JOHN DUNN,

JUDGE BOYKIN DEAD.

Sudden Death of This Well known North Carolinian.

First Bale of New Cotton. Crop Report for August. Good Ticket Nominated. Sanctification A Baptist Issue.

JOURNAL BUREAU, Raleigh, N. C., August 29.

The news of the sudden death of ex-Judge Edward L. Boykin on Saturday was a shock to the entire community. Judge Boykin left here on Friday to speak at some places down in Harnett county in the Democratic campaign. He spoke on Friday, and Friday night went to Dunn, Harnett county where he was to speak on Saturday. He was found unconscious in his room Saturday morning and died a few hours later, before any of his family could reach him. He was brought here early yesterday morning, and in the afternoon was carried to Concord where he was buried today. Judge Boykin was from Sampson county, was State Senator at one time from that district, afterwards appointed Superior court Judge. He resigned the Judgeship several years ago and about two years ago moved here, and opened a law office with Mr. Armistead Jones. He leaves a wife and three children, his oldest son being in the First North Carolina Regiment at Jacksonville. Johnson and Thompson leading cotton merchants, bought the first bale of new cotton, which appeared on the market on Saturday. The cotton was grown in Johnston county, weighed 522 pounds and brought 5 cents per pound.

The Southern Electric company of Charlotte was chartered on Saturday. They will handle all sorts of electrical machinery and supplies, and the installation of electrical plants.

The crop report of the State Agricultural Department for August gathered from 1007 correspondents give the percentage of crops as follows: Cotton 88 1/2, tobacco 89 1/2, corn 88 1/2, sweet potatoes 84 1/2, Irish potatoes 87 1/2, peaches 75, grapes 90 1/2, apples 78, pecans 78 1/2, rice 90 1/2.

There is a "brick famine" here with an immense amount of building going on. Bricks are not to be had. The same thing happened last year. A brick maker with capital sufficient to run the business would do well here.

The entire Democratic county ticket as nominated on Saturday is a winning one. County officers, legislators and county commissioners are all very acceptable to the people.

There is still uncertainty as to the fate of the 1st and 2nd Regiments of North Carolina troops. The 1st (in gross) will be almost sure to be mustered out.

Mr. Bussey, the New York artist, has a very fine exhibit of portraits here.

It is remarkable how little "let up" there has been in business here all the summer and the fall outlook is particularly encouraging. The wet weather may so affect crops that business will feel it later, but there are still hopes of a sunny dry spell in a short time.

Dr. George T. Winston, formerly president of the North Carolina University, but now president of the University of Texas is in this State with his family on a visit. Dr. Winston is always sure of a welcome here.

The Baptists are now making an issue as to the matter of "sanctification" as did the Methodists some while back. The Methodists generally did not favor it. Rev. Dr. Broughton a Baptist minister, who is somewhat inclined to be a "sensationalist" in a speech before the Baptist Chautauque at Shelby favored this doctrine, and the Editor of the Biblical Recorder of course took issue with him.

Captain Cooper, 2nd Regiment against whom charges were made of bad conduct, etc., has resigned, and today passed here on his way to his home at Murphy. Two of the officers of the Asheville company have also resigned.

THE Czar's PROPOSAL.

The Great Sanction of His Proposition of Disarmament. The Pope Approves It. Special to Journal.

New York, August 29.—High officials at Washington are of the opinion that the peace proposition of the Czar for an international conference looking towards a reduction of the great standing armies of Europe is caused by his apprehension regarding a conflict in the east.

The burden of Russia's debt is beyond the present ability of the nation to provide for. Her vast enterprises in the east are a great drain on the national resources.

The Pope has wired the Czar his thanks for the peace proposition.

LONDON, August 29.—The Czar's proposition that an international conference be held for the purpose of securing real and lasting peace among the powers and the ending of the immense armaments, as conveyed in a note from Count Muraviev to the foreign dispatch at St. Petersburg, has produced a sensation throughout Europe.

Counting down such a year and with

such evident sincerity of purpose, it is likely to have important effects. Diplomats here are surprised.

There is no doubt that with Russia taking the lead in such a step, Germany, France and other nations will be ready to follow.

The Times says editorially: "The note breathes a spirit of generous, perhaps, indeed, almost quixotic humanity—a spirit familiar in the effusions of visionaries, but too seldom found in the utterances of great sovereigns and responsible statesmen. Never, perhaps, in modern history have aspirations, which good men in all ages have regarded as at once ideal and unattainable, found so responsive an echo in the counsels of one of the greatest and most powerful of the world's rulers. In principle the proposals of the Czar, put forth on a solemn occasion with every mark of disinterested sincerity, will command the sympathy and respect of all men of good will."

RETURN IS HONORED.

The 71st Regiment Given a Great Reception in New York.

Sorrowful Condition of the Men. Soldiers in Porto Rico Report Badly Off. Many are on Their Return.

Special to Journal.

WASHINGTON, D. C., August 29.—New York City gave a splendid reception to the soldiers of the 71st Regiment on their return today.

Only 270 men of the regiment were able to march. Several of them fainted in the ranks. Others rode in the cable cars so as to take part in the return.

There is no longer any adverse criticism of the conduct of the boys before Santiago, the stories of cowardice being generally discredited.

Emaciated from insufficient food and a prey to almost every ill that flesh is heir to, the soldiers from Camp Wikoff, at Montauk Point, dropped in the streets and half a dozen new cases of soldiers' ill with fever are recorded in nearly every city hospital.

It was a common sight today to see pale and exhausted soldiers, in muddy uniforms, loitering along the streets leaning heavily on the arms of friends.

The Porto Rico Army.

Representative Wadsworth has just returned from Porto Rico and told Secretary Alger today that sickness of the troops on that island is becoming as bad as it was at Santiago. He says that ten per cent of the men are suffering from typhoid and malarial fevers.

The Department officials called General Miles to embark immediately all troops that can be spared from service on the island.

General Miles and eight companies of the Second Wisconsin will leave on the Olden Tuesday night, and the Fourth Pennsylvania will go Wednesday. His own, Illinois and Indiana batteries will sail Friday and the Sixth Illinois on Saturday.

It is proposed to have the whole detachment, five thousand strong, land in Brooklyn, rest a few days, and parade across the bridge, through Wall street and on Broadway and Fifth avenue to Central Park.

General Miles is preparing to move to New York. One hundred wounded have been sent from Porto Rico to Elm to receive proper medical attention. The remainder
