Respectfully, **J. R. PARKER, JR.,** Wholesale and Retail Grocer. Phone 60. 77 Broad Street.

CITY HAS FALLEN.

Santiago Believed to Have Been Taken by Our Army.

BUT AT A TERRIBLE COST.

Two Thousand Americans Reported Dead.

The Fight Raged All Day Yesterday Along Entrenched Lines.

SPANISH FLEET RAKES AMERICAN LINE OF BATTLE.

SAMPSON MAKES AN ATTACK

At Washington Victory is Believed in. President in Communication With General Shafter. Dewey Does Not Report Arrival of Reinforcements.

A Great Battle.

WASHINGTON, July 1.—The battle of Santiago has raged all day along the line of entrenchments in front of the city. At one o'clock this afternoon, after five hours of fierce fighting the Spaniards began to leave the entrenchments before the assaults of the Americans and to retreat into Santiago. General Shafter has possession of the cable line and probably no further news of the battle will be sent from Playa del Este except what is purely military. Only one of the despatches of General Shafter have been given out by the Department.

At the Signal office the following was received from an officer at the front: "American troops have driven Spanish back, wounded being brought in right along." The news of the battle sent from Siboney, the headquarters of General Shafter and General Wheeler, five miles distant from Santiago, up to half past three this afternoon was as follows: "The attack on the suburbs of Santiago began at seven o'clock this morning. A general engagement continued all along the American front which extended for five miles. The American Army numbered eleven thousand four hundred men with several thousand Cubans under General Castillo. As the battle progressed many wounded Americans and Cubans were being taken to the rear. The vessels of Cervera's fleet trained their guns from the harbor upon the American lines. In reply Admiral Sampson opened up a terrible bombardment from his fleet at the harbor entrance. The guns of the fleet poured shells against everything in sight and tried to force an entrance into the harbor to destroy Cervera and attack Santiago."

Fallen 1 It is believed in Washington tonight that Santiago has fallen. President McKinley and his Cabinet are greatly excited over the news from the front. The President is in direct communication with General Shafter. The rumor is in circulation that two thousand Americans were killed in the assaults upon the Spanish entrenchments but that the Spaniards were driven out and that the city itself had fallen. Confirmation of the news is received from Halifax which has cable communication with Santiago, and the dispatch said that the Spaniards were then fleeing and the city was doomed.

For Spanish Cases. The departure of Commodore Watson with his fleet to attack the coast cities of Spain is set for next Wednesday, on which day he will sail for Gibraltar. Advice from Admiral Dewey at Manila under date of June 27th, make no mention of reinforcements having arrived. The refusal of Capt. to Admiral Canaris

at Port Said and the delay there is to the advantage of Admiral Dewey if Canaris is still in reality bound for the Philippines, for it ensures the arrival of almost the whole of General Merritt's military force and almost certainly of the cruiser Charleston and the monitors Monterey and Monadnock before the Spanish squadron can reach Manila. The cruiser St. Louis has arrived at New York to take on her big guns.

Paid Canal Dues. NEW YORK, June 30.—The officials are convinced that nothing short of a miracle can stop Admiral Canaris's squadron from continuing its voyage to the Philippines. The Spanish commander, has paid the tonnage dues prescribed by the canal regulation and is preparing to pass through the canal. Official information to this effect was received by the State Department today from Consular Agent Broadbent at Port Said. Mr. Broadbent informed the department that Admiral Canaris had paid \$100,000 in bills on France, which were accepted by the canal commissioners and arrangements are being made for the passage of his ships through the canal.

Guantanamo Suffers. CAMP McCALLA, Guantanamo Bay, June 12.—It is apparent from information collected in letters found on Spanish spies that the condition of the enemy in the town of Guantanamo is desperate. Not only are the Spaniards in this vicinity shut off from communication with Santiago, but they are fast running out of food. From Spanish sources comes the information that, although the local troops have been put on half rations, the supply will barely hold out until the end of this month.

To Punish Canaris. NEW YORK, June 30.—The Herald has the following dispatch from Washington: If not the prey of Rear Admiral Dewey's men-of-war, Admiral Canaris's fleet will be the victim of the squadron under the command of Commodore Watson.

Its primary duty will be to follow Admiral Canaris and to destroy his command, provided he has not already met his fate at the hands of the Asiatic squadron. This may involve encircling the globe. The gigantic task which is before Commodore Watson is not lightly entered upon. The Navy Department at the instance of the naval war board is making all preparations to provide the fleet with an ample supply of coal and with fresh meats and vegetables and a supply of ice. Under the instructions given by the department each vessel will take on board sufficient supplies to last for four months. The coilers will receive batteries which will enable them to protect themselves and to do a little offensive work if necessary.

