**GENERAL MILES SENDS REPORTS.**

The Island is a Garden Spot. Weather Fine and Troops in Good Spirits. Ponce in Possession. More Spanish Prizes Taken.

Special to Journal. WASHINGTON, July 29.—The following cable has been received at the War Department from General Miles:

"Port Ponce, Porto Rico, via St. Thomas, July 29, 1:30 a. m."  
On the 26th the garrison had spirited engagement with Spanish troops. Our casualties were four wounded. All are doing well. The Spanish lost three killed and thirteen wounded.

Gauco was occupied yesterday. Henry's division is there today.

Last evening the Vixen ran into port, Ponce, followed by Captain Higginson, with his fleet early this morning. General Wilson and Ernst's Brigade are now rapidly disembarking.

The Spanish troops are retreating from the southern part of Porto Rico, Ponce and the port, with a population of 50,000 are under the American flag.

The populace received our troops and saluted the flag with wild enthusiasm.

The navy has taken several prizes and seventy lighters. The railways which were destroyed are now restored.

This is a prosperous and beautiful country. The army will soon be in the mountain region. The weather is delightful and the troops are in the best of spirits and anticipate no insurmountable difficulty in the future results. Thus far every object has been accomplished without loss of life." (Signed) NATHAN A. MILES.

The following cable has also been received at the War Department from General Miles at Ponce, Porto Rico.

"In the affair of the 26th, Captain Gibson, Captain Prior, private Drummond and private Bastie were wounded, all of the Sixth Massachusetts. All are doing well.

The Spanish retreat was precipitous, they leaving their rifles, and ammunition in their barracks and fifty sick men in the hospital. The people are enjoying a holiday in honor of our arrival."

"MILES."

**Montlake's Millions.**  
Seattle, Wash., July 27.—Over \$300,000 in gold has reached Seattle via the steamers Rosalie and City of Kingston, just arrived, which increases the total gold importation this month to \$9,811,000. The Cosalle's passengers report a great sport in demand for claims on Dominion and Sulphur Creeks, where they sell for from \$25,000 to \$40,000 each.

**Talk at Madrid.**  
Madrid, July 27.—Duke Almodovar today respecting the prospects of peace negotiations said:

"Unless unforeseen events oblige it to resign, the present Cabinet will remain in office until the events of war enable it to make overtures for peace direct to President McKinley, through the French or Austrian Ambassadors at Washington."

"If we fall in securing acceptable conditions we shall retire. The Queen Regent then will probably form a military Cabinet and seek the support of the Powers at any cost."

"Are not negotiations already afoot at Washington?"  
"The French Ambassador is fully authorized to make overtures for direct negotiations, and has already done so."

"What terms would Spain suggest for settlement?"  
"It is for the United States to propose terms, and it depends on what she proposes whether negotiations will follow. We have as yet no definite peace proposals to put forward."

Spain is fast getting hard up for ways and means. Financial papers say that if the war lasts until the end of August a forced paper currency will have to be decreed. The Government has exhausted all of its available supplies under the authorizations voted by the Cortes, and it will have to issue Treasury bonds at a much higher rate of interest and suspend the interest on certain debts.

Foreign or native loans are out of the question. Still expenditure continues at the rate of \$35,000,000 monthly. The Bank of Spain only gives silver for small notes limited in quantity.

**To Raise The Colors.**  
NORFOLK, VA., July 28.—The Merritt Wrecking Company will send a second expedition out from Norfolk late tonight or tomorrow morning bound for Santiago, with a full wrecking outfit, to work on the Spanish cruiser Christobal Colon. The expedition is the outcome of Lieutenant Hobson's present trip to the United States. The expedition will go on the German steamer Senior, which is under charter by the wrecking company. No pontoons will be towed down on this trip, but will be taken hence later, when the job is ready for them.

**England Peace Comment.**  
LONDON, July 29.—The Times, commenting editorially upon the suggestion of the National Gazette, that the United States have not won a victory signal enough to warrant the hard terms they would impose, says: "This suggestion from would-be friends of Spain merely shows that these critics fail to grasp the military significance of America's sea power. Only by prompt and straight forward dealings with President McKinley can Spain hope to prevent the fruition of American imperial policy in the Pacific, the advantages of which even peace-loving moderate Americans cannot ignore."

The Daily Mail says this morning: "With the remarkable speech of United States Senator Davis, of St. Paul, two peoples have buried the past. Senator Davis' speech is a final and complete answer to the speech of Mr. Chamberlain at Birmingham. England has no need to go whining for an alliance. For some years her navy has been strengthened, the over-sea possessions of America must be held more or less on sufferance, with the certainty that the British fleet is on the side of our kinsmen, all peril to the United States vanishes."

**SEVENTH SOLDIER DIES.**  
At Camp in Raleigh. Percentages of Troops For July. Ponce For Gun given by Cruiser Raleigh.

JOURNAL BUREAU, Raleigh, N. C., July 29  
The seventh soldier has died at Camp Russell. This time it is private Pearce of the Wilmington Company. He had typhoid pneumonia. His father got here just a few hours after his death last night.

The company for Landsea and the one for Tybee Island will leave here on Sunday but the four companies for St. Simons Island will not go until the middle of next week, for as no troops have been quartered there full supplies will have to be sent ahead.

One of the Second Regiment N. C. V. who went to Tybee Island two weeks ago died yesterday at Savannah in the hospital from typhoid fever and Battalion Adjutant Wooten who went to Ft. Francis Barrack, Fla. has typhoid fever also.

The State crop report issued by the Agricultural Department gives the following percentage of condition of crops for July. Cotton 86; tobacco 84; Corn 94; peanuts 87; rice 92; Irish potatoes 82; sweet potatoes, 90; peaches 74; apples 76; grapes 84; gardens, 82.
