## NO ENDORSEMENT.

By State Republican Convention  
Thought Prob.ble.

Governor's New Hanover Endorsement. Troops From Tampa to Asheville. Populist Buzz-boo Book. Weekly Crop Bulletin.

JOURNAL BUREAU.  
RALEIGH, N. C., July 19.

A prominent Republican says, that in the convention on tomorrow a resolution endorsing President McKinley and Senator Pritchard must of necessity have the name of Governor Russell attached and as there is so much opposition to the administration of the Governor that to avoid any discussion before the convention on that subject it is probable that no resolution endorsing any body will be introduced. Possibly no action will be taken regarding the National platform. All who favor the present form of county government, and the present election law will be asked to co-operate with the party. It is not expected that there will be a large convention.

Governor Russell has received endorsements of his administration from the negroes of New Hanover county his home and this it is said was obtained only through his work to put the negro regiment forward and to obtain negro officers, no matter how incompetent they may be.

The appointment of David Bagley, brother of Worth Bagley, to Annapolis, has been postponed by Congress until its next session. It was hoped that he and several others would be appointed at once.

The result of the decision of the trustees of Trinity college in the Clark-Kilgo controversy is looked for with much interest.

A report is in circulation here that there is so much sickness in the camp at Tampa that it is probable the troops will be moved from there to Asheville N. C. An officer in a Georgia regiment wrote this to a friend here in Raleigh.

"The Populist Campaign Book" is just from the publishers and is entitled, "Is the Democratic Party Honest." It charges the Democrats with stealing in 1860 the Populist platform adopted at Omaha in 1892, and then not recognizing the Populist after "the steal." It accuses the State Democratic Convention of June 26, 1898 of stealing the Populist platform of May 17, 1898. State Auditor H. W. Ayer is said to be the author of this 24 page "jewel."

There are now 4 regiments of the State Guard, but they will be consolidated in 3 regiments of 10 companies each; each company to have 3 officers and 60 men.

The State will be divided into three districts by lines running North and South.

The Adjutant General will this week make a requisition for 1800 each of blouses, trousers, caps, blanket bags, etc. Everything will be new for the new regiments except the guns and cartridge belts.

It is said that the provisional companies for the State Guard, that it was proposed to raise is hard to get.

Governor Russell makes complaint to the war department against Lt. Harlowe mustering in officer for the negro regiment for not giving rejected men transportation home.

This morning Browning was acquitted and released to the Superior Court of the charge of murdering his father-in-law, Strickland last spring. There was the strongest hope all along that the jury would render a verdict of "not guilty." When the verdict was brought in the jury was applauded.

The Carrollton was opened yesterday and an elegant dinner served the guests in Raleigh's new hotel.

Judge Ewart's resignation as judge of the Western Criminal circuit was not received in the Governor's office until on Monday. He wanted to be sure of the U. S. Judgeship before he turned loose the State Judgeship.

The Weekly Crop Bulletin for the week ending Monday, July 18th, says:

The week ending Monday, July 18th, was characterized by cool, generally cloudy, rainy weather. The rainfall occurred in almost daily showers and was sufficient to keep soil too wet to plow in most sections. These were excessive in a few scattered counties, chiefly on the northeast coast and in the mountain region, which injured crops, especially bottom lands, besides washing hill-sides considerably, and these heavy rains brought the average for the week, 1.45 inches, slightly above the normal, notwithstanding the fact that over a large majority of counties the rainfall was light. The first three days of the week were very cool, averaging nearly 5 degrees below the normal daily, but there followed a gradual rise in the temperature to above normal, with some records above 90. Absolute cloudiness was followed during the latter part of the week by frequent periods of sunshine, and some work was done after Friday. Less damage to crops was reported than expected. The absence of sunshine caused rapid growth of vegetation, of grass and weeds as well as crops, which need clean-

ing. Laying by was interrupted but will be completed with a week of fair weather.

Corn was damaged by too much water in low lands, and is doing poorly where not properly killed, but in general the crop is in excellent condition; it is earing well and promises a large yield. There has been too much rain and cool weather for cotton. In some sections it has been injured and is making too much weed, but, while still remaining below the average, is now improving. There is not much shedding; the plants are full of squares, but without many grown bolls. Tobacco has done fairly well. Cutting and curing continue in the east and cutting has begun in the central counties. This crop is poor in portions of Person county.

Threshing small grains continues. Some of the last cut spring oats were damaged in shock. The peanut crop is fairly promising. Rice, sweet potatoes and field peas are excellent. Gardens and late crops have improved. Melons are ripening slowly. Peaches are rotting badly.

The following amounts of rainfall for the week were reported: Pantego, 1.80 inches; Greenville, 0.45; Richlands, 4.25; Shannon, 0.75; Shallotte, 1.37; Mt. Olive, 1.50; Wilmington, 1.49; Soapstone Mount, 0.31; Auburn, 0.78; Arcola, 0.50; Saxon, 0.70; Raleigh, 1.96; Monroe, 0.74; Marion, 3.79; Charlotte, 0.78; Biltmore, 2.58; Seale, 3.05; Absbers, 0.34; Mt. Pleasant, 0.75.

