara's ships if they ever really sail for that place.

### Fighting Their Way.

Off Santiago, June 23.—Hard, though desultory, fighting was going on in the mountains on all sides of Santiago last night. General Shafter continued landing his troops at the iron pier.

From hills back of Santiago nine hundred Cubans appeared and harassed the enemy. Two bodies of Spaniards were driven from the hills in this direction back upon Santiago. This was only done after a desperate fight, in which twenty Spaniards are said to have been killed and twice that number wounded.

The Spaniards have plenty of ammunition, but show the effects of the terrible strain under which they must have been since the appearance of the American troops.

Cubans who came out of Santiago last night report that the city is suffering terribly. Hunger is encroaching upon citizens and soldiers alike. The citizens of Santiago are already petitioning the governor that surrender be made without further fighting.

### All Landed Safely.

WASHINGTON, June 23.—General Shafter officially communicated to the War Department this afternoon information of the successful landing of the last of his men early this morning without accident or incident of importance.

The landing was opposed only by stray shots fired at great range by Spanish bushwhackers which did no damage to the soldiers or the fleet, the latter having shelled the shore all of yesterday and until late in the evening to prevent Spanish interference with the expedition.

The Spanish retreated to the mountains. General Shafter's message stated that after eighteen hours of almost constant work by the fleet and the transports the soldiers were safely put on shore with the greater part of their equipment, field guns and animals. The work of the navy in assisting in the debarkation and in effectively preventing the Spanish from annoying the soldiers while on the way from ships to shore is favorably mentioned by General Shafter, as well as the conduct of the commanding officers in hastening the work.

### STATE TROOPS.

Second Regiment Being Paid. Appointments For Colored Regiment. Wake County Funds. Battle Ground at Moore's Creek. Naval Reserves Paymaster.

### JOURNAL BUREAU.

Raleigh, N. C., June 24

Paymaster Mecklenburg reached here today to pay off the Second Regiment. This is more than joyful news for the men.

There are thirty-eight men in the Hospital and some of them are very sick. One it is feared has typhoid fever.

One of the officers of the regiment accidentally cut his face badly, by falling forward on his sword.

The colored soldiers after all will be sent to Fort Macon. They will go on June 30th. Two of the regimental officers will be appointed respectively from Halifax and Edgecombe counties on account of their big negro population. The following will probably be appointed: Colonel, James Young, Raleigh; Lieut. Colonel, C. S. L. A. Taylor, Charlotte; Major 1st Battalion, A. J. Haywood or J. E. Hamlin, Raleigh; Major 2nd Battalion goes to Halifax and of the 2nd goes to Edgecombe county. The Statesville colored band will be the regimental band and will be ordered down very soon.

General Cowles is rapidly improving. He hopes to be able to ride out in a few days.

Fifteen recruits passed through Raleigh yesterday for Jacksonville, Fla., for the 1st Regiment. The new recruits for the Second Regiment drill regularly. Their vaccinations have not as yet disabled them.

There is a pretty state of affairs as far as the county funds go. Treasurer Knight says the treasury is empty, and he has borrowed of the school fund, for running the county expenses \$2,500.

This fund is to be used only for school purposes, but Treasurer Knight says the board of county commissioners told him to use the money and they would refund it, but so far have failed to do so. Wake county school is at present in no go.

The Governor has commuted the death sentence of William "Boss" who was convicted of burglary in 1897, from Cleveland county.

Mr. Will Coley who was recently connected with the Morning Post has become the editor of the Orphan's Friend of Oxford.

The Southern conservatory of Music is to be established at Durham. All branches of music will be taught, and it will be under the superintendency of Prof. and Mrs. Bryant, the former musical professor at Peace Institute. There will be a branch studio in Raleigh and Mr. and Mrs. Bryant will spend certain days in Raleigh, and give lessons here also.

The work of recruiting the Second Regiment has rather lagged here lately. It has not yet reached the required number.

Secretary of State Thompson has closed the deal for the purchase by the State, of the historic battle ground of Moore's Creek in Pender county. The legislature made an appropriation for this purchase. A granite monument 154 feet now marks the battle between the Scotch Highlanders, and the continental troops.

Hospital Steward Thrash of the 2nd Regiment was dropped today, and W. S. Green hospital private promoted in his place.

So far no leggings or cartridge belts have been issued to the Second Regiment.

The returning of the rifles to the different armories in the State from which they were taken, will begin in a few days.

O. A. Wiggins has been commissioned paymaster of the Naval Reserves, and James E. Morrison as aide to Lt. Commander Morton.

The Western Union and Postal telegraph Companies are having a fight as to right of way along the railroad track from Raleigh to Greensboro, and from Greensboro to Charlotte.