Dynamite Was Used. General Shafter's Headquarters, (via Playa del Este,) June 30.—Another notable achievement has been placed to the credit of the Rough Riders, who under the direction of Sergeant Hallett also Borrows, who left the superintendent of a Jersey railroad to become a soldier, have dragged a heavy dynamite gun as far as Sevilla. This was a task requiring almost superhuman effort, but Sergeant Borrows's men went at it with great determination. Slowly they made their way up the mountain paths, past the field upon which several of their companions fell last Friday, and on down to Sevilla. Great things are expected of them as a result of this successful effort, Sergeant Borrows and his men will be depended upon to do destructive work when the attack on Santiago's defenses begins.

ON THE DIAMOND.

THE STATE CAPITAL.

Hucksters Beat Soldiers. Col. Burgwynne Entertains. One Way to Evade Civil Service Law. Cruiser Raleigh's Valiant Fight at Manila.

JOURNAL BUREAU. RALEIGH, N. C., July 1. It was stated a few days ago that only 25 more men were needed to bring the 2nd Regiment up to its required strength of 1,350. Now it is said 61 more are needed. Why such conflicting reports are given out it is hard to say. The council of administration met yesterday and recommended prices that hucksters at the camp should charge for certain articles. As soon as the men were paid off, the other day these hucksters advanced the price of different things. Several cases of desertion were tried by court martial at Camp Russell today. There was a fine inspection drill yesterday at Camp Russell instead of dress parade. Colonel Burgwynne on Thursday night entertained a party of ladies from Washington city, at supper. It was some thing novel to the ladies, and was greatly enjoyed. Col. Burgwynne, and his staff of officers all know how to make their guests feel at home—and pretty women surrounded by handsome men in their uniforms make an attractive picture.

The war tax has begun and all checks, drafts, etc., have to have a 2 cent internal revenue stamp upon them. The case against George H. Glass for forgery and embezzlement while manager of the Bell Telephone company has been postponed for hearing until July 9th. Today it became known that by a ruling of the commissioners of internal revenue, all the field deputies were dropped, taken from under civil service, and supplanted by Republicans, and that all the office force by clerks were changed in designation from clerks to deputy collectors, this taking them from under civil service protection. The collector has the right to appoint. Three of the old clerks are retained. There are to be two new deputies permanent, and five additional ones to be appointed for 4 months. There are now 12 field officers and 5 office clerks to be changed. The collector has been very quiet about this. It is learned today that Henry M. Miller died at Norfolk, Va., yesterday. He was born in Raleigh and was the oldest son of the late Henry W. Miller, one of the most gifted men at the North Carolina bar. The tobacco crop all in this section is particularly fine. The railroad commission did not reduce the assessment on any single road in the State. The State Treasurer has the report of the 27 National banks in this State showing loans and discounts of \$6,744,843, U. S. Bonds \$98,000, specie \$78,000, aggregate resources \$11,088,000, capital stock paid in \$2,670,000, surplus \$407,000, undivided profits \$363,000, National Bank notes outstanding \$304,000, undivided deposits subject to check \$5,712,000.

A letter has been received from Mr. Jernigan, Consul at Shanghai, China, in which he gives assurance of how well the cruiser Raleigh did her part at the battle of Manila. He says she was in the thickest of the fight and adds that the punch bowl was not damaged at all. This last will be bad news to some people who criticized so harshly the committee who selected the punch bowl. Col. Cowles today went up to his office in the Capitol and attended to some Adjutant General business.

ROYAL BAKING POWDER Absolutely Pure

Notice of Sale!

Pursuant to a judgment rendered at the February term of the Craven county Superior court in a suit for the foreclosure of a mortgage, wherein Mark Dismore is plaintiff and Frederick Douglas is defendant, I will on the first day of August, 1898, at the court house door in New Berne at 12 o'clock m., sell at public auction to the highest bidder for cash the following described land, to-wit: One piece or parcel of land on the south side of Bryan street in the city of New Berne, beginning on Bryan street in the city of New Berne, and runs thence east 116 feet to J. W. Walker's line; thence south along said Walker's line 45 feet to Levy Casaday's line; thence west 114 feet to Bryan street thence north along said Bryan street to the beginning. For fuller description see Deed book No. 90, page 530 Craven county records. **H. W. WILLIAMSON, Commissioner.** June 25, 1898.