### Verdict Not Guilty.

Special to Journal.

RALEIGH, N. C., July 19.—This morning the jury of the Wake county Superior court rendered a verdict of not guilty in the murder case of State vs. Browning. The trial has attracted wide spread attention throughout the State. The killing was aggravated by the circumstances, the deceased being the father-in-law of the defendant Browning. The prosecution was forcibly pushed by E. W. Poy, solicitor, and Armistead Jones, Esq. The defendant was ably represented by Messrs. Simmons, Poy & Ward and C. L. Harris Esq.

Mr. Simmons made one of the best speeches ever heard here and was highly complimented by the members of the bar.

Judge Bryan, presiding judge at this term of the court, gave great satisfaction to both lawyers and litigants who have experienced in time past some of the weaker lights of the bench.

## REASONS

FOR HASTE.

Porto Rico to be Seized Before  
Spain Sues For Peace.

## WHO GET THE SHIPS?

Sampson and Shafter Both Claim  
them as Prizes.

Yellow Fever Reported at Tampa.  
Large Army For Porto Rico.  
Large Force Surrendered at  
Santiago. Enlate Released on Parole.

Special to Journal.

WASHINGTON, July 19.—The report of General Shafter is that the number of Spanish prisoners surrendered by General Toral in Santiago is twenty two thousand, seven hundred and eighty nine.

The number of rifles turned over was ten thousand with ten million rounds of ammunition. The Spanish force surrendered to General Shafter is larger than the American army that surrounded the city.

Six prize ships were taken in Santiago harbor at the fall of the city. They were claimed by Admiral Sampson as being the spoils of war of the navy. General Shafter, however, would not give them up, claiming their capture as due to the success of the land forces.

The victory of Santiago will be succeeded as quickly as possible by another equally as brilliant at San Juan and no time will be lost in forwarding troops and artillery for the prompt seizure of the city when the attack by land and sea begins.

The government is exceedingly anxious to get the troops landed on Porto Rican soil before Spain may sue for peace and the United States could not claim actual possession.

The point where the first party will be put ashore is at a southern point on the coast of the island, and is not far distant from San Juan. There it will remain until reinforced by the arrival of the first installment, which will consist of at least 8000 men, followed at once by the main body under Brooke.

The eight thousand of the advance guard to go at once with General Miles will be followed in ten days by thirty thousand more. Generals Brooke, Coppinger and Fitzhugh Lee will command the different corps. General Miles did not get away from Siboney yesterday on the cruiser Yale for Porto Rico but was ready to go today.

General Miles will land and seize a base in anticipation of the coming of the other troops. The point selected is said to be about thirty miles from San Juan.

Several mild cases of fever, supposed to be yellow fever are reported at Tampa. The camp there will be abandoned for Fernandina.

The troops at Santiago will not be used for the Porto Rico expedition. They will be taken back into the mountains, given a good rest and then used in operations against the Spanish troops at Holguin and Manzanillo, and may march westward across the island.

Sylvester Scoville the correspondent of the New York World will be deported. He was put under arrest after the fall of Santiago for the wanton act of slapping General Shafter in the face.

Captain Enlate of the Vizcaya has been released on verbal parole at Annapolis on the same terms as Admiral Cervera. Enlate claimed that he was entitled to the same treatment given to Cervera and refused to sign a parole.

Experience teaches governments as well as individuals. When the campaign against Santiago was started it was the opinion of those on the inside of the administration circle, and was publicly stated in a semi-official way, that it was the intention of the government, after Santiago was taken, to withdraw all our troops, except possibly a regiment or two left for show, and allow the Cubans to establish their civil government in the town—to make it the capital of the Republic of Cuba.

Opinions have changed since then, although only a short time has passed. The Cuban insurgents do not stand as high in the estimation of the administration, either in a fighting or peaceful capacity, as they did. In the tests which have been applied to them, they failed to come up to expectations. Consequently, Santiago will remain under United States military control until further notice, instead of being turned over to the Cubans.

## WINE OF CARDUI

FOR ALL WOMEN

NINE-TENTHS of all the pain and sickness from which women suffer is caused by weakness or derangement of the organs of menstruation. Nearly always when a woman is not well these organs are affected. But when they are strong and healthy a woman is very seldom sick.

Is nature's provision for the regulation of the menstrual function. It cures all "female troubles." It is equally effective for the girl in her teens, the young wife with domestic and maternal cares, and the woman approaching the period known as the "Change of Life." They all need it. They are all benefited by it.

For advice in cases requiring special directions, address, giving symptoms, the "Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

THOS. J. COOPER, Tupelo, Miss., says: "My sister suffered from very irregular and painful menstruation and doctors could not relieve her. Wine of Cardui entirely cured her and also helped my mother through the Change of Life."

WINE OF CARDUI

## Summer Outing Outfits

Are never complete without Todd's Requisite. We have Gold Cream, Vaniline Cold Cream, Magnolia Balm, Madam's Scented Tan Eradicator, Mrs. Gouling's Curling Cream, Amolia Face Lotion and others too numerous to mention. Don't fail to get them before leaving from
